Jaithalia, 2022-05-05 Gita has always intrigued me to the core probably because of its powerful presence in our religious upbringings or perhaps simply because of its different narratives commentaries from various commentators from different walks of life over the several centuries gone by So until now we understand Gita from the stand points of its writer To Each to its Own reason for that is the usage of words in any translation commentary The use of heavy vocabulary demotivates the regular reader It s not that it is wrong rather in my view it s because of the fact that Gita has such heavy duty Sanskrit words which conveys more than just the meaning of the word itself so it is difficult for any translator to convey the same message in easier words And I have to admit that it is extremely difficult to translate convey the meaning of these powerful Sanskrit words in easy English Still I have tried in my own humble way to narrate Gita as it is or the way Shri Hari has inspired me to write using day to day words so that every reader can interpret in their own simple way My Gita My Understanding
