Disorder Philip J. Flores, 2004-08-06 This work shows how to give substance abusers an attachment experience and a sense of community where they feel they are accepted and belong Therapy directed along the lines described allows the person to get close to others who are accepting of him without a cost to his identity and autonomy *A Resident's Guide to*

Psychiatric Education M. Thompson, 2012-12-06 This is the inaugural volume of the new series *Critical Issues in Psychiatry* An Educational Series for Residents and Clinicians It is an appropriate beginning for this book represents a milestone in the evolution of psychiatric education For the first time there will be a single place where one can find a comprehensive

collection of educational goals and objectives to define the broad spectrum of knowledge and skills essential for general and child psychiatry This collection does not represent the bias of a single educator or program Rather it consists of a consensually validated ranking of relative importance for each educational goal and objective as determined by a large and international sampling of experienced psychiatric educators as well as an editorial board with some of the most distinguished names in psychiatric education It is even possible to tell at a glance whether the ranked level of importance is the same or different within several national groups for example Canadians vs Americans This book is intended for all students of psychiatry It is particularly valuable to residents in training but equally so for experienced clinicians preparing for Board examination or simply attending to the process of continuing education and intellectual renewal While it might well be used by an institution to delineate the dimensions of a training program in psychiatry it is intended primarily for the self evaluation and self monitoring of one's growth as a psychiatrist

Serious Mental Illness and the Family Diane T. Marsh, 1998-10-16 Serious Mental Illness and the Family helps psychologists psychiatrists family therapists and other mental health professionals give families of patients with mental illness the support and guidance they need to build on existing strengths survive crises meet challenges and enhance the quality of their lives

Adolescent Suicide Group for the Advancement of Psychiatry. Committee on Adolescence, 1996 Even the most skilled therapist may underestimate suicide potential Careful assessment and competent psychiatric intervention cannot always predict the suicidality of a particular person Adolescent Suicide GAP Report 140 presents techniques that allow psychiatrists and all those caring for the health and welfare of adolescents to respond to signals of distress with timely therapeutic intervention It also suggests measures of anticipatory prevention Adolescent Suicide presents an overview of adolescent suicidal behavior It explores risk factors the identification and evaluation of the suicidal adolescent and approaches to therapy It offers both historical and cross cultural perspectives the relevance of suicide to adolescent development mental health training needs regarding suicidality and related issues such as public health policies and medicolegal concerns The risk of suicide presents a unique crisis in adolescent development For this reason all mental health professionals will find this report an indispensable tool in the treatment of adolescents at risk for suicide Drawing from years of combined experience this committee has applied its expertise on adolescent development to the sobering problem of suicide
