Prousts Selfreader The Pursuit Of Literature As Privileged Communication:

Proust's Self-reader Phillip Bailey,1997 *Reading in Proust's A la recherche* Adam Watt,2009-06-18 Adam Watt's critical study of Proust's *A la recherche du temps perdu* focuses on the role of the acts of reading depicted in the seminal novel. Reading is shown to be a formative and often troubling force in the life of the novel's narrator. **The Ethics of Literary Communication** Roger D. Sell,Adam Borch,Inna Lindgren,2013-09-25 Viewing literature as one among other forms of communication Roger D Sell and his colleagues evaluate writer respondent relationships according to the same ethical criterion as applies for dialogue of any other kind. In a nutshell Are writers and readers respecting each other's human autonomy If and when the answer here is Yes Sell's team describe the communication that is going on as genuine. In this latest book they offer new illustrations of what they mean by this and ask whether genuineness is compatible with communicational directness and communicational indirectness. Is there a risk for instance that a very direct manner of writing could be unacceptably coercive or that a more indirect manner could be irresponsible or positively deceitful The book's overall conclusion is Not necessarily. A directness which is truthful and stimulates free discussion does respect the integrity of the other person. And the same is true of an indirectness which encourages readers themselves to contribute to the construction and assessment of ideas stories and experiences. Sometimes literary indirectness may allow greater scope for genuineness than does the directness of a non literary letter. By way of illustrating these points the book opens up new lines of inquiry into a wide range of literary texts from Britain Germany France Denmark Poland Romania and the United States.

Marcel Proust Harold Bloom,2004 A collection of essays written by various scholars critically analyzing the life and works of French author Marcel Proust. Includes analyses of characters themes and symbolism in Proust's major works. Also contains an annotated bibliography that can be used for finding further information. **Katherine Mansfield's French Lives** ,2016-02-02 Katherine Mansfield's *French Lives* explores how both the literary cultural editorial and biographical influence of French arts and philosophy and life as an migrant in France shaped Mansfield's evolution as a key modernist writer while setting her within the geographies and cultural dynamics of Anglo French modernism. Mansfield's many stays in France were decisive in intellectual personal and psychological terms discovering Murry's Paris and the Left Bank escaping to the War Zone to join Francis Carco living as a civilian in wartime during the bombardments of Paris travelling and finding lodgings as a single woman in war ravaged towns the experience of bereavement and debilitating ill health abroad and the joys and pitfalls for an outsider of a foreign land and idiom. *Weighing Hearts* Stuart Lasine,2012-04-19 Shows how readers evaluate characters in biblical narrative by integrating approaches native to social psychology literary theory and moral philosophy. **Proust and Emotion** Inge Crosman Wimmers,2003-01-01 In *Proust and Emotion* Inge Crosman Wimmers proposes a new approach to *A la recherche du temps perdu* that centres on the role of affect. Through close reading of the hero narrator's personal history the author shows how emotional paradigms especially separation anxiety involuntary

memory and other compelling impressions give focus and structure to Proust's novel. Drawing on reader-oriented and emotion theories, she shows how affect commands the attention of the motivated reader and is crucial to the process of self-understanding for both the narrator and the reader. This is the first extensive study in English to take fully into consideration the drafts, esquisses published in the new Pléiade edition of the novel, the Mauriac edition of *Albertine disparue*, and material from the unpublished Proust manuscripts, all of which shed further light on the importance of affect in *À la recherche*. Proust and Emotion will appeal to readers interested in an approach to Proust that combines insights from philosophy, psychology, and literary aesthetics and in a poetics of reading that pays particular attention to emotion. **Nineteenth-century French Studies**, 2001

Repression and Expression Carrol F. Coates, 1996. *Repression and Expression* opens with several studies that clarify aspects of French thought and ideology from the Romantic pomp surrounding the executioner to Maurras on conspiracy. Other articles examine themes and techniques in fiction and theater: Balzac, Hugo, Flaubert, the Goncourts, Zola, and Vallès. The section on Revolutionary Pleasures focuses on modes of expression during the Directorate, the July Revolution, and the political banquets of 1847. The final section groups studies on themes and conventions in poetry: Baudelaire, Gautier, Laforgue, Mallarmé, with theoretical considerations on rhyme and the genre of the chanson. **South Atlantic Review**, 1998
