Proust And Venice:

Proust and Venice Peter Collier, 1989-10-26 This study of Proust's famous novel *A la recherche du temps perdu* Remembrance of Things Past focuses on Venice one of the hero's central obsessions and shows how a whole network of allusions to art from Titian to Turner from Byzantine mosaic to Fortuny dresses ties in with the hero's quest for self knowledge and self fulfilment

Proust's Songbook Jennifer Rushworth, 2024-06-04 In Proust's Songbook Jennifer Rushworth analyzes and theorizes the presence and role of songs in Marcel Proust's novel *la recherche du temps perdu* In Search of Lost Time Instead of focusing on instrumental music and large scale forms such as symphonies and opera as is common in Proust musical studies Rushworth argues for the centrality of songs and lyrics in Proust's opus Her work analyzes the ways in which the author inserted songs at key turning points in his novel and how he drew inspiration from contemporary composers and theorists of song Rushworth presents detailed readings of five moments of song in *la recherche du temps perdu* highlighting the songs significance by paying close attention to their lyrics music composers and histories Rushworth interprets these episodes through theoretical reflections on song and voice drawing particularly from the works of Reynaldo Hahn and Roland Barthes She argues that songs in Proust's novel are connected and resonate with one another across the different volumes yet also shows how song for Proust is a solo amateur and intimate affair In addition she points to Proust's juxtapositions of songs with meditations on the notion of *mauvaise musique* bad music to demonstrate the existence of a blurred boundary between songs that are popular and songs that are art According to Rushworth a song for Proust has a special relation to repetition and memory due to its typical brevity and that song itself becomes a mode of resistance in *la Recherche* especially on the part of characters in the face of family and familial expectations She also defines the songs in Proust's novel as songs of farewell noting that to sing farewell is a means to resist the very parting that is being expressed and demonstrates how songs in formal terms resist the forward impetus of narrative

Proust's Cup of Tea Emily Eells, 2017-03-02 Proust's Cup of Tea analyzes Proust's reading of various Victorian authors and shows how they contributed to *A la recherche du temps perdu* This book proves that British literature and art played a fundamental role in Proust's writing process by citing from the manuscript versions of his novel as well as from his correspondence essays and the lengthy critical apparatus accompanying his translations of Ruskin Eells reflects here on why Proust was attracted to Victorian culture and how he incorporated it into his novel The works of the British novelists he was most interested in Thomas Hardy and George Eliot address questions of gender which Proust develops in his own work He builds *Sodome et Gomorrhe* I the section of his novel focusing on homosexuality on a series of explicit citations and guarded allusions to Shakespeare Darwin Walter Scott Oscar Wilde and Robert Louis Stevenson Eells explores how Proust followed in the pioneering footsteps of those British writers who had ventured beyond the boundaries of conventional sexuality though he took pains to erase their traces in the definitive version of his work This study also highlights how Proust made his fictitious painter Elstir into a master of

ambiguity by modeling his art on Turner the Pre Raphaelites and Whistler Eells shows that Proust drew on Victorian culture in his depiction of sexual ambiguity arguing that he confounded eroticism and aestheticism in the way he inextricably linked the man woman figure with British art and literature As Proust aestheticized male and female homosexuality using references to British art and letters Eells coins the term Anglosexuality to refer to his characters of the third sex She defines Anglosexuality as an intersexuality represented through intertextuality as an artistic sensitivity an aesthetic stance and a new way of seeing Proust s Cup of Tea thus demonstrates that Victorian culture and homoeroticism form one of the cornerstones of Proust s monumental work

Mourning and Creativity in Proust Anna Magdalena Elsner,2017-03-09 This study explores Proust s answers to some of the fundamental challenges of the inevitable human experience of mourning Thinking mourning and creativity together allows for a fresh approach to the modernist novel at large but also calls for a reassessment of the particular historical and social challenges faced by mourners at the beginning of the twentieth century The book enables the reader to acknowledge loss and forgetting as an essential part of memory and it proposes that this literary topos has seminal implications for an understanding of the ethics aesthetics and erotic in Proust s *A la recherche du temps perdu* Drawing on the works of Sigmund Freud and Jacques Derrida Anna Magdalena Elsner develops an original theory of how mourning and creativity are linked by emphasizing that ethical dilemmas are central to an understanding of the novel s final aesthetic apotheosis This sheds new light on the enigmatic and versatile nature of mourning but also pays tribute to those fertile tensions and paradoxes that have made Proust s novel captivating for readers since its publication

A Reader's Guide to Proust's 'In Search of Lost Time' David Ellison,2010-02-18 Proust s *A la recherche du temps perdu* *In Search of Lost Time* is many things at once a novel of education a portrait of French society during the Third Republic a masterful psychological analysis of love a reflection on homosexuality an essay in moral and aesthetic theory and above all one of the great literary achievements of the twentieth century This Reader s Guide analyses each volume of the *Recherche* in order and in detail Without jargon or technical language David Ellison leads the reader through the work clarifying but not oversimplifying the intricate beauty of Proust s imaginary universe Focused both on large themes and on narrative and stylistic particularities Ellison s readings expand our understanding and appreciation of the work and provide tools for the further study of Proust All French quotations are translated making this an ideal guide for students of comparative literature as well as of French

Proust's Imaginary Museum Gabrielle Townsend,2008 This study of Marcel Proust s creative imagination examines an aspect of the novel that has hitherto been largely overlooked the author s dependence on secondary visual sources Gabrielle Townsend argues that reproductions play a key role in the work s complex multi layered structure
