The Risen Jesus and Future Hope Gary R. Habermas, 2003 Always be prepared wrote the apostle Peter to give an answer to everyone who asks you to give the reason for the hope that you have Reading and digesting this book will help Gary R Habermas begins his apologetic for Christianity by demonstrating the historicity of the resurrection of Christ He then connects the resurrection to several key tenets of Christian theology through paths not only historical but also philosophical counseling and experiential The resurrection Habermas shows is the central belief for every Christian whether that person believes it was an actual historical event or not But it is Habermas illustration that Jesus quite literally rose bodily from the dead that makes this book so unique The resurrection is not only the foundation for Christian belief past and present but also the basis for future hope What for instance does the resurrection of Jesus have to teach us about our own fear of death Habermas answers to this and other questions proves how essential the resurrection is to living a Christian life and gives us great hope for the future

Gathercole,2022-08-11 A robust scholarly defense of the distinctiveness of the canonical Gospels Do the four New Testament gospels share some essence that distinguishes them from noncanonical early Gospels The tendency among biblical scholars of late has been to declare the answer to this question no that Matthew Mark Luke and John were grouped together by happenstance and are defended as canonical today despite there being no essential commonalities between them Simon Gathercole challenges this prevailing view and argues that in fact the theological content of the New Testament Gospels distinguishes them substantially from noncanonical Gospels Gathercole shows how the Gospels of Matthew Mark Luke and John each include four key points that also formed the core of early Christian preaching and teaching Jesus s identity as messiah the saving death of Jesus the resurrection of Jesus and Scripture s foretelling of the Christ event In contrast most noncanonical Gospels like the Gospel of Thomas the Gospel of Truth and Marcion s Gospel only selectively appropriated these central concerns of early Christian proclamation **Christ and the Critics** Hilarin Felder,1924 The Case for Proto-Mark Delbert Burkett,2018-02-27 The most common explanation for the material shared

by Matthew and Luke the double tradition is that Matthew and Luke both used a source now lost called Q. If we adopt the Q hypothesis to account for the double tradition then what theory best accounts for the material that Matthew and Luke share with Mark? Three main theories have been proposed: Matthew and Luke used the Gospel of Mark as a source (the standard theory of Markan priority); Matthew and Luke used a revised version of Mark's gospel (the Deutero Mark hypothesis); or all three evangelists used a source similar to but earlier than the Gospel of Mark (the Proto Mark hypothesis). Delbert Burkett provides new data that calls into question the standard theory of Markan priority and the Deutero Mark hypothesis. He offers the most comprehensive case to date for the Proto Mark hypothesis, concluding that this theory best accounts for the Markan material.
