Prudential Supervision What Works And What Doesn't:

Prudential Supervision Frederic S. Mishkin, 2009-02-15 Since banking systems play a crucial role in maintaining the overall health of the economy the adverse effects of poorly supervised systems may be quite severe Without some form of vigilant external oversight banking systems could fall prey to excessive risk taking moral hazard and corruption Prudential supervision provides that oversight using government regulation and monitoring to ensure the soundness of the banking system and by extension the economy at large The contributors to this thoughtful volume examine the current state of prudential supervision focusing on fundamental issues and key pragmatic concerns Why is prudential supervision so important What kinds of excess must it guard against What particular forms does it take Which of these are the most effective deterrents against mismanagement and system overload in today's rapidly shifting financial climate The contributors foresee a continued movement beyond simple regulatory rules in banking and toward a more active evaluation and supervision of a bank's risk management practices

Macroprudential Regulatory Policies Stijn Claessens, 2012 Papers comments and special keynote addresses presented at the 13th annual International Banking Conference sponsored by the Federal Reserve Bank of Chicago and the International Monetary Fund held at the Federal Reserve Bank of Chicago on Sept 23 24 2010 The subject of the conference was Macroprudential regulatory policies the new road to financial stability

The Handbook of Global Shadow Banking, Volume II Luc Nijs, 2020-06-30 This global handbook provides an up to date and comprehensive overview of shadow banking or market based finance as it has been recently coined Engaging in financial intermediary services outside of normal regulatory parameters the shadow banking sector was arguably a critical factor in causing the 2007 2009 financial crisis This second volume explores three particular domains of shadow banking The first domain deals with the macro economic fundamentals of the respective shadow banking segments Why do they exist what problems do they solve and why are some of their embedded risks so persistent The second domain captures the global dimensions of shadow banking markets reviewing the particularities and specifics of various shadow banking systems around the world Volume II concludes with an extensive overview of how the sector has changed since the financial crisis focusing on regulatory arbitrage contract imperfection and governance Closing on unresolved issues and open ended questions that will no doubt remain prominent in the shadow banking sector for years to come this handbook is a must read for professionals and policy makers within the banking sector as well as those researching economics and finance

The Department of the Treasury Blueprint for a Modernized Financial Regulatory Structure, 2008-06-24 Presents a series of short term and intermediate term recommendations that could immediately improve and reform the U S regulatory structure The short term recommendations focus on taking action now to improve regulatory coordination and oversight in the wake of recent events in the credit and mortgage markets The intermediate recommendations focus on eliminating some of the duplication of the U S regulatory system but more importantly try to modernize the regulatory structure applicable to

the banking insurance securities and futures industries *The Department of the Treasury Blueprint for a Modernized Financial Regulatory Structure* United States. Department of the Treasury, 2008 In this report Treasury presents a series of short term and intermediate term recommendations that could immediately improve and reform the U S regulatory structure The short term recommendations focus on taking action now to improve regulatory coordination and oversight in the wake of recent events in the credit and mortgage markets The intermediate recommendations focus on eliminating some of the duplication of the U S regulatory system but more importantly try to modernize the regulatory structure applicable to certain sectors in the financial services industry banking insurance securities and futures within the current framework **Market Discipline Across Countries and Industries** C. E. V. Borio, 2004 Leading academics and policymakers address the theory of market discipline and consider evidence across different industries and countries The effectiveness of market discipline the strong built in incentives that encourage banks and financial systems to operate soundly and efficiently commands much attention today particularly in light of recent accounting scandals As government discipline in the form of regulation seems to grows less effective as the banking industry and financial markets grow more complex the role of market discipline becomes increasingly important In this collection which grew out of a conference cosponsored by the Federal Reserve Bank of Chicago and the Bank for International Settlements in Basel Switzerland a diverse group of academics and policymakers address different aspects of the ability of market discipline to affect corporate behavior and performance A major purpose of the book is to develop evidence on how market discipline operates across non government regulated industries and in different countries how successful it has been and how it may transfer to a regulated industry The chapters examine such topics as the theory of market discipline evidence of market discipline in banking and other industries evidence of market discipline for countries the current state of corporate governance and the interaction of market discipline and public policy Handbook of Key Global Financial Markets, Institutions, and Infrastructure Gerard Caprio, Douglas W. Arner, Thorsten Beck, Charles W. Calomiris, Larry Neal, Nicolas Véron, 2012-11-27 This title begins its description of how we created a financially intergrated world by first examining the history of financial globalization from Roman practices and Ottoman finance to Chinese standards the beginnings of corporate practices and the advent of efforts to safeguard financial stability *Economic Management in a Volatile Environment* Ramkishen S. Rajan, Sasidaran Gopalan, 2014-12-15 This book discusses some of the challenges relating to macroeconomic and financial management in a volatile and uncertain world brought about by greater financial openness It explores the implications of a key set of issues emanating from financial globalisation on emerging market economies in a rigorous but readable manner **Unsettled Account** Richard S. Grossman, 2020-05-26 A sweeping look at the evolution of commercial banks over the past two centuries Commercial banks are among the oldest and most familiar financial institutions When they work well we hardly notice when they do not we rail against them What are the historical forces that have shaped the modern banking system In *Unsettled Account* Richard Grossman takes the first truly

comparative look at the development of commercial banking systems over the past two centuries in Western Europe the United States Canada Japan and Australia Grossman focuses on four major elements that have contributed to banking evolution crises bailouts mergers and regulations He explores where banking crises come from and why certain banking systems are more resistant to crises than others how governments and financial systems respond to crises why merger movements suddenly take off and what motivates governments to regulate banks Grossman reveals that many of the same components underlying the history of banking evolution are at work today The recent subprime mortgage crisis had its origins like many earlier banking crises in a boom bust economic cycle Grossman finds that important historical elements are also at play in modern bailouts merger movements and regulatory reforms Unsettled Account is a fascinating and informative must read for anyone who wants to understand how the modern commercial banking system came to be where it is headed and how its development will affect global economic growth Nominations of Frederic S. Mishkin, Linda Mysliwy Conlin, J. Joseph Grandmason, Edmund C. Moy, and Geoffrey S. Bacino United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs,2007
