*Recruiting, Retaining, and Retraining Secondary School Teachers and Principals in Sub-Saharan Africa*, 2007-01-01 This working paper is based on country case studies of Ethiopia Ghana Guinea Madagascar Tanzania and Uganda and an extensive literature review In many parts of Africa the demand for secondary teachers substantially exceeds the supply due to factors such as secondary teacher attrition bottlenecks in the teacher preparation system and perceived unattractive conditions of service Few countries have strong policies strategies and programs for recruiting able secondary school graduates to secondary teaching The paper suggests several critical and promising areas for improvement in th

Marketing Green Building Services Jerry Yudelson, 2012-07-26 Marketing Green Building Services Strategies for Success presents all the information key decision makers need to respond to the fast growing market for green buildings design and construction services and products Completely updated revised and expanded from the author s previous works this book is the one resource you need to succeed in the green building marketplace With a sound grounding in contemporary marketing theory and practice the book assembles hard to find information to assist executives and partners in design and construction firms in crafting competitive strategies that build on their firm strengths while shoring up their weaknesses Since most design and construction firms specialize in particular market sectors the book systematically examines the important market segments for green buildings It also presents key business case justifications for green buildings that help architects engineers and builders to understand client motivations and respond to them with appropriate marketing tactics and communications strategies The book examines how the green building market is adopting certain new products and design approaches information that will help manufacturers and product sales teams to craft appropriate marketing strategies The book also helps owners and developers understand the green building business case and to find out what other leading edge firms and projects have learned how to market and sell green buildings and green developments in a highly competitive marketplace

**Cut the CRAP and Make the Sale** Russ Peterson, David Cox, Donald A. Sanders, 2010 Cut the CRAP and Make the Sale is the first and only sales handbook to marry a proven psychological methodology to overcome your problems CRAP with professional selling techniques By first understanding the internal selling deterrents you are better prepared for sales success Catastrophizing happens when a sales rep imagines the worst will become real Understanding the Selling and Buyer Processes the mystery of worst case scenario will disappear Rationalizing is a hurdle that allows sales people to logically make sense of why they are not doing what they should The book arms people with successful prospecting techniques that defeat rationalizing Agonizing can cause complete inertia as one weighs decisions Overcoming agonizing means overcoming fear Agonizing is destroyed when you are armed with the selling tools used by successful sales pros Finally Procrastinating leads to mismanagement of your most valuable resource your time Sales can be lost in a matter of minutes While you are pursuing bad business your competitors are signing contracts
