Brown, 2014-03-11 Wisdom's Wonder offers a fresh reading of the Hebrew Bible's wisdom literature with a unique emphasis on wonder as the framework for understanding biblical wisdom William Brown argues that wonder effectively integrates biblical wisdom's emphasis on character formation and its outlook on creation breaking an impasse that has plagued recent wisdom studies Drawing on various disciplines from philosophy to neuroscience Brown discovers new distinctions and connections in Proverbs Job and Ecclesiastes Each book is studied in

terms of its view of moral character and creation as well as in terms of the social or intellectual crisis each book identifies. Most general treatments of the wisdom literature spend too much time on issues of genre, poetry and social context at the neglect of discussing the intellectual and emotional power of the wisdom corpus. Brown argues that the real power of the wisdom corpus lies in its capacity to evoke the reader's sense of wonder. An extensive revision and expansion of Brown's *Character in Crisis* (Eerdmans, 1996), this book demonstrates that the wisdom books are much more than simply advice literature with wonder as the foundation for understanding. Brown maintains that wisdom is a process with transformation of the self as the goal.

The Message of the Psalter David C. Mitchell, 1997-01-01. This intriguing work argues that the book of Psalms has been redacted to reflect a programme of eschatological events like that of Zechariah 9-14. These events include the ingathering of exiled Israel by a bridegroom king, his establishment of a kingdom followed by his violent death, the scattering of Israel in the wilderness and their subsequent regathering and further imperilment, their rescue by a king from the sky who establishes his kingdom from Zion, brings peace and prosperity to the earth and receives the homage of the nations. There is an appendix of apocalyptic midrashim translated into English for the first time. www.mornstar.co.uk
