Protection Security And Safeguards Practical Approaches And Perspectives:

State Looteries Kasey Henricks, David G. Embrick, 2016-08-12 Fifty years ago familiar images of the lottery would have been strange as no state lottery existed then Few researchers have uncovered the obscure role lotteries play in the changing composition of American taxation Even less is known about what role race plays in this process More than simply taxing those on the social margins the emergence of state lotteries in contemporary American history represents something much more fundamental about state fiscal policy This book not only uncovers the underlying racial factors that contextualize lottery proliferation in the U S but also reveals the racial consequences that lotteries have in terms of redistributing tax liability

Celebrity Protection and Touring Elijah Shaw, Dale June, 2018-10 Introduction to Celebrity Protection and Touring offers a peek behind the scenes of the close protection industry more commonly known as the bodyguard business More than the stereotypical bullet blocker the modern protection specialist is a skilled practitioner who utilizes verbal judo much more than its physical counterpart This book written by industry experts Elijah Shaw and Dale June also narrows the focus centering in on an exciting but misunderstood sector that involves working with celebrities ranging from actors to musicians and entering into their world of touring filming and promotional appearances While many may think that celebrity protection is one size fits all nothing could be further from the truth as you are not only dealing with the protection of the client but the client's reputation All this with the added pressure of the entire world looking over your shoulder just waiting for a misstep With real world advice tactics and techniques on how to identify and defeat potential attackers as well as covering everything from dealing with overzealous fans to hyper aggressive paparazzi this book offers proven solutions from two experts that have covered the gambit from the Grammy Awards to the White House

Practical Police Psychology Laurence Miller, 2006

What They Didn't Teach at the Academy Dale L. June, 2017-07-27 While professional courses and how to manuals can prepare us for expected events that will occur in the course of our careers there remains an untapped reservoir of life experience that cannot be prepared for in training or study Revised to include more information on analytical models for wavelength independence Radiation Heat Transfer Augmented Edition has been rearranged providing problems within each chapter rather than at the end of the book Written by Ephraim M Sparrow a generalist who works on a very broad range of problems that encompasses almost all mechanical engineering topics the book presents key ideas without being exhaustive Sparrow is in charge of the Laboratory for Heat Transfer and Fluid Flow Practice whose function is to undertake both industrially based and fundamental problems that fall within the bounds of heat transfer and fluid flow

The Re-Evolution of American Street Gangs Dale L. June, Mohamad Khatibloo, Gregorio Estevane, 2015-09-25 The problem of gangs and gang subculture is a growing threat to the stability of neighborhoods and entire communities During the past two decades gang members have increasingly migrated from large urban centers to suburban areas and other countries This book addresses the intricacies and diversities of street gangs drawing on the expertise of high ranking law enforcement

officials monitoring terrorist activity and gang related crimes as well as professional private investigators who have spent several decades investigating gangs and learning their subculture lifestyle motivations and relationships Ideal for supplemental reading in gang violence courses on criminal justice sociology law and psychology this comprehensive anthology presents thorough coverage of a notoriously difficult subject It explores the following key topics Social psychological and criminal impact of street gangs on juveniles Psychology of gang membership and the pathways that lead into and out of gang culture Relationship between religion and dangerous criminal gangs How U S based gangs are using technology to advance their operations Use of graffiti by street gangs Evolution of gangs and recommendations for preventing future growth Gang enhancement crimes and associated misconduct of police and prosecutors Like any type of crime street gang criminal activity cannot be totally eliminated This book aims to provide a better understanding of gangs so that we can influence today s potential gang members to make the right decisions for their sake and the sake of society
