Rethinking Japan's Identity And International Role Tradition And Change In Japan's Foreign Policy:

Rethinking Japan's Identity and International Role, 2001

Rethinking Japan's Identity and International Role

Susanne Klien, 2018-10-24 This paper presents a study of Japan's international role with a special focus on its historical evolution To that end the following three pillars lay the necessary theoretical foundations one the notions of historical and political identity and a discussion of the ambivalent shapes they have taken in Japan two the regional context an examination of Japan's situation with respect to Asian history as a whole and finally the civilian power concept as defined by Hanns W Maull

Toward a More Amicable Asia-Pacific Region Yoneyuki Sugita, 2015-12-15 The Asia Pacific region has been enjoying fast growing economy As President Barack Obama's pivot to Asia strategy indicates this region is an engine for the world economic growth However the Asia Pacific has also been an unstable region suffering from many sources of conflicts such as disputes on Senkaku Diaoyu Islands the unsettled Exclusive Economic Zone EEZ borders and many others Do we need a hegemonic power to stabilize this region What can we do to deal with the emergence of China How can we understand anti Japanese feelings Is there any way to deal with the problem on Senkaku Diaoyu Islands How can we analyze nuclear crisis on the Korean peninsula Can the European Union make any contribution to stabilizing the Asia Pacific region Those are some of the concrete questions this book tackles with in order to find ways and means to establish a more amicable Asia Pacific region

Urban Migrants in Rural Japan Susanne Klien, 2020-02-01 Offers an in depth ethnography of paradigm shifts in the lifestyles and values of youth in post growth Japan Urban Migrants in Rural Japan provides a fresh perspective on theoretical notions of rurality and emerging modes of working and living in post growth Japan By exploring narratives and trajectories of individuals who relocate from urban to rural areas and seek new modes of working and living this multisited ethnography reveals the changing role of rurality from postwar notions of a stagnant backwater to contemporary sites of experimentation The individual cases presented in the book vividly illustrate changing lifestyles and perceptions of work What emerges from Urban Migrants in Rural Japan is the emotionally fraught quest of many individuals for a personally fulfilling lifestyle and the conflicting neoliberal constraints many settlers face In fact flexibility often coincides with precarity and self exploitation Susanne Klien shows how mobility serves as a strategic mechanism for neophytes in rural Japan who hedge their bets gain time and seek assurance inspiration and courage to do or further postpone doing what they ultimately feel makes sense to them This book is a valuable contribution to knowledge about diversifying rural Japan and evokes reflection about the future of post growth Japan Klien's study benefits from assiduous and long term field research and insightful analysis She excels at locating the specifics of the study in theoretical observations and concepts thereby setting the work into a larger consideration of Japan's paradigm shifts in lifestyle and values Nancy Rosenberger author of *Gambling with Virtue Japanese Women and the Search for Self in a Changing Nation*

The International Minimum Jessamyn R. Abel, 2015-05-31 The International Minimum tells the history of internationalism in

Japan from the 1930s to 1960s shedding light on the deep connections between modes of diplomacy during times of aggressive imperial expansion and of peaceful cooperation For most of the twentieth century a rhetoric of international cooperation for peace and stability persisted as the lingua franca of foreign relations in Japan and around the world even during the years of rampant nationalisms and global war The advocacy and practice of multilateral cooperation though attenuated and often distorted and abused did not disappear during the years of aggression and war but instead were channeled into new and unexpected directions With a broad view of international relations that takes into account but also looks beyond the official sites of multilateral cooperation this book uncovers a continuous evolution of internationalist thought and activity in Japan that extends across the dark valley of war and the historiographical schism of defeat Acknowledging this continuity does not mitigate the violence and atrocities of the wartime regime But recognizing that institutions activities and rhetoric that were derived from the Wilsonian internationalism of the 1920s contributed to imperialism and war as well as to the postwar construction of a peaceful and democratic new Japan does help us understand the enthusiastic participation in war and empire in the years before 1945 by many of the same people in all sectors of Japanese society who eagerly embraced postwar structures of cooperation for peace and shared prosperity This study rethinks the standard narrative of Japan's international cooperation in three ways by taking seriously those international activities conducted outside of formal state level relations by examining cultural forms of international engagement and by asserting the importance of rhetoric in cultivating what was then referred to as an international mind Rather than signaling the demise of multilateral participation Japan's infamous withdrawal from the League of Nations became in fact the occasion for the diversification of internationalist activities For instance proponents of a people's diplomacy campaigned to bring the 1940 Olympic Games to Tokyo and established the Society for International Cultural Relations a national organization for international cultural exchange But as Japanese society was increasingly mobilized for war even such popular and cultural efforts at international cooperation were made to contribute to the imperialist project In the decade after the war ended familiar internationalist rhetoric became a keystone in the construction of a so called new Japan This book traces the evolution of the internationalist worldview in Japan by examining both official policy and general discourse surrounding epochal moments such as Japan's withdrawal from the League and admission into the United Nations the failed and successful attempts to host a Tokyo Olympiad and wartime and postwar regional conferences in Tokyo and Bandung Indonesia Bringing these varied elements together produces a synthetic history of internationalism imperialism and the performance of diplomacy in the twentieth century when new global norms required a minimum level of international engagement This story is told through the materials of both high diplomacy and mass culture Unpublished documents in government and private archives reveal one layer of the formation of Japanese internationalism The public discourse found in popular journals books newspapers advertisements poems and songs articulates what would become the common sense

views of international relations that helped delineate the realm of the possible in imperial and postwar Japanese foreign policy

Japan's Evolving Security Policy Kyoko Hatakeyama, 2021-03-22 Japan has been expanding its military roles in the post Cold War period This book analyses the shift in Japan's security policy by examining the collective ideas of political parties and the effect of an international norm Starting with the analysis of the collective ideas held by political parties this book delves into factors overlooked in existing literature including the effects of domestic and international norms as well as how an international norm is localised when a conflicting domestic norm already exists The argument held throughout is that these factors play a primary role in framing Japan's security policy Overall three security areas are studied Japan's arms trade ban policy Japan's participation in United Nations Peacekeeping Operations and Japan's enlarged military roles in international security Close examination demonstrates that the weakening presence of the left since the mid 1990s and the localisation of an international norm encouraged Japan to broaden its military role Providing a comprehensive picture of Japan's evolving security policy this book asserts that shifts have occurred in ways that do not violate the pacifist domestic norm Japan's Evolving Security Policy will appeal to students and scholars of International Relations Asian Politics Asian Security Studies and Japanese Studies

Rethinking Japanese Security Peter J. Katzenstein, 2008 Since the unexpected end of the Cold War standard arguments about power politics can no longer be adopted uncritically This has led to a renewed interest in Japan's unusually peaceful security policy Japan's championing of comprehensive security is central to this collection Peter J Katzenstein's essays explore this concept which not only encompasses traditional military concerns but also domestic aspects of security The book's focus on counter terrorism and national security highlights a policy approach which over decades Japan has developed with political patience and diplomatic finesse These essays advocate an eclectic approach that helps in recognizing new questions and that seek to combine elements from different analytical perspectives in the exploration of novel lines of argument Additionally the book features an entirely new substantial introduction that explores and elaborates the themes of the collection while bringing it up to date This collection will be of significant interest to students and scholars of Japanese politics security studies and international relations

The Ascendancy of Regional Powers in Contemporary US-China Relations Kari Roberts, Saira Bano, 2023-10-14 Great power competition is back on the world stage and today's international system is home to regional influences on great power relations that cannot be ignored The United States unipolar moment is long over and China's hegemonic ambitions find expression in a comprehensive global competition with the US that plays out across multiple spheres of world politics The US China rivalry can be felt in geostrategic economic governance diplomacy intelligence and technological spheres to name a few Most accounts of China US relations in the context of great power conflict emphasize the many ways in which this rivalry has a ripple effect across the globe with an impact upon the relations and interests of smaller powers And while these effects are considerable and important this book contends that attention must also be paid to the ways in which smaller regional states

have the potential to shape this great power rivalry Put simply great powers both shape and are shaped by smaller states Any understanding of contemporary great power relations between the US and China requires both a top down but also a bottom up consideration of the interplay between great powers and regional ones Often the interests of regional powers are rooted in domestic considerations such as their identities and national interests and these influences transcend borders and often have an impact upon the great powers This book considers these smaller regional actors and attempts to measure the extent to which they influence the US China rivalry For this study constructivist theory which prioritizes the agency that regional powers enjoy is loosely used as a tool to enable a more robust and comprehensive understanding of the influences on the contemporary great power relationship Each of the book s chapters represents a region or part of a region that enjoys a considerable impact upon US China relations

National perspectives on a multipolar order Benjamin Zala,2021-10-26 The global distribution of power is changing But how should we make sense of this moment of transition With the rise of new powers and the decline of seemingly unchallenged US dominance in world politics a conventional wisdom is gaining ground that a new multipolar order is taking shape Yet multipolarity an order with multiple centres of power is variously used as a description of the current distribution of power of the likely shape of a future global order or even as a prescription for how power should be distributed in the international system To understand the power of the different and sometimes competing narratives on offer today about the changing global order a global perspective is necessary This book explores how the concept of a multipolar order is being used for different purposes in different national contexts From rising powers to established powers contemporary debates are analysed by a set of leading scholars to provide in depth insight into the use and abuse of a widely employed but rarely explored concept

Archives and Human Rights Jens Boel,Perrine Canavaggio,Antonio González Quintana,2021-02-09 Why and how can records serve as evidence of human rights violations in particular crimes against humanity and help the fight against impunity Archives and Human Rights shows the close relationship between archives and human rights and discusses the emergence at the international level of the principles of the right to truth justice and reparation Through a historical overview and topical case studies from different regions of the world the book discusses how records can concretely support these principles The current examples also demonstrate how the perception of the role of the archivist has undergone a metamorphosis in recent decades towards the idea that archivists can and must play an active role in defending basic human rights first and foremost by enabling access to documentation on human rights violations Confronting painful memories of the past is a way to make the ghosts disappear and begin building a brighter more serene future The establishment of international justice mechanisms and the creation of truth commissions are important elements of this process The healing begins with the acknowledgment that painful chapters are essential parts of history archives then play a crucial role by providing evidence This book is both a tool and an inspiration to use archives in defence of human rights The Open Access version of this book available at <http://www.taylorfrancis.com/books/e> ISBN has

been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Human Security as Statecraft Nik Hynek, 2012-02-20 This book critically investigates the discourses and practices of human security and aims to delve below the stereotypical imageries representing them Drawing on Foucault and Deleuze the author approaches human security from a new perspective with the aim of ascertaining what has been behind and underneath a certain spatio-temporal articulation of human security and with what political implications and consequences Each human security assemblage is composed of messy discourses and practices which are loosely related and sometimes even disconnected This book examines the Canadian and Japanese articulations of human security and establishes the kinds of structural terrains have enabled shaped or blocked the unfolding of these versions of human security The pivotal contention of the book is that Canadian and Japanese articulations of human security have been different because they have grown from completely different domestic economies of power governing the relationship between the state apparatus and the non-profit and voluntary sector While the Canadian human security assemblage has been shaped by transformations in the country's advanced liberal model of government the Japanese has been shaped by the continuities of Japan's bureaucratic authoritarianism A novel approach is employed for the related process tracing a general series linking structural conditions with actual articulations of the human security projects and their further development including analysis of their unintended consequences This book will be of much interest to students of Critical Security Studies human security global governance foreign policy and IR Security studies

Rethinking the World Jeffrey W. Legro, 2016-12-01 Stunning shifts in the worldviews of states mark the modern history of international affairs how do societies think about and rethink international order and security Japan's opening German conquest American internationalism Maoist independence and Gorbachev's new thinking molded international conflict and cooperation in their eras How do we explain such momentous changes in foreign policy and in other cases their equally surprising absence The nature of strategic ideas Jeffrey W Legro argues played a critical and overlooked role in these transformations Big changes in foreign policies are rare because it is difficult for individuals to overcome the inertia of entrenched national mentalities Doing so depends on a particular nexus of policy expectations national experience and ready replacement ideas In a sweeping comparative history Legro explores the sources of strategy in the United States and Germany before and after the world wars in Tokugawa Japan and in the Soviet Union He charts the likely future of American primacy and a rising China in the coming century Rethinking the World tells us when and why we can expect changes in the way states think about the world why some ideas win out over others and why some leaders succeed while others fail in redirecting grand strategy

Japan and the Great War Antony Best, Oliviero Frattolillo, 2015-10-05 In this book seven internationally renowned experts on Japanese and Asian history have come together to investigate with innovative methodological approaches various aspects of the Japanese experience during and after the First World War

The China-Japan Conflict over the Senkaku/Diaoyu Islands Anna Costa, 2017-09-27 This book examines

the foreign and security policies adopted by China and Japan since the 1970s in their competition over the Senkaku Diaoyu Islands in the East China Sea It charts the development of a dispute that has become a potential flashpoint for conflict between the two countries The book explains that while increasing nationalism in both China and Japan helps to fuel and sustain the dispute a key factor is that the leaderships in both countries find competition over the islands to be a convenient vehicle supporting their wider approach to foreign and security policy which is becoming increasingly assertive and potentially belligerent

Japan's Rush to the Pacific War Lionel P. Fatton, 2023-02-28 This book investigates the phenomenon of overbalancing through an analysis of Japan's foreign policy during the interbellum In the mid 1930s Japan withdrew from a naval arms control framework that had restrained military buildup on both sides of the Pacific Ocean since the early 1920s By doing so Japan not only triggered a naval arms race with the United States that exhausted its economy it also destroyed the last institutionalized structure regulating the relationship between the two Pacific powers Japan and the United States became caught in a spiral of tensions that culminated with the attack on Pearl Harbor in December 1941 Puzzling is the fact that the international environment in the Asia Pacific was relatively stable in the mid 1930s while Washington was pursuing a policy of accommodation toward Tokyo By rejecting arms control and engaging in unfettered naval expansion Japan overbalanced against the United States and began its rush to the Pacific War The book explains Japan's overbalancing with a neoclassical realist model that combines the literatures on threat perception and civil military relations Amid the Manchurian crisis of 1931-1933 as the Japanese government collaborated with the military institution to address the situation in China military influence on the formulation of foreign policy surged The perceptual and policy biases of the military which include the tendency to distrust other countries' intentions to adopt worst case analyses of international dynamics and to strive to maximize military power gradually penetrated the decision making process Dysfunctions in the preexisting structure of Japanese civil military relations engendered by an over depoliticization of the military institution allowed the navy to convince policymakers that the United States was inherently hostile to Japan hence the necessity to prepare for war The government was brainstormed adopting the biased military perspective on international affairs Japan overbalanced in a myopic but conscious way

The British National Bibliography Arthur James Wells, 2004

Education in the Global City Aaron Koh, Terence Chong, 2017-10-02 Education in the Global City examines education in Singapore through the critical lens of manufacturing The book brings together two disparate fields which inform each other education and the global city and the book's contributors analyse and critique the manufacturing of Singapore education and Singapore's global city formation The collection covers vocational education language policies Higher Education English education critical thinking sex education creativity and critical feminist scholarship Collectively the book pries open the ideology of the manufacturing education system and points out the tension between the nation and its ideologies and the global city aspirations It also asks how education contributes to and is shaped by the market realities of Singapore's global city

ambitions which are at odds with the nationalistic local agenda and priorities of nation building In interrupting and speaking against the prevailing and narrow manufacturing of education for a teleological end in spite of Singapore's successful nation building this book is an important contribution to critical education scholarship This book was originally published as a special issue of Discourse Studies in the Cultural Politics of Education History Education and International Relations Hirano Mutsumi, 2009-02-12 This is the first in depth study to examine the implications of history education in the context of international relations interstate and transnational focusing on Japanese textbooks as the principal case study The author argues that despite a widespread recognition that our grasp of history has some relevance to our views and attitudes towards foreign countries and peoples ergo ultimately its impact on national policy there appears to be little coherent discussion of such a significant topic and its practical applications in the field of International Relations This study therefore develops a conceptual framework and directs attention to the factors which predetermine the perceptions and attitudes of the public and policy makers and in doing so searches for the roots of their world view The book addresses the following issues Government Influence on the Domestic Educational Environment The Domestic Environment and its Interaction with the External Environment History Education in Practice A case of Japan The Japanese History Textbook Disputes in the Asian Context Parts I and II Twenty five Years On The Task of Coming to Terms with the Past American Foreign Policy and Postwar Reconstruction Jeff Bridoux, 2013-01-11 On the eve of the invasion of Iraq President G W Bush argued that if setting up democracy in Japan and Germany after WW II was successful then it should also be successful in Iraq This book provides a detailed comparison of the reconstruction of Japan from 1945 to 1952 with the current reconstruction of Iraq evaluating the key factors affecting the success or failure of such projects The book seeks to understand why American officials believed that extensive social reengineering aiming at seeding democracy and economic development is replicable through identifying factors explaining the outcome of U S led post conflict reconstruction projects The analysis reveals that in addition to the effective use of material resources of power the outcome of reconstruction projects depends on a variety of other intertwined factors and Bridoux provides a new analytical framework relying on a Gramscian concept of power to develop a greater understanding of these factors and the ultimate success or failure of these reconstruction projects Appraising the effectiveness of American power in the contemporary international structure this work is a significant contribution to the field and will be of great interest to all scholars of foreign policy international relations and conflict studies Narrating Trauma Ronald Eyerman, Jeffrey C. Alexander, Elizabeth Butler Breese, 2015-10-23 Through case studies that examine historical and contemporary crises across the world the contributing writers to this volume explore the cultural and social construction of trauma How do some events get coded as traumatic and others which seem equally painful and dramatic not Why do culpable groups often escape being categorised as perpetrators These are just some of the important questions answered in this collection Some of the cases analysed include Mao's China the Holocaust the Katyn Massacre and the

Kosovo trauma Expanding the pioneering cultural approach to trauma this book will be of interest to scholars and postgraduate students of sociology

Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find

Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy

websites that offer free PDF downloads on a specific topic. While downloading Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy Books

What is a Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy PDF?

A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a**

Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to

save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rethinking Japans Identity And International Role Tradition And**

Change In Japans Foreign Policy PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic

editing capabilities. **How do I convert a Rethinking Japans Identity And International Role Tradition And Change In Japans Foreign Policy PDF to another file format?** There are multiple ways to convert a PDF to another format: Use

online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in

different formats. **How do I password-protect a Rethinking Japans Identity And International Role Tradition And**

Change In Japans Foreign Policy PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file?
