Responsibility And Morality Helping Children Become Responsible And Morally Mature:

Responsibility and Morality Larry C. Jensen, Karen M. Hughston, 1979 **Director's Manual for the Child Guidance Series and Child Environment Series**, 1982 **Caring for School-age Children**, 1982 **The Measurement of Moral Judgement: Volume 2, Standard Issue Scoring Manual** Ann Colby, Lawrence Kohlberg, 1987-09-30 This work was originally issued as a two volume set published in 1987 and 1988 It constitutes a definitive presentation of the system of classifying moral judgment built up by Lawrence Kohlberg and his associates over a period of twenty years Researchers in human development and education around the world many of whom have worked with interim versions of the system indeed all those seriously interested in understanding the development of moral judgment will find it a useful and accessible resource Volume 2 includes the scoring systems for three alternate functionally equivalent forms of Kohlberg's moral judgment interview **Moral Responsibility and Persons** Eugene Schlossberger, 2010-07-02 Challenging traditional philosophical views of moral responsibility Eugene Schlossberger argues that we are responsible not so much for what we do as for who we are He explores what it means to be a person concluding that personhood is the sum of beliefs and values which are by no means entirely within our control Consequently the voluntariness of our acts or even whether we act at all is irrelevant to the moral evaluation of us as persons Schlossberger contends that we are to be judged morally on the basis of what we are our world view rather than what we do In **Moral Responsibility and Persons** Schlossberger disputes various received philosophical positions His challenging and entertaining account also examines psychology and its view of the nature of personhood as well as insanity and the personality of animals children and computers He explores the validity of emotions we may feel in response to others especially gratitude and resentment And finally Schlossberger tackles the inevitable implications of his position in the area of crime and punishment **The Moral Foundations of the Youth Justice System** Raymond Arthur, 2016-12-01 When is it fair to hold young people criminally responsible If young people lack the capacity to make a meaningful choice and to control their impulses should they be held criminally culpable for their behaviour In what ways is the immaturity of young offenders relevant to their blameworthiness Should youth offending behaviour be proscribed by criminal law These are just some of the questions asked in this thoughtful and provocative book In **The Moral Foundations of the Youth Justice System** Raymond Arthur explores international and historical evidence on how societies regulate criminal behaviour by young people and undertakes a careful examination of the developmental capacities and processes that are relevant to young people's criminal choices He argues that the youth justice response needs to be reconceptualised in a context where one of the central objectives of institutions regulating children and young people's behaviour is to support the interests and welfare of those children This timely book advocates a revolutionary transformation of the structure and process of contemporary youth justice law a synthesised and integrated approach that is clearly distinct from that used for dealing with adults This book is a key resource for students academics and practitioners across fields

including criminal law youth justice probation and social work **Religious Human Rights in Global Perspective** John Witte, Johan David Van der Vyver, 1996-02-09 **Religious Human Rights in Global Perspective** John Witte Jr., Johan D. van der Vyver, 2023-12-11 In this Dickensian century of human rights the world has cultivated the best of religious rights protections but witnessed the worst of religious rights abuses In this volume Jimmy Carter John T Noonan Jr and a score of leading jurists assess critically and comparatively the religious rights laws and practices of the international community and of selected states in the Atlantic continents This volume and its companion Religious Human Rights in Global Perspective Religious Perspectives are products of an ongoing project on religion human rights and democracy undertaken by the Law and Religion Program at Emory University **The SAGE Handbook of Learning** David Scott, Eleanore Hargreaves, 2015-08-17 Profound and useful readers will benefit from the systematic treatment of learning through superb scholarship Cultural philosophical curricular pedagogical historical perspectives on learning curriculum pedagogy and assessment and learners make this collection unique Carol A Mullen Professor of Educational Leadership Virginia Tech Learning is a fundamental topic in education Combining traditional views of learning and learning theory with sociocultural and historical perspectives this Handbook brings together original contributions from respected researchers who are leading figures in the field The editors provide a insightful introduction to the topic and the theories frameworks themes and issues discussed in the individual chapters are central to each and every learning episode The Handbook is organized into four sections each beginning with a short introduction Philosophical Sociological and Psychological Theories of Learning Models of Learning Learning Curriculum Pedagogy and Assessment Learning Dispositions Life Long Learning and Learning Environments **Dependence and Autonomy in Old Age** George Agich, 2003-08-07 Respecting the autonomy of disabled people is an important ethical issue for providers of long term care In this influential book George Agich abandons comfortable abstractions to reveal the concrete threats to personal autonomy in this setting where ethical conflict dilemma and tragedy are inescapable He argues that liberal accounts of autonomy and individual rights are insufficient and offers an account of autonomy that matches the realities of long term care The book therefore offers a framework for carers to develop an ethic of long term care within the complex environment in which many dependent and aged people find themselves Previously published as Autonomy and Long term Care this revised edition in paperback for the first time takes account of recent work and develops the author's views of what autonomy means in the real world It will have wide appeal among bioethicists and health care professionals **Ethics and Neurodiversity** Alexandra Perry, Anthony Yankowski, 2014-09-26 Increasingly voices in the growing neurodiversity movement are alleging that individuals who are neurologically divergent such as those with conditions related to bipolar disorder autism schizophrenia and depression must struggle for their civil rights This movement therefore raises questions of interest to scholars in the humanities and social sciences as well as to concerned members of the general public These questions have to do with such matters as the accessibility of knowledge

about mental health autonomy and community within the realm of the mentally ill and accommodation in civil society and its institutions The contributors to *Ethics and Neurodiversity* explore these questions and the traditional philosophical questions related to them The authors pay special attention to the need to examine the policies and practices of institutions such as higher education social support and healthcare **Free Will: Concepts and challenges** John Martin Fischer,2005

Philosophy and Psychiatry Daniel D. Moseley,Gary Gala,2015-09-16 This groundbreaking volume of original essays presents fresh avenues of inquiry at the intersection of philosophy and psychiatry Contributors draw from a variety of fields including evolutionary psychiatry phenomenology biopsychosocial models psychoanalysis neuroscience neuroethics behavioral economics and virtue theory Philosophy and Psychiatry s unique structure consists of two parts in the first philosophers write five lead essays with replies from psychiatrists In the second part this arrangement is reversed The result is an interdisciplinary exchange that allows for direct discourse and a volume at the forefront of defining an emerging discipline Philosophy and Psychiatry will be of interest to professionals in philosophy and psychiatry as well as mental health researchers and clinicians *Virtue Ethics, Old and New* Stephen M. Gardiner,2018-08-06 There are grounds for saying that contemporary work in virtue ethics is if not quite in its theoretical infancy at least not far out of diapers And this suggests that we should be gentle and nurturing allowing it time to flourish before coming to any definitive verdict on its merits However it is hard to deny that modern day virtue ethics is part of a long sophisticated and fairly continuous tradition Not only does the approach have origins almost as ancient as philosophy itself but its history also includes extensive work by such philosophical luminaries as at least Socrates Plato Aristotle the Stoics Aquinas and perhaps Hume and Nietzsche And this suggests that we should already be in a good position to assess its appeal from the Introduction In *Virtue Ethics Old and New* ten philosophers seek to enrich the contemporary understanding and development of virtue ethics through a detailed examination of some key contributions from its past Their essays demonstrate the continuing relevance of the history of moral philosophy to contemporary debates **The Future of Punishment** Thomas A. Nadelhoffer,2013-03-01 Scholars are struggling to come to grips with the picture of human agency being pieced together by researchers in the biosciences This volume aims at providing philosophers neuroscientists psychologists and legal theorists with an opportunity to examine the cluster of related issues that will need to be addressed in light of these developments Each of the twelve essays collected here sheds light on an issue essential to the future of punishment and retribution In addition to exploring the sorts of issues traditionally discussed when it comes to free will and punishment the volume also contains several chapters on the relevance or lack thereof of advances in the biosciences to our conceptions of agency and responsibility While some contributors defend the philosophical status quo others advocate no less than a total revaluation of our fundamental beliefs about moral and legal responsibility This volume exposes the reader to cutting edge research on the thorny relationship between traditional theories of agency and responsibility and recent and future scientific advances pertaining to these topics It also provides an

introduction to some of the long standing debates in action theory and the philosophy of law which concern the justification of punishment more generally *Moral Equality, Bioethics, and the Child* Claudia Wiesemann,2016-08-18 Presenting real life cases from clinical practice this book claims that children can be conceived of as moral equals without ignoring the fact that they still are children and in need of strong family relationships Drawing upon recent advances in childhood studies and its key feature the agentic child it uncovers the ideology of adultism which has seeped into much what has been written about childhood ethics However this book also critically examines those positions that do accord moral equality to children but on grounds not strong enough to support their claim It lays the groundwork for a theory of moral equality by assessing the concepts of parenthood family best interest paternalism and above all autonomy and trust which are so important in envisioning what we owe the child It does not only show how children like adults should be considered moral agents from infancy but also how ethical theories addressing adults can significantly profit from recognizing this The analysis takes into account contributions from European as well as American scholars and makes use of a wide range of ethical psychological cultural and social scientific research *Machine Ethics and Robot Ethics* Wendell Wallach,Peter Asaro,2020-09-10 Once the stuff of science fiction recent progress in artificial intelligence robotics and machine learning means that these rapidly advancing technologies are finally coming into widespread use within everyday life Such rapid development in these areas also brings with it a host of social political and legal issues as well as a rise in public concern and academic interest in the ethical challenges these new technologies pose This volume is a collection of scholarly work from leading figures in the development of both robot ethics and machine ethics it includes essays of historical significance which have become foundational for research in these two new areas of study as well as important recent articles The research articles selected focus on the control and governance of computational systems the exploration of ethical and moral theories using software and robots as laboratories or simulations inquiry into the necessary requirements for moral agency and the basis and boundaries of rights and questions of how best to design systems that are both useful and morally sound Collectively the articles ask what the practical ethical and legal issues arising from the development of robots will be over the next twenty years and how best to address these future considerations **Taking Responsibility for Children** Samantha Brennan,Robert Noggle,2007-12-04 What do we as a society and as parents in particular owe to our children Each chapter in Taking Responsibility for Children offers part of an answer to that question Although the contributors vary in the approaches they take and the conclusions they draw each one explores some aspect of the moral obligations owed to children by their caregivers Some focus primarily on the responsibilities of parents while others focus on the role of society and government Taking Responsibility for Children will be of interest to philosophers advocates for children s interests and those interested in public policy especially as it relates to children and families Jacket **A Child Goes Forth** Barbara J. Taylor,1980

Morality and Moral Controversies Steven Scalet,John Arthur,2016-06-23 Morality and Moral Controversies provides

The Top Books of the Year Responsibility And Morality Helping Children Become Responsible And Morally Mature The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Responsibility And Morality Helping Children Become Responsible And Morally Mature : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Responsibility And Morality Helping Children Become Responsible And Morally Mature Introduction

In today's digital age, the availability of Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Responsibility And Morality Helping Children Become Responsible And Morally Mature versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are

primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Responsibility And Morality Helping Children Become Responsible And Morally Mature books and manuals for download and embark on your journey of knowledge?
