Protestant Catholic Jew:

Protestant-Catholic-Jew; an Essay in American Religious Sociology Will Herberg, 1964 **Protestant, Catholic, Jew** Will Herberg, 1955 *Third Generation Religion* Marshall Sklare, 1956 **Protestant, Catholic, Jew** Will Herberg, 2012-06-20 The most honored discussion of American religion in mid twentieth century times is Will Herberg's *Protestant Catholic Jew*. It spoke precisely to the mid century condition and speaks in still applicable ways to the American condition and at its best the human condition. Martin E. Marty from the Introduction. In *Protestant Catholic Jew* Will Herberg has written the most fascinating essay on the religious sociology of America that has appeared in decades. He has digested all the relevant historical sociological and other analytical studies but the product is no mere summary of previous findings. He has made these findings the basis of a new and creative approach to the American scene. It throws as much light on American society as a whole as it does on the peculiarly religious aspects of American life. Mr. Herberg illumines many facets of the American reality and each chapter presents surprising and yet very compelling theses about the religious life of this country. Of all these perhaps the most telling is his thesis that America is not so much a melting pot as three fairly separate melting pots. Reinhold Niebuhr New York Times Book Review [Return to Religion](#) Arthur Mann, 1956 **Protestant - Catholic - Jew: an essay in American religion sociology** Will Herberg, *Protestant-Catholic-Jew ... Completely Revised* Will Herberg, 1960 **The Emancipation of Catholics, Jews and Protestants** Rainer Liedtke, Stephan Wendehorst, 1999 This is a study the emancipation of Catholics, Jews and Protestants in Europe during the 19th century. By comparing and contrasting the experiences of religious minorities the book looks at the changing attitudes of the state to these groups.

Protestant-Catholic Relations in America Lerond Curry, 2021-11-21 The first general survey of relations between Protestants and Catholics in America during the past half century will be welcomed not only by social historians but by clergymen and laymen interested in the development of constructive interfaith relations. Lerond Curry has traced the major trends in this fifty year period and analyzed the underlying factors that influenced them. Much of his account is based on correspondence and personal interviews with people who took part in the events and movements he describes. The rapid growth of Catholic population just before World War I along with increasing urbanization and tensions related to the war itself produced a period of intense religious conflict often expressed in violence. After the campaign of 1928 religious leaders made earnest efforts to ameliorate these conflicts but with the appointment of a United States representative to the Vatican in 1939 hostilities again arose. Nevertheless Curry finds that in the middle fifties more mature interfaith relationships began to appear and after Vatican Council II Protestant-Catholic dialogue developed a new depth. *American Catholics* Stringfellow Barr, 1959
