Publications,2007-09-05 Humans often encounter expectations that they behave differently from the people they are Many left handed people have trod lightly on this path When internalized such conflicts can be profoundly disconcerting and must be resolved Each transgendered person contending with her or his suppressed gender identity exists in a continual state of such conflict That person is and is not the child adolescent and adult she or he has learned to be Experience and reflection will ultimately prove that essential identity is far different from education and endeavor Even inevitably recurring brief secret episodes of release merely reconfirm the transgendered persons implacable obsession rather than providing respites from it Such a conflict will not because it cannot resolve itself The focus of The Fallacy of Assignable Gender is gender identity conflict The work begins with an intimately personal account of a forty year struggle with that conflict The condition is examined from the perspectives of medical science religion political theory the arts and others Perhaps as compelling as the nature of the condition is societys reaction to it Fifteen common mischaracterizations share an apparent determination by those who proffer them to ignore or reject what has been learned at great cost Each straw man is explored and refuted A four step plan is presented whose goal is elimination of gender identity suppression Whether the readers interest is personal or professional ending the social and economic scourge of suppressed gender identity will require a broad concerted effort Its undertaking is long overdue **Friendgrief** Harold Ivan Smith,2018-09-17 This book not only examines friendgrief from a theoretical and clinical framework but also Smith offers fascinating vignettes from the lives of well known friendgrievors such as Elton John Diane Sawyer Ralph Abernathy C S Lewis Harry Truman Tommy Lasorda Jimmy Carter Fritz Mondale Bill Clinton Calvin Trillin and Alan King The author includes moving narratives of numerous individuals who have never gained notoriety but have become seasoned friendgrievors *Before* Jim B. Tucker, M.D.,2021-04-13 A fully updated 2 in 1 edition with a new introduction by the author combining Dr Jim B Tucker s bestselling books about children who remember past lives Return to Life and Life Before Life These two books contain first person accounts of Jim B Tucker s experiences with a number of extraordinary children with memories of past lives and expands on the international work started by Tucker s University of Virginia colleague Ian Stevenson Tucker s work has been lauded by the likes of parapsychologist Carol Bowman and Deepak Chopra and has been described by some as quantum physics His goal in each case of a child reporting memories of previous lives is to determine what happened what the child has said how the parents have reacted whether the child s statements match the life of a particular deceased person and whether the child could have learned such information through normal means Tucker has found case studies that provide persuasive evidence that some children do in fact possess

memories of previous lives Thought provoking and captivating the stories in Before urge readers skeptics and supporters alike to think about life death and reincarnation and to reflect about their own consciousness and spirituality
