Experience Timothy Leary, 1983 **The Psychedelic Experience** Timothy Leary, Richard Alpert, Ralph Metzner, 2022-07-26 Years after the Summer of Love the promise of the psychoactive 1960s that deeper self awareness and greater harmony can be achieved through reality bending substances and practices is close to becoming a mainstream phenomenon The signs are everywhere from a renewed interest in the therapeutic effects of LSD to the popularity of ayahuasca trips and the annual spectacle of Burning Man The Psychedelic Experience created by the prophetic shaman professors Timothy Leary Ralph Metzner and Richard Alpert Ram Dass is a foundational text that serves as a model and a guide for all subsequent mind expanding inquiries Based on a unique interpretation of The Tibetan Book of the Dead The Psychedelic Experience remains a vital testament to broadening spiritual consciousness through a combination of Tibetan meditation techniques and psychotropic substances For a new generation seeking the trip of a lifetime The Psychedelic Experience is the essential guidebook to getting there The Tibetan Book of the Dead W. Y. Evans-Wentz, 2000-09-28 The Tibetan Book of the Dead is one of the texts that according to legend Padma Sambhava was compelled to hide during his visit to Tibet in the late 8th century The guru hid his books in stones lakes and pillars because the Tibetans of that day and age were somehow unprepared for their teachings Now in the form of the ever popular Tibetan Book of the Dead these teachings are constantly being discovered and rediscovered by Western readers of many different backgrounds a phenomenon which began in 1927 with Oxford s first edition of Dr Evans Wentz s landmark volume While it is traditionally used as a mortuary text to be read or recited in the presence of a dead or dying person this book which relates the whole experience of death and rebirth in three intermediate states of being was originally understood as a guide not only for the dead but also for the living As a contribution to the science of death and dying not to mention the belief in life after death or the belief in rebirth The Tibetan Book of the Dead is unique among the sacred texts of the world for its socio cultural influence in this regard is without comparison This fourth edition features a new foreword afterword and suggested further reading list by Donald S Lopez

author of *Prisoners of Shangri La* Tibetan Buddhism and the West Lopez traces the whole history of the late Evans Wentz's three earlier editions of this book fully considering the work of contributors to previous editions C G Jung among them the sections that were added by Evans Wentz along the way the questions surrounding the book's translation and finally the volume's profound importance in engendering both popular and academic interest in the religion and culture of Tibet Another key theme that Lopez addresses is the changing nature of this book's audience from the prewar theosophists to the beat poets to the hippies to contemporary exponents of the hospice movement and what these audiences have found or sought in its very old pages
