**Rethinking Homicide** Terance D. Miethe, Wendy C. Regoeczi, Kriss A. Drass, 2004-01-19 Using multiple data sources and methods this book involves a micro historical analysis of the nature of change and stability in homicide situations over time It focuses on the homicide situation as the unit of analysis and explores similarities and differences in the context of homicide for different social groups For example using Qualitative Comparative Analysis we investigate whether various social groups e g men vs women teenagers vs adults strangers vs intimates Blacks vs Whites kill under qualitatively different circumstances and if so what are the characteristics of these unique profiles The analysis of over 400 000 US homicides is supplemented with qualitative analysis of narrative accounts of homicide events to more fully investigate the structure and process underlying these lethal situations Our findings of unique and common homicide situations across different time periods and social groups are then discussed in terms of their implications for criminological theory and public policy

Taking an interdisciplinary approach to juvenile homicide, this handbook brings together the leading experts in social sciences, mental health, and law from many countries. The volume covers the phenomenon of juvenile homicide from beginning to end by addressing the questions: why do kids kill, all the way to how does society stop them from killing. The tough issues involved in sentencing youths who take the lives of others often deliberately and in horrific ways are confronted through chapters addressing the legal issues, child development factors, risk assessment, public attitudes, and ethical concerns. The volume brings together research specifically conducted for this volume in addition to summaries and discussions of clinical and empirical findings. Each chapter ends with key takeaway points. *Contesting Femicide* Adrian Howe, Daniela Alaattinoğlu, 2018-09-03 Focusing on femicide this book provides a contemporary re evaluation of Carol Smart's innovative approach to the law question as first outlined in her ground breaking book *Feminism and the Power of Law* Routledge 1989 Smart advocated turning to the legal domain not so much for demanding law reforms as construing it as a site on which to contest gender and more particularly gendered constructions of women's experiences Over the last 30 to 40 years feminist law scholars and activists have launched scathing trans jurisdictional critiques of the operation of provocation defences in hundreds of femicide cases The evidence unearthed by feminist scholars that these defences operate in profoundly sexed ways is unequivocal Accordingly femicide cases have become critically important sites for feminist engagement and intervention across numerous jurisdictions Exploring an area of criminal law that was not one of Smart's own focal concerns this book both honours and extends Smart's work by approaching femicide as a site of engagement and counter discourse that calls into question hegemonic representations of gendered relationships Femicide cases thus provide a way to continue the endlessly valuable discursive work Smart advocated and practised in other fields of law both in articulating alternative accounts of gendered relationships and in challenging law's power to disqualify women's experiences of violence while privileging men's feelings and rights
