El-Hi Textbooks & Serials in Print, 2005, 2005 El-Hi Textbooks & Serials in Print, 2000, 2000 *Rethinking America* M.E. Sokolik, 1999 **Domestic Space** Janet Floyd, Inga Bryden, 1999 This volume takes forward the debate about 19th century domestic space drawing on economic history and literary criticism To date studies of 19th century domestic space have discussed a feminized middle class sphere often using domestic guides and fictional representations of domesticity to generate their arguments

The British National Bibliography Arthur James Wells, 2001 *Portraits of Women in the American West* Dee Garceau-Hagen, 2013-04-15 Men are usually the heroes of Western stories but women also played a crucial role in developing the American frontier and their stories have rarely been told This anthology of biographical essays on women promises new insight into gender in the 19C American West The women featured include Asian Americans African Americans and Native American women as well as their white counterparts The original essays offer observations about gender and sexual violence the subordinate status of women of color their perseverance and influence in changing that status a look at the gendered religious legacy that shaped Western Catholicism and women in the urban and rural industrial and agricultural West

Rethinking Business Anthropology Alf H. Walle, 2017-09-08 Qualitative methods of business research are emerging as vital tools Business anthropology is at the heart of this movement Although many recent books provide nuts and bolts advice regarding the field Rethinking Business Anthropology Cultural Strategies in Marketing and Management discusses the intellectual traditions from which the discipline has emerged and how this heritage opens up new vistas for business research Gaining these broader perspectives is essential as business anthropologists transcend being mere research technicians and seek to influence organizational policies and strategies Opening chapters deal with the current status of the field and its relationship to ecological and cultural sustainability This is followed by discussions of the intellectual foundations of anthropology and their continued importance to business anthropology An array of chapters provides illustrative applications of business anthropology in order to demonstrate the field's unique and powerful potentials within both scholarly and practitioner research The book concludes with a discussion of the role of business anthropologists in dealing with indigenous people rural populations and cultural enclaves Increasingly businesses seek to connect with such

communities even though mainstream leaders and negotiators often lack the skills necessary to effectively do so Business anthropologists with their dual background in business and cultural diversity are poised to excel in this capacity An appendix by Robert Tian editor of the International Journal of Business Anthropology provides a useful overview of the field as it now exists As business anthropology comes of age this timely monograph provides the perspectives needed for the growth and further development of the field and those who work within it Excellent for the professional bookshelf and as a textbook

Masters of the Middle Waters Jacob F. Lee, 2019-03-11 A riveting account of the conquest of the vast American heartland that offers a vital reconsideration of the relationship between Native Americans and European colonists and the pivotal role of the mighty Mississippi America's waterways were once the superhighways of travel and communication Cutting a central line across the landscape with tributaries connecting the South to the Great Plains and the Great Lakes the Mississippi River meant wealth knowledge and power for those who could master it In this ambitious and elegantly written account of the conquest of the West Jacob Lee offers a new understanding of early America based on the long history of warfare and resistance in the Mississippi River valley Lee traces the Native kinship ties that determined which nations rose and fell in the period before the Illinois became dominant With a complex network of allies stretching from Lake Superior to Arkansas the Illinois were at the height of their power in 1673 when the first French explorers fur trader Louis Jolliet and Jesuit priest Jacques Marquette made their way down the Mississippi Over the next century a succession of European empires claimed parts of the midcontinent but they all faced the challenge of navigating Native alliances and social structures that had existed for centuries When American settlers claimed the region in the early nineteenth century they overturned 150 years of interaction between Indians and Europeans *Masters of the Middle Waters* shows that the Mississippi and its tributaries were never simply a backdrop to unfolding events We cannot understand the trajectory of early America without taking into account the vast heartland and its waterways which advanced and thwarted the aspirations of Native nations European imperialists and American settlers alike

Equity & Cultural Responsiveness in the Middle Grades Kathleen M. Brinegar, Lisa M. Harrison, Ellis Hurd, 2019-04-01 While developmental responsiveness is a deservedly key emphasis of middle grades education this emphasis has often been to the detriment of focusing on the cultural needs of young adolescents This Handbook volume explores research relating to equity and culturally responsive practices when working with young adolescents Middle school philosophy largely centers on young adolescents as a collective group This lack of focus has great implications for young adolescents of marginalized identities including but not limited to those with culturally and linguistically diverse backgrounds LGBTQ youth and those living in poverty If middle level educators claim to advocate for young adolescents we need to mainstream conversations about supporting all young adolescents of marginalized identities It empowers researchers educators and even young adolescents to critically examine and understand the intersectionality of identities that historically influenced and continue to affect young adolescents and why educators might

perceive marginalized youth in certain ways It is for these reasons that researchers teachers and other key constituents involved in the education of young adolescents must devote themselves to the critical examination and understanding of the historical and current socio cultural factors affecting all young adolescents The chapters in this volume serve as a means to open an intentional and explicit space for providing a critical lens on early adolescence a lens that understands that both developmental and cultural needs of young adolescents need to be emphasized to create a learning environment that supports every young adolescent learner

Reconsidering Olmec Visual Culture Carolyn E. Tate,2012-08-24 Recently scholars of Olmec visual culture have identified symbols for umbilical cords bundles and cave wombs as well as a significant number of women portrayed on monuments and as figurines In this groundbreaking study Carolyn Tate demonstrates that these subjects were part of a major emphasis on gestational imagery in Formative Period Mesoamerica In Reconsidering Olmec Visual Culture she identifies the presence of women human embryos and fetuses in monuments and portable objects dating from 1400 to 400 BC and originating throughout much of Mesoamerica This highly original study sheds new light on the prominent roles that women and gestational beings played in Early Formative societies revealing female shamanic practices the generative concepts that motivated caching and bundling and the expression of feminine knowledge in the 260 day cycle and related divinatory and ritual activities Reconsidering Olmec Visual Culture is the first study that situates the unique hollow babies of Formative Mesoamerica within the context of prominent females and the prevalent imagery of gestation and birth It is also the first major art historical study of La Venta and the first to identify Mesoamerica s earliest creation narrative It provides a more nuanced understanding of how later societies including Teotihuacan and West Mexico as well as the Maya either rejected certain Formative Period visual forms rituals social roles and concepts or adopted and transformed them into the enduring themes of Mesoamerican symbol systems

American Book Publishing Record,2007 **National Identity and Geopolitical Visions** Gertjan Dijink,2002-11-01 From the Third Reich to Bosnia nationalism a sense of a nation s place in the world has been responsible for much bloodshed Nationalism may be manipulated by political leaders or governments but it springs from the people Something in the history and environment of a national group creates it This volume aims to locate and analyze the myth of national identity and its value in creating pride deflecting fear or legitimating aggression A range of essays on Britain the United States Germany Russia Iraq Serbia Argentina Australia and India illustrate the different manifestations of the geographical imagination across the countries of the world

Everyday Life in the Segmented City Camilla Perrone,Gabriele Manella,Lorenzo Tripodi,2011-11-10 The conference Everyday Life in the Segmented City held in July 2010 Florence gathered a multiplicity of approaches and points of view dealing with issues of global urbanization This title contains a selection of the papers presented at the conference

Culture and the Middle Classes Simon Stewart,2016-05-13 This book is a sociological study of a societal grouping that has the popular title middle class It argues that it is more precise to describe the middle classes as dominant groupings and

the book draws upon a wide range of characters from such groupings In a detailed analysis of cultural practices those making an appearance include omnivores carnivores herbivores the middle brow traditional culture vultures middle class plunderers the urban arts eclectic and the English gentleman There is a particular focus on those expressing the silver disposition predominantly affluent middle aged and white with a taste for conspicuous consumption and established cultural forms The book brings together a range of disparate sources on the middle classes and offers a sustained engagement with the concept of culture It illustrates the extent to which social groups utilize the various assets at their disposal and seek to maintain the legitimacy of their cultural practices The findings emphasise the continuing link between class and taste Culture and the Middle Classes will be of interest to those working in the fields of class and culture across a range of disciplines including sociology cultural studies social theory media studies and cultural anthropology

Translingual Inheritance Elizabeth

Kimball, 2021-03-16 Translingual Inheritance tells a new story of the early days of democracy in the United States when English had not yet become the only dominant language Drawing on translingual theory which exposes how language use contrasts with the political constructions of named languages Elizabeth Kimball argues that Philadelphians developed complex metalinguistic conceptions of what language is and how it mattered in their relations In depth chapters introduce the democratically active communities of Philadelphia between 1750 and 1830 and introduce the three most populous Germans Quakers the Society of Friends and African Americans These communities had ways of knowing and using their own languages to create identities and serve the common good outside of English They used these practices to articulate plans and pedagogies for schools exercise their faith and express the promise of the young democracy Kimball draws on primary sources and archival texts that have been little seen or considered to show how citizens consciously took on the question of language and its place in building their young country and how such practice is at the root of what made democracy possible
