

Queen Victorias Children

Simon Sleight, Shirleene Robinson

Queen Victorias Children:

Queen Victoria's Children John Kiste,2011-10-24 Queen Victoria and Albert Prince Consort had nine children who despite their very different characters remained a close knit family Inevitably as they married into European royal families their loyalties were divided and their lives dominated by political controversy This is not only the story of their lives in terms of world impact but also of their own personal achievements their individual contributions to public life in Britain and overseas and in their roles as the children of Queen Victoria and the Prince Consort Queen Victoria's Children John Van der Kiste,2003 **Children Of The Empire** Michael Farah,2020-11-28 Some lost their thrones Others supported the Nazis Several suffered from haemophilia One had to get a job and another was executed Written entirely in the first person and fully based on accurate historical accounts Michael Farah imagines how this royal family would have described the events of their extraordinary existence scandals loves triumphs and tragedies In Children of The Empire forty seven children and grandchildren of Queen Victoria and Prince Albert individually tell the stories of their lives from their early childhood to the very end Complete with individual portraits and family trees this is an accessible and unique look at the extended royal family that has stretched across Europe some of them becoming Kings and Queens **Queen Victoria's Children** Daphne Bennett,1980-01-01 Sketches the childhood of the English Queen s nine children her relationships with each of them and how they lived their later lives *Queen Victoria's Children* John van der Kiste,2011-10-24 Queen Victoria and Albert Prince Consort had nine children who despite their very different characters remained a close knit family Inevitably as they married into European royal families their loyalties were divided and their lives dominated by political controversy This is not only the story of their lives in terms of world impact but also of their own personal achievements their individual contributions to public life in Britain and overseas and in their roles as the children of Queen Victoria and the Prince Consort *Queen Victoria's Daughters-in-Law* John Van Der Kiste,2023-03-23 Of Queen Victoria s four sons the eldest married a Danish princess one a Russian Grand Duchess and the other two princesses of German royal houses The first to join the family of the Grandmama of Europe was Alexandra eldest daughter of the prince about to become King Christian IX of Denmark Charming ever sympathetic and widely considered one of the most attractive royal women of her time she was prematurely deaf and suffered from a limp which was made fashionable by court ladies due to her popularity Alexandra proved an ideal wife for the Prince of Wales later King Edward VII Grand Duchess Marie daughter of Tsar Alexander II of Russia and wife of Alfred Duke of Edinburgh and later Saxe Coburg Gotha was cultured and intelligent but dowdy haughty and convinced of the Romanovs superiority resented having to give precedence at court to her in laws Louise of Prussia a niece of William I German Emperor had the good fortune to escape from a miserable family life in Berlin and marry Arthur Duke of Connaught a dedicated army officer who was always the Queen s favorite among her children Finally Helen of Waldeck Pyrmont sister of Emma Queen Consort of the Netherlands became the wife of the cultured Leopold Duke of Albany but he was hemophiliac and their

marriage was destined to be the briefest of all cut short by his sudden death less than three years later All four were very different personalities proved themselves to be supportive wives mothers and daughters in law in their own way and dedicated workers for charity at home and abroad Based partly on previously unpublished material from the Royal Archives at Windsor and Madrid and the Leonie Leslie Papers University of Chicago this is the first book to study all four as a family group Queen Victoria's Children Daphne Bennett,1980 Queen Victoria's Daughters-in-Law John Van Der

Kiste,2023-03-23 The first book to study the four wives of Queen Victoria s sons as a family group based partly on previously unpublished material from the Royal Archives The first to join the family of the Grandmama of Europe was Alexandra eldest daughter of the prince about to become King Christian IX of Denmark Charming ever sympathetic and widely considered one of the most attractive royal women of her time she was prematurely deaf and suffered from a limp which was made fashionable by court ladies due to her popularity Alexandra proved an ideal wife for the Prince of Wales later King Edward VII Grand Duchess Marie daughter of Tsar Alexander II of Russia and wife of Alfred Duke of Edinburgh and later Saxe Coburg Gotha was cultured and intelligent but dowdy haughty and convinced of the Romanovs superiority resented having to give precedence at court to her in laws Louise of Prussia a niece of William I German Emperor had the good fortune to escape from a miserable family life in Berlin and marry Arthur Duke of Connaught a dedicated army officer who was always the Queen s favorite among her children Finally Helen of Waldeck Pyrmont sister of Emma Queen Consort of the Netherlands became the wife of the cultured Leopold Duke of Albany but he was hemophiliac and their marriage was destined to be the briefest of all cut short by his sudden death less than three years later All four were very different personalities proved themselves to be supportive wives mothers and daughters in law in their own way and dedicated workers for charity at home and abroad *Who Was Queen Victoria?* Jim Gigliotti,Who HQ,2014-07-10 Her reign of 63 years and seven months is known as the Victorian Era a period of industrial cultural scientific and political change that was marked by a great expansion of the British Empire But Victoria was raised under close supervision and near isolation until she became Queen of the United Kingdom at the young age of 18 She married her first cousin Albert and had nine children who married into families across Europe By the time she had earned the nickname The Grandmother of Europe and the title Empress of India it was indeed true that the sun never set on the British Empire Publicly she became a national icon but privately Who Was Queen Victoria

Children in Victorian Times Jill Barber,2013-02-18 At the start of Queen Victoria s reign 1837 1901 children were treated the same as adults By 1901 this had changed People thought childhood was a special time and children should be treated differently This book investigates the lives of Victorian children and introduces people who worked to improve children s lives Queen Victoria's Favourite Granddaughter Ilana D Miller,2024-11-30 In the Fall of 1947 an eighty four year old woman receives an extraordinary invitation Though much that happened was a lifetime ago and in a different world Princess Victoria of Hesse and by Rhine now the Dowager Marchioness of Milford Haven holds the heavy vellum envelop for

a moment in her hands Within is the end of a long journey seeking vindication for a husband who gave his life to the service of the Royal Navy and received in return ingratitude Within is the reminder of a life lived with her family that is mostly gone However for one exquisite moment it returns as she opens the envelope The Lord Chamberlain is commanded by Their Majesties to invite The Dowager Marchioness of Milford Haven to the Ceremony of the Marriage of Her Royal Highness The Princess Elizabeth with Lieutenant Philip Mountbatten Royal Navy in Westminster Abbey on Thursday 20th November 1947 at 11 30 o'clock a.m. Thus begins the story of Princess Victoria of Hesse and by Rhine Victoria the eldest daughter of Princess Alice and Prince Ludwig of Hesse was born in April 1863 One of the envied grandchildren of Queen Victoria she was related to most of the Royal Families of Europe a member of the fabled Royal Mob The obstacles that characterized Victoria's life began with her mother's untimely death Queen Victoria helped her granddaughter shoulder the responsibilities of caring for the motherless family writing letters of advice and guidance a correspondence lasting some thirty years In April 1884 Victoria married the dashing Prince Louis of Battenberg an officer in the Royal Navy who eventually became Britain's First Sea Lord Their daughter Alice was the future mother of Prince Philip and their youngest child another Louis was Viceroy of India On the eve of World War I Prince Louis of Battenberg was forced to resign because of his German surname which he later changed to Mountbatten Victoria's sister Alix who had taken the name Alexandra when she married Tsar Nicholas II of Russia and her entire family was murdered in 1918 Progressive and intelligent Victoria was the lynchpin of her family Through cataclysms both familial and historical travelling from pre-revolutionary Russia to the British Mandate of Palestine Victoria's life was as exciting as it was triumphant [Queen Victoria's Grandchildren](#) Lance Salway, 1991 [Queen Victoria](#) Helen Rappaport, 2003-05-05 This resource covers the life times and relationships of Queen Victoria providing information about her children her personal interests the historic times in which she ruled and the leaders she influenced In this fascinating guide to every aspect of Queen Victoria's life author Helen Rappaport analyzes the queen's personality celebrates her achievements and details the shortcomings of her empire both in Britain with its continuing divide between rich and poor and overseas where Britain's great empire was won by repression and exploitation A-Z entries including topics barely touched in standard biographies cover things like the various assassination attempts on her life her interest in dancing and Jack the Ripper's murders and how her husband Prince Albert introduced the celebration of Christmas to England Queen Victoria also describes individuals such as her companion Lady Jane Churchill her physician Sir James Clark and politicians such as William Gladstone and Benjamin Disraeli events like the Irish potato famine inventions like steam power and issues such as missionary activity and prostitution It also includes bibliographies both for each entry and overall and a chronology

The Last Princess Matthew Dennison, 2019-12-12 Beatrice Mary Victoria Feodore later Princess Henry of Battenberg was the last born in 1866 of Victoria and Albert's children and she would outlive all of her siblings to die as recently as 1944 Her childhood coincided with her mother's extended period of mourning for her prematurely deceased husband a

circumstance which may have contributed to Victoria's determination to keep her youngest daughter as close to her as possible. She would eventually marry Prince Henry of Battenberg in 1885 but only after overcoming her mother's opposition to their union. Beatrice remained Queen Victoria's favourite among her five daughters and became her mother's constant companion and later her literary executor, spending the years that followed Victoria's death in 1901 editing her mother's journals and voluminous correspondence. Matthew Dennison's elegantly written biography restores Beatrice to her rightful place as a key figure in the history of the Victorian age and paints a touching and revealing portrait of the life and family of Britain's second longest reigning monarch.

Queen Victoria's Secrets Adrienne Munich, 1996 An unconventional figure in an age that excluded women from government, Victoria was accorded prominence unavailable to any male monarch. Yet as Adrienne Munich argues in this fascinating work, the originality of the solid, dour icon that was Victoria lay paradoxically in her very ordinariness. The first book to fully investigate the influence of this icon of British history, *Queen Victoria's Secrets* demonstrates the firm grasp the queen held on the cultural imagination of her country, exploring how Victoria created and maintained her royal authority. Gracefully weaving together feminist, anthropological, and postcolonial approaches, Munich searches out the myriad, often contradictory incarnations of the queen in the minds of her people. How did Victoria convincingly maintain her power for forty years after Prince Albert's death, never giving up her identity as a grieving widow? How did Victorian society's reverential treatment of their queen conflate with the monarch's plain, middle-class public image? These are some of the secrets Munich examines in her richly detailed work. In demonstrating the subtle but powerful ways in which Victoria performed significant cultural work, *Queen Victoria's Secrets* goes against the grain of Victorian scholarship, which has tended to overlook the queen's political and cultural centrality. This stylish, accessible portrait will be of great interest to those who are fascinated by the myth-making and secrets of the Victorian age.

Children, Childhood and Youth in the British World Simon Sleight, Shirleene Robinson, 2016-10-06 Age was a critical factor in shaping imperial experience, yet it has not received any sustained scholarly attention. This pioneering interdisciplinary collection is the first to investigate the lives of children and young people and the construction of modes of childhood and youth within the British world.

Queen Victoria's Mysterious Daughter Lucinda Hawksley, 2025-08-22 The secrets of Queen Victoria's sixth child, Princess Louise, may be destined to remain hidden forever. What was so dangerous about this artistic, tempestuous royal that her life has been documented more by rumor and gossip than hard facts? When Lucinda Hawksley started to investigate, often thwarted by inexplicable secrecy, she discovered a fascinating woman modern before her time whose story has been shielded for years from public view. Louise was a sculptor and painter, friend to the Pre-Raphaelites, and a keen member of the Aesthetic movement. The most feisty of the Victorian princesses, she kicked against her mother's controlling nature and remained fiercely loyal to her brothers, especially the sickly Leopold and the much maligned Bertie. She sought out other unconventional women, including Josephine Butler and George Eliot, and campaigned for education and health reform and for

the rights of women She battled with her indomitable mother for permission to practice the masculine art of sculpture and go to art college and in doing so became the first British princess to attend a public school The rumors of Louise's colorful love life persist even today with hints of love affairs dating as far back as her teenage years and notable scandals included entanglements with her sculpting tutor Joseph Edgar Boehm and possibly even her sister Princess Beatrice's handsome husband Liko True to rebellious form she refused all royal suitors and became the first member of the royal family since the sixteenth century to marry a commoner She moved with him to Canada when he was appointed Governor General Spirited and lively Queen Victoria's Mysterious Daughter is richly packed with arguments intrigues scandals and secrets and is a vivid portrait of a princess desperate to escape her inheritance *Queen Victoria : The Longest Reigning English Monarch - Biography 3rd Grade | Children's Biography Books* Baby Professor,2017-12-01 You probably know Queen Victoria as the longest reigning English monarch But other than that what else do you know about her Biography books do not just tell stories about a person because they also include facts about the economy culture and tradition during the time There's much to learn from this biography book so make sure you get a copy today Queen Victoria Charles V. Reed,2025-01-07 Queen Victoria was until the 21st century the longest reigning monarch in British history and reigned over an empire on which the sun never set While countless volumes have been written about the Great Queen recent scholarly work has meaningfully explored the queen's and the monarchy's place and role in Britain's global empire as well as the place of the monarchy and the queen in the complex and often brutal history of British imperialism The long story of Victoria is the story of multiple Victorias over the course of a long reign who was employed as a symbol of benevolent British rule who engaged some of her colonial subjects with interest and even empathy but who also supported and advocated for the worst excesses of British warfare and expansion Queen Victoria A Reference Guide to Her Life and Works explores the queen as well as the people events and ideas that shaped the life of the second longest reigning monarch in British history It features a chronology an introduction a bibliography and over 100 cross referenced dictionary entries It gives particular attention to the imperial and global impact of the queen's rule and her engagement with various colonial subjects across the globe **The Story of Queen Victoria 200 Years After Her Birth** Danielle Thorne,2018-06-14 Almost 200 years ago the cries of a newborn baby echoed through the halls of London's Kensington Palace No one who celebrated Princess Victoria's birth in the late spring of 1819 could have imagined that the little girl born fifth in line to the English throne would be the ruling monarch of the United Kingdom in just a few short years The 19th century was a time of great change For Princess Alexandrina Victoria misfortune would strike early with the loss of her father a lonely childhood and a mother determined to control her As teen queen Queen Victoria ruled with stubbornness strength and humility that nourished the advancement of the Industrial Revolution soothed the tempers of European warmongers and changed life in England in diverse and sometimes controversial ways Through her published journals and letters this beloved figure has come to be known as more than just an aristocratic young woman with

a crown but a queen for the ages Victoria ruled on her own terms for an astounding 63 years She survived illness political plots the birth of nine children assassination attempts and a personal heartbreak that would transform her from a royal ruling mother into a mourning widow Through it all she maintained an iron determination to finish her course Under her reign the United Kingdom reached its historic peak of world power and dominion influencing change and life around the globe A small woman with glowing round eyes and a ready wit Queen Victoria is remembered today as the charming giantess who ruled while the sun never set on the British Empire Provided by publisher
