Ethics, Morality, and International Affairs Willard D. Keim, 2000 Does morality apply to international politics? Can one be a realist and ethical at the same time? Willard D. Keim answers these questions in *Ethics, Morality, and International Affairs*, arguing that the key to the paradigm of foreign relations is the recognition of the freedom of other human beings. Drawing upon Jean Paul Sartre's two principles, being in-itself and being-for-itself, Keim proposes that while morality should be pertinent to international policy, the world is imperfect and values are not absolutes derived from nature. He develops the idea of lucidity and in the final chapter applies his theories to the Persian Gulf War. Scholars of international politics as well as philosophers and the general educated public will find this book a fascinating read.

Beyond the Pale Miguel A. De La Torre, Stacey M. Floyd-Thomas, 2011-01-01 How should Augustine, Aquinas, Bonhoeffer, Kant, Nietzsche, and Plato be read today in light of postcolonial theory and twenty-first-century understandings? This book offers a reader-friendly introduction to Christian liberationist ethics by having scholars from the margins explore how questions of race and gender should be brought to bear on twenty-four classic ethicists and philosophers. Each short chapter gives historical background for the thinker, describes that thinker's most important contributions, then raises issues of concern for women and persons of color. Contributors include George Tink, Tinker Asante, U. Todd Traci West, Darryl Trimiew, Ada Mar, a Isasi, D. az Robyn Henderson, Espinoza, and many others.

Reed, 2018-08-23 This volume frames the question of

responsibility as a problem of agency in relation to the systems and structures of globalization According to Ricoeur responsibility is a shattered concept when considered too narrowly as a problem of act agency and individual freedom To examine this Esther Reed develops a short genealogy of modern liberal and post liberal concepts of responsibility in order to understand better the relationship dominant modern framings of the meanings of responsibility Reed engages with writings by major modern Schleiermacher Hegel Marx Weber and post liberal Buber Levinas Derrida Badiou Butler Young Critchley theorists to illustrate the shift from an ethnic responsibility built on notions of accountability and attributions to an ethic responsibility that starts variously from the other Reed sees Dietrich Bonhoeffer as the most promising partner of this theological dialogue as his learning of responsibility from the risen Christ present now in the global church is a welcome provocation to new thinking about the meaning of responsibility learned from land distant neighbour global church and the

bible Bonhoeffer's reflections on the centre boundaries and limits of responsibility remain helpful to Christian people struggling with an increasingly exhausted concept of accountability
