REMEDIES FOR BREACH OF CONTRACT

CONTRACT DISPUTES PRACTICAL GUIDES
ISSUE 9, MARCH 2021

This is the ninth in our series of contract disputes practical guides, designed to provide clients with practical guidance on some key issues that feature in disputes relating to commercial contracts under English law.

Establishing that a counterparty is in breach of contract is only the first hurdle to obtaining proper redress. It is just as important for the innocent party to show that it has suffered a loss as a result of the breach, and to prove what that loss is, or to establish that it should be entitled to some other remedy such as an injunction.

Otherwise, the innocent party is likely to be awarded only nominal damages and may even be required to pay legal costs.

Julian Copeman, Natasha Johnson and Rachel Lidgate consider the principal remedies available for breach of contract, focusing in particular on damages and how they are assessed, and provide some practical tips.

(Note that liquidated damages/limitation and exclusion clauses were discussed in issue 6 of this series, so are not covered in this guide.)
