70 **Psychiatric Disorders in Old Age** J. A. Whitehead,1974 National Library of Medicine Current Catalog National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 *Mind, State and Society* George

Ikkos,Nick Bouras,2021-06-24 *Mind State and Society* examines the reforms in psychiatry and mental health services in

Britain during 1960-2010 when deinstitutionalisation and community care coincided with the increasing dominance of ideologies of social liberalism, identity politics and neoliberal economics. Featuring contributions from leading academics, policymakers, mental health clinicians, service users and carers, it offers a rich and integrated picture of mental health covering experiences from children to older people, employment to homelessness, women to LGBTQ refugees, to black and minority ethnic groups and faith communities and the military. It asks important questions such as: what happened to people's mental health? What was it like to receive mental health services? And how was it to work in or lead clinical care? Seeking answers to questions within the broader social and political context, this book considers the implications for modern society and future policy.
