Proudhon What Is Property:

What is Property?: Property is Theft! Pierre-Joseph Proudhon, 2022-04-05 **What is Property?** Pierre-Joseph Proudhon, 1994 This is a 1994 translation of one of the classics of the traditions of anarchism and socialism Pierre Joseph Proudhon was a contemporary of Marx and one of the most acute influential and subversive critics of modern French and European society His *What is Property* 1840 produced the answer Property is theft the book itself has become a classic of political thought through its wide ranging and deep reaching critique of private property as at once the essential institution of Western culture and the root cause of greed corruption political tyranny social division and violation of natural law A critical and historical introduction situates Proudhon's diabolical work as he called it in the context of nineteenth century social and legal controversy and of the history of political thought in general Publisher description What Is Property? Pierre-Joseph Proudhon, 2022-03-22T20:37:46Z Property is robbery This slogan coined by the French political philosopher Pierre Joseph Proudhon is one of his answers to the titular question of his 1840 treatise *What Is Property* A fervent attack against the established order of capitalism and private property the publication of *What Is Property* almost immediately led to Proudhon's official prosecution and the revocation of Proudhon's scholarship by the Academy of Besan on Proudhon an autodidact of humble origins who began his working life as a printer relied on the scholarship for financial support Proudhon evaded the worst of the consequences thanks to the intervention of the economist J r me Adolphe Blanqui to whom the second memoir contained in the book is addressed In this treatise Proudhon contrasts the legitimate right to possession in which individuals own the products of their labor and the necessary means of production and the illegitimate right to property the absolute right granted to proprietors by civil laws to use and abuse Proudhon examines the implications of the right to property and concludes that among other things property is impossible homicide and the mother of tyranny As an alternative to both the proprietary and communist systems of economic organization Proudhon advances his anarchist economic theory of mutualism in which a socialist society would be organized based on free market exchanges wherein the value of a good or service is determined by the time and expense it has cost the laborer to produce This edition of *What Is Property* was translated in 1876 by Benjamin Tucker who was a notable advocate of individualist anarchism in his own right in the United States This book is part of the Standard Ebooks project which produces free public domain ebooks

Proudhon: What is Property? Pierre-Joseph Proudhon, 1994-02-25 This is a new translation of one of the classics of the traditions of anarchism and socialism Pierre Joseph Proudhon was a contemporary of Marx and one of the most acute influential and subversive critics of modern French and European society *What is Property* 1840 has become a classic of political thought through its wide ranging and deep reaching critique of private property as at once the essential institution of Western culture and the root cause of greed corruption political tyranny social division and violation of natural law

What Is Property? Pierre-Joseph Proudhon, 2004-06 Property is impossible equality does not exist We hate the former and

yet wish to possess it the latter rules all our thoughts yet we know not how to reach it Who will explain this profound antagonism between our conscience and our will Who will point out the causes of this pernicious error which has become the most sacred principle of justice and society **What Is Property?** Pierre-Joseph Proudhon,2018-08-05 What Is Property or An Inquiry into the Principle of Right and of Government is a work of political philosophy on the concept of property and its relation to anarchist philosophy by the French anarchist and mutualist Pierre Joseph Proudhon first published in 1840 In the book Proudhon most famously declared that property is theft **What Is Property?** Pierre-Joseph Proudhon,2017-04-15 When Pierre Joseph Proudhon first published What Is Property in 1840 he was the first self proclaimed anarchist This book was merely the beginning to his political ideals that led him to later become known as a leading social thinker during and after the French Revolution of 1848 In this book Proudhon explores how proprietors of property rob the laborers of their wage On a number of occasions Proudhon s passionate and controversial beliefs created problems for him with government authorities and other political thinkers alike In one of his trials Proudhon was declared innocent because the jury could not understand his arguments and therefore could not condemn his statements On top of being a radical anarchist Pierre Joseph Proudhon was a French printer and philosopher and his works influenced and contended with other pivotal schools of thought of the period As a libertarian socialist Proudhon found himself disagreeing with other political figures at the time like Karl Marx on issues of property and freedom As he traveled the countryside working various printer and editor positions Proudhon witnessed and wrote about many of the socioeconomic injustices that oppressed the French working class Proudhon s writing had the most profound effect upon workers movements and the peasantry due to his humble roots

What is Property Pierre-Joseph Proudhon,1902 *What Is Property?; Or, an Inquiry Into the Principle of Right and of Government* Pierre-Joseph Proudhon,2007-12 Pierre Joseph 1809 1865 was a French mutualist political philosopher of the socialist tradition He was the first individual to call himself an anarchist and is considered among the first anarchist thinkers Proudhon is most famous for his assertion that Property is theft in What is Property Or an Inquiry into the Principle of Right and Government The publication of What is Property attracted the attention of the French authorities and also of Karl Marx who started up a correspondence with Proudhon The two men influenced each other and their friendship ended completely when Marx wrote a response to Proudhon s The System of Economic Contradictions or The Philosophy of Poverty entitled The Poverty of Philosophy Their dispute was one of the origins to the split between the anarchists and the Marxists in the International Working Men s Association In his earliest works Proudhon analyzed the nature and problems of the capitalist economy While deeply critical of capitalism he also objected to those contemporary socialists who idolized association
