## **Respecting The Wicked Child A Philosophy Of Secular Jewish Identity And Education:**

Respecting the Wicked Child Mitchell Silver, 1998 A guide to reconciling Jewish tradition and modern secular identity

**The Uncovered Head** Yedidya Itzhaki, 2011-03-28 Surveying the evolution of the Jewish people and its culture and thought throughout the ages this book describes the momentous results of Jewry's encounter with European Modernism It traces how over the past two and a half centuries pluralism and secularism first took hold in the Jewish world and then expanded until they are now the dominant feature and the driving force in contemporary Judaism These issues are illuminated with a wide selection of works from Jewish literature and thought

### **Contemporary Humanistic Judaism**

Adam Chalom, Torah Queeries Gregg Drinkwater, Joshua Lesser, Judith Plaskow, David Shneer, 2009-10-01 A modernized queer reading of the Torah In the Jewish tradition reading of the Torah follows a calendar cycle with a specific portion assigned each week These weekly portions read aloud in synagogues around the world have been subject to interpretation and commentary for centuries Following on this ancient tradition Torah Queeries brings together some of the world's leading rabbis scholars and writers to interpret the Torah through a bent lens With commentaries on the fifty four weekly Torah portions and six major Jewish holidays the concise yet substantive writings collected here open stimulating new insights and highlight previously neglected perspectives This incredibly rich collection unites the voices of lesbian gay bisexual transgender and straight allied writers including some of the most central figures in contemporary American Judaism All bring to the table unique methods of reading and interpreting that allow the Torah to speak to modern concerns of sexuality identity gender and LGBT life Torah Queeries offers cultural critique social commentary and a vision of community transformation all done through biblical interpretation Written to engage readers draw them in and at times provoke them Torah Queeries examines topics as divergent as the Levitical sexual prohibitions the experience of the Exodus the rape of Dinah the life of Joseph and the ritual practices of the ancient Israelites Most powerfully the commentaries here chart a future of inclusion and social justice deeply rooted in the Jewish textual tradition A labor of intellectual rigor social justice and personal passions Torah Queeries is an exciting and important contribution to the project of democratizing Jewish communities and an essential guide to understanding the intersection of queerness and Jewishness

### **The Oxford**

**Handbook of Atheism** Stephen Bullivant, Michael Ruse, 2013-11-21 Recent books by among others Sam Harris Richard Dawkins and Christopher Hitchens have thrust atheism firmly into the popular media and academic spotlight This so called New Atheism is arguably the most striking development in western socio religious culture of the past decade or more As such it has spurred fertile and often heated discussions both within and between a diverse range of disciplines Yet atheism and the New Atheism are by no means co extensive Interesting though it indeed is the New Atheism is a single historically and culturally specific manifestation of positive atheism the that there is are no God's which is itself but one form of a far deeper broader and more significant global phenomenon The Oxford Handbook of Atheism is a pioneering edited volume exploring

atheism understood in the broad sense of an absence of belief in the existence of a God or gods in all the richness and diversity of its historical and contemporary expressions Bringing together an international team of established and emerging scholars it probes the varied manifestations and implications of unbelief from an array of disciplinary perspectives philosophy history sociology anthropology demography psychology natural sciences gender and sexuality studies literary criticism film studies musicology and in a range of global contexts Western Europe North America post communist Europe the Islamic world Japan India Both surveying and synthesizing previous work and presenting the major fruits of innovative recent research the handbook is set to be a landmark text for the study of atheism *Secular Spirituality* Bonnie Cousens, 2003-10 Can you be spiritual without being religious Can you be rational and spiritual at the same time Is there an ethical dimension to spirituality Back cover

**Jewish Secularity** Zachary I. Heller, David M. Gordis, 2012-05-04 A growing number of Jews identify themselves as secular or somewhat secular Is this expansive definition of Jewishness a new phenomenon What are its roots What are its implications for the Jewish community its institutions and its future In reflecting on secular forms of Jewishness the contributors to this book explore the sources of Jewish secularism and its articulation in Jewish thought belief literature and culture Included in this book are several personal accounts of Jewish journeys as well as analyses of the extent of the division between secular Jews and others in the Jewish community In sum Jewish Secularity The Search for Roots and the Challenges of Relevant Meaning provides an overview of a profound development in the evolving history of Jewish life in America *Revisioning Ritual* Simon J. Bronner, 2011-09-30 A fascinating analysis of how the study of ritual is critical to illuminating what is Jewish about Jewishness *Jewish Cultural Studies* Simon J. Bronner, 2021-05-04 Defines the distinctive field of Jewish cultural studies and its basis in folkloristic psychological and ethnological approaches Jewish Cultural Studies charts the contours and boundaries of Jewish cultural studies and the issues of Jewish culture that make it so intriguing and necessary not only for Jews but also for students of identity ethnicity and diversity generally In addition to framing the distinguishing features of Jewish culture and the ways it has been studied and often misrepresented and maligned Simon J Bronner presents several case studies using ethnography folkloristic interpretation and rhetorical analysis Bronner building on many years of global cultural exploration locates patterns processes frames and themes of events and actions identified as Jewish to discern what makes them appear Jewish and why Jewish Cultural Studies is divided into three parts Part 1 deals with the conceptualization of how Jews in complex heterogeneous societies identify themselves as a cultural group to non Jews and vice versa such as how the Jewish home is socially and materially constructed Part 2 delves into ritualization as a strategic Jewish practice for perpetuating peoplehood and the values that it suggests for example the rising popularity of naming ceremonies for newborn girls simhat bat or zaved habat in the twenty first century Part 3 explores narration including the global transformation of Jewish joking in online settings and the role of Jews in American political culture Bronner reflects that a reason to separate Jewish cultural studies from the fields of Jewish studies and cultural

studies is the distinctiveness of Jewish culture among other ethnic experiences As a diasporic group with religious ties and varying local customs Jews present difficulties of categorization He encourages a multiperspectival approach that considers the Jewish double consciousness as being aware of both insider and outsider perspectives participation in ancient tradition and recent modernization and the great variety and stigmatization of Jewish experience and cultural expression Students and scholars in Jewish studies cultural studies ethnic religious studies folklore sociology psychology and ethnology are the intended audience for this book     The Readers Guide to Judaism and Jewish Studies Sarah Imhoff,2013     *New York Noise* Tamar Barzel,2015-01-30 An up close view of the 1990s music scene that brought us neo klezmer bands Tzadik Records and a new vision of Jewish identity Coined in 1992 by composer saxophonist John Zorn Radical Jewish Culture or RJC became the banner under which many artists in Zorn s circle performed produced and circulated their music New York s downtown music scene part of the once grungy Lower East Side has long been the site of cultural innovation and it is within this environment that Zorn and his circle sought to combine as a form of social and cultural critique the unconventional uncategorizable nature of downtown music with sounds that were recognizably Jewish Out of this movement arose bands like Hasidic New Wave and Hanukkah Bush whose eclectic styles encompassed neo klezmer hardcore and acid rock neo Yiddish cabaret free verse free jazz and electronica Though relatively fleeting in rock history the RJC moment produced a six year burst of conversations writing and music including festivals international concerts and nearly two hundred new recordings During a decade of research Tamar Barzel became a frequent visitor at clubs post club hangouts musicians dining rooms coffee shops and archives Her book describes the way RJC forged a new vision of Jewish identity in the contemporary world one that sought to restore the bond between past and present to interrogate the limits of racial and gender categories and to display the tensions between secularism and observance traditional values and contemporary concerns Includes links to audiovisual content     **Jewish Currents** ,2003     *The Journal of Philosophy* ,1999     **The Journal of Jewish Studies** ,1999     *A Life of Courage* Dan Cohn-Sherbok,Marilyn Rowens,2003     *American Book Publishing Record Cumulative 1998* R R Bowker Publishing,1999-03     **Forthcoming Books** Rose Arny,1998     Jewish Feminists Dina Pinsky,2010 How Jewishness and feminism converged in the life histories of twentieth century activists     **Bridges** ,2000     **Contemplate** ,2001
