2002 The French Republic provides an encyclopedic survey of French republicanism since the Enlightenment Divided into three sections Time and History Principles and Values and Dilemmas and Debates The French Republic begins by examining each of France's five Republics and its two authoritarian interludes the Second Empire and Vichy It then offers thematic essays on such topics as Liberty Equality and Fraternity laicity citizenship the press immigration decolonization anti-Semitism gender the family cultural policy and the Muslim headscarf debates Each essay includes a brief guide to further reading This volume features updated translations of some of the most important essays from the French edition as well as twenty two newly commissioned English language essays for a total of forty entries Taken together they provide a state of the art appraisal of French republicanism and its role in shaping contemporary France's public and private life
