

Researching People

Patri Lankoski, Staffan Björk, et al.

Researching People:

Researching People and the Sea Madeleine Gustavsson, Carole S. White, Jeremy Phillipson, Kristen Ounanian, 2021-02-15 In this unique edited collection social scientists reflect upon and openly share insights gathered from researching people and the sea Understanding how people use relate to and interact with coastal and marine environments has never been more important with social scientists having an increasingly vital contribution to make Yet practical experiences in deploying social science approaches in this field are typically hidden away in field notes and unpublished doctoral manuscripts with the opportunity for shared learning that comes from doing research often missed There is a need for reflection on how social science knowledge is produced This collection presents experiences from the field its necessary reflexivity and innovation in methods and the challenges and opportunities of translating across disciplines and policy It brings to light the tacit expertise needed to study people and the sea and offers lessons which readers could employ in their own research With a focus on the future direction of marine social sciences the volume is highly relevant to masters and doctoral students and more experienced researchers engaged in studying people and the sea as well as policy makers practitioners and scientists wishing to understand the social dimension of marine and coastal environments Chapters 2 and 3 are available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com)

Researching Young People's Lives Sue Heath, Rachel Brooks, Eleanor Ireland, Elizabeth Cleaver, 2009-04-01 *Researching Young People's Lives* provides an overview of some of the key methodological challenges facing youth researchers and an introduction to the broad repertoire of methods used in youth orientated research Throughout the book the emphasis is on research in practice and examples are drawn from recent youth research projects from a wide range of disciplines and substantive areas and from a range of both UK and non UK contexts [Researching Gender Violence](#) Tina Skinner, Marianne Hester, Ellen Malos, 2013-01-11 This text focuses on research methodology and approaches in the complex and sensitive area of violence against women and provides important insights into and critical approaches to the evidence base for policy and practice [Involving Service Users in Health and Social Care Research](#) Lesley Lowes, Ian Hulatt, 2005 Service users are increasingly involved in health and social care research this edited collection provides examples of research methods with service users along a continuum of involvement as participants through to service user led research [People's Research](#) Alexander Lynn, 2021-04-14 *People's Research Or How to Write a 12 Page Scholarly Research Essay in 3 Hours A Primer* By Alexander Lynn *People's Research* is for high school and college students who are suffering from the effects of an educational system that has succumbed to the profit motive and is subjecting students to the dictates of profit over learning The immediate goal is to arm students with the skills to pass through draconian dictates of the Academe in regard to research which is produced as a means to benefit giant multinational corporations The long term goal is to attract students to the People's Movement as it addresses the decrepit educational system of the United States and seeks to return education to

the people Any student seeking to get through the system quickly while juggling all the other aspects of their lives while also wishing to change the current structure will find People s Research to be insightful helpful and inspiring A Short Introduction to Social Research Matt Henn,Mark Weinstein,Nick Foard,2005-12-15 This book introduces students and researchers to the key ideas and issues that inform research practice Authors Matt Henn Mark Weinstein and Nick Foard provide a clear and easy to understand roadmap to help the reader plan their research project from beginning to end This book is perfect for use on introductory methods courses and is also an invaluable guide for the first time researcher embarking on their own small scale research project It is the intention of this book to prepare students and new researchers for their research project Brilliantly written throughout this is your essential guide to the theory of research the practice of research and the best ways to plan and manage your research *The Sociology of Long Term Conditions and Nursing Practice* Elaine Denny,Sarah Earle,2009-02-25 In recent years there have been major developments in how long term conditions are managed and so it is important nurses understand the rationale behind policy initiatives and their implications for practice This timely book provides a unique examination of the sociology surrounding long term conditions and the experiences of the patients who have them It examines the social context of chronic illness and contains individual chapters on the common long term conditions present in the United Kingdom today **Social Causation and Biographical Research** Giorgos Tsiolis,Michalis Christodoulou,2020-11-09 This book extends debates in the field of biographical research arguing that causal explanations are not at odds with biographical research and that biographical research is in fact a valuable tool for explaining why things in social and personal lives are one way and not another Bringing reconstructive biographical research into dialogue with critical realism it explains how and why relational social ontology can become a unique theoretical ground for tapping emergent mechanisms and latent meaning structures Through an account of the reasons for which reductionist epistemologies rational action models and covering law explanations are not appropriate for biographical research the authors develop the philosophical idea of singular causation as a means by which biographical researchers are able to forge causal hypotheses for the occurrence of events and offer guidance on the application of this methodological principle to concrete empirical examples As such this volume will appeal to scholars across the social sciences with interests in biographical research and social research methods Introducing Communication Research Donald Treadwell,2023-12-30 Introducing Communication Research Paths of Inquiry teaches students the basics of communication research in an accessible manner by using student focused real world examples engaging application exercises and up to date resources Donald Treadwell guides readers through the process of conducting communication research and presenting findings for a diversity of audiences and the book emphasizes the Internet and social media as both topics of and tools for communication research The Fifth Edition adds new pedagogical features a new social media and big data section in each method chapter coverage throughout of the impact of artificial intelligence AI and particularly in relation

to reporting and presenting research and references the latest research and data sources related to changes in communication brought about by the COVID 19 pandemic Included with this title LMS Cartridge Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site [Criminal Justice and Criminology Research Methods](#) Peter Kraska, John Brent, W. Lawrence Neuman, 2020-12-30 Criminal Justice and Criminology Research Methods Third Edition is an accessible and engaging text that offers balanced coverage of a full range of contemporary research methods Filled with gritty criminal justice and criminology examples including policing corrections evaluation research forensics feminist studies juvenile justice crime theory and criminal justice theory this new edition demonstrates how research is relevant to the field and what tools are needed to actually conduct that research Kraska Brent and Neuman write in a pedagogically friendly style yet without sacrificing rigor offering balanced coverage of qualitative quantitative and mixed methods With its exploration of the thinking behind science and its cutting edge content the text goes beyond the nuts and bolts to teach students how to competently critique as well as create research based knowledge This book is suitable for undergraduate and early graduate students in US and global Criminology Criminal Justice and Justice Studies programs as well as for senior scholars concerned with incorporating the latest mixed methods approaches into their research

[Reflexivity in Criminological Research](#) Aaron Winter, 2014-10-06 This comprehensive collection contributes to advances and consolidates discussions of the range of research methods in criminology through the presentation of diverse international case studies in which contributors reflect upon their experiences with powerless and powerful individuals or groups *Researching Society and Culture* Clive Seale, 2017-11-17 Written by internationally renowned experts each chapter provides a full introduction to a key aspect of research methodology From starting out to generating analysing and presenting data this new edition covers foundational concepts in social research while also keeping students on the pulse of topics like digital social research social surveys and big data Packed with international examples from across the social sciences it shows how to interpret and work with data generated from real world research It gives you the tools to Design the right research question for your project Access understand and use existing data Effectively write up projects and assignments Be confident in the A to Z of the research process Supported by an interactive website with videos datasets templates and additional exercises this book is the perfect hand holder for any social science student starting a methods course or project *100 Activities for Teaching Research Ethics and Integrity* Catherine Dawson, 2022-07-23 This practical user friendly guide consists of 100 original activities that have been designed to inspire and support educators of research ethics and integrity at undergraduate and postgraduate level Focussing on eight key areas activities include Respecting human dignity privacy and rights Obtaining informed consent in the digital world Capturing data on sexual orientation and gender identity Recognizing and addressing bias when collecting data Creating social change through research practice

Assessing the ethical implications of data sharing Complete with detailed teaching notes and downloadable student handouts as well as guidance on the type and level of each activity 100 Activities for Teaching Research Ethics and Integrity is an essential resource for both online and face to face teaching

Understanding and Applying Research Design Martin Lee Abbott, Jennifer McKinney, 2012-12-17 A fresh approach to bridging research design with statistical analysis While good social science requires both research design and statistical analysis most books treat these two areas separately Understanding and Applying Research Design introduces an accessible approach to integrating design and statistics focusing on the processes of posing testing and interpreting research questions in the social sciences The authors analyze real world data using SPSS software guiding readers on the overall process of science focusing on premises procedures and designs of social scientific research Three clearly organized sections move seamlessly from theoretical topics to statistical techniques at the heart of research procedures and finally to practical application of research design Premises of Research introduces the research process and the capabilities of SPSS with coverage of ethics Empirical Generalization and Chi Square and Contingency Table Analysis Procedures of Research explores key quantitative methods in research design including measurement correlation regression and causation Designs of Research outlines various design frameworks with discussion of survey research aggregate research and experiments Throughout the book SPSS software is used to showcase the discussed techniques and detailed appendices provide guidance on key statistical procedures and tips for data management Numerous exercises allow readers to test their comprehension of the presented material and a related website features additional data sets and SPSS code Understanding and Applying Research Design is an excellent book for social sciences and education courses on research methods at the upper undergraduate level The book is also an insightful reference for professionals who would like to learn how to pose test and interpret research questions with confidence

Peoples on the Move Anthony F. Casey, 2020-08-11 Peoples on the Move provides pastors church planters and missionaries with the tools they need to walk out their door and learn the unique dynamics of their neighborhoods in order to formulate effective strategies for ministry The book takes a practical approach and contains many examples of how the research is done as well as how community research translates to ministry strategy It reads like one is walking the streets with the author as he apprentices a new generation of church planters and missionaries

Research Handbook on Irregular Migration Ilse van Liempt, Joris Schapendonk, Amalia Campos-Delgado, 2023-03-02 Moving away from state categorizations on irregular migration this Research Handbook critically examines processes and dynamics that generate and reproduce irregularity and discusses who may count as an irregular migrant

Researching People Introduction

In the digital age, access to information has become easier than ever before. The ability to download Researching People has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Researching People has opened up a world of possibilities. Downloading Researching People provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Researching People has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Researching People. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Researching People. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Researching People, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability

to download Researching People has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Researching People Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
