Rethinking Anthropology Edmund Ronald Leach, 1966 *Rethinking Anthropology* E. R. Leach, 2021-01-07 A collection of brilliant and provocative essays from Edmund Leach one of the most original voices in the social anthropological tradition Rethinking Anthropology E. R. Leach, 1966-02-01 This book presents a collection of brilliant and provocative essays from Edmund Leach one of the most original voices in the social anthropological tradition **Performing Islam** Azam Torab, 2007 *Performing Islam* focuses on a wide spectrum of ritual activities in Iran today as a key for elucidating social cultural and political processes but in particular the values and beliefs underpinning gender constructions in a rapidly changing complex society Time and the Highland Maya Barbara Tedlock, 1992-03 Described as a landmark in the ethnographic study of the Maya this study of ritual and cosmology among the contemporary Quiché Indians of highland Guatemala has now been updated to address changes that have occurred in the last decade *The Routledge Handbook of Language and Culture* Farzad Sharifian, 2014-12-17 The Routledge Handbook of Language and Culture presents the first comprehensive survey of research on the relationship between language and culture It provides readers with a clear and accessible introduction to both interdisciplinary and multidisciplinary studies of language and culture and addresses key issues of language and culturally based linguistic research from a variety of perspectives and theoretical frameworks This Handbook features thirty three newly commissioned chapters which cover key areas such as cognitive psychology cognitive linguistics cognitive anthropology linguistic anthropology cultural anthropology and sociolinguistics offer insights into the historical development contemporary theory research and practice of each topic and explore the potential future directions of the field show readers how language and culture research can be of practical benefit to applied areas of research and practice such as intercultural communication and second language teaching and learning Written by a group of prominent scholars from around the globe The Routledge Handbook of Language and Culture provides a vital resource for scholars and students working in this area **Rethinking Islam and Space in Europe** C.J.J. Moses, Tobias Müller, Adela Taleb, 2022-09-05 The role of Islam in public spaces is one of the most prevalent political questions in Europe Contestations around the construction of mosques the ban of Islamic veils and populist rhetoric about problematic neighbourhoods indicate Europe's struggles with the place of its second largest religion This book advocates for an analytical turn in the study of Islam in Europe using space as a central conceptual lens While spatial approaches are gaining traction in the study of religion migration ethnicity race and politics the chapters in this book argue that the critical potential of a spatialised analysis in the field of Islam in Europe remains largely unexplored This volume presents a collection of nine empirical studies that offer insights into how scholars might exploit the category of space when analysing both current political issues and broader conceptual questions in the social sciences And more specifically how does a spatial perspective on Islam contribute to a deeper understanding of the formations of the state ethnicity race secularism gender and colonial structures Rethinking

Islam and Space in Europe is a significant new contribution to racial and ethnic studies in Europe and will be a great resource for academics researchers and advanced students of Politics Sociology Social and Political Geography Anthropology and Religious Studies The chapters in this book were originally published as a 2021 special issue of Ethnic and Racial Studies

Covid's Chronicities Lenore Manderson, Nancy J. Burke, 2025-04-28 COVID 19 continues to cause severe morbidity and ongoing mortality Covid's Chronicities documents the shifts that have occurred in the face of the pandemic the state and community responses to it its continuing toll on health services economies and communities and its compounding effects on people's health lives and livelihoods This volume draws on research from across Europe North and Latin America Asia and Africa providing surprising contrasts and consistencies of experience As the pandemic has shifted from urgency to chronic unpredictability everywhere people have struggled to make sense of state actions in infection control testing strategies and the roll out of vaccines and to remake social life The contributing authors illustrate with poignancy how chronic social problems and pandemic effects have worked bidirectionally compounding multiple inequalities and exacerbating for some despair and disassociation They also demonstrate the ingenuity of communities of Indigenous ways of knowing and providing care in some settings and elsewhere the power of robust local community networks and informal innovations While this book exposes the pandemic's exploitation of deep structures of state and societal neglect and describes the resultant morass it also illustrates the determination and imaginations of caring communities to withstand Covid's harms **Participatory**

Oxford Handbook of Critical Concepts in Music Theory Alexander Rehding, Steven Rings, 2019-11-19 Music Theory has a lot of ground to cover Especially in introductory classes a whole range of fundamental concepts are introduced at fast pace that can never be explored in depth or detail as other new topics become more pressing The short time we spend with them in the classroom belies the complexity and in many cases the contradictions underlying these concepts This book takes the time to tarry over these complexities probe the philosophical assumptions on which these concepts rest and shine a light on all their iridescent facets This book presents music theoretical concepts as a register of key terms progressing outwards from smallest detail to discussions of the music theoretical project on the largest scale The approaches individual authors take range from philosophical historical or analytical to systematic cognitive and critical theoretical covering the whole diverse spectrum of contemporary music theory In some cases authors explore concepts that have not yet been widely added to the theorist's toolkit but deserve to be included in other cases concepts are expanded beyond their core repertory of application This collection does not shy away from controversy Taken in their entirety the essays underline that music theory is on the move exploring new questions new repertoires and new approaches This collection is an invitation to take stock of music theory in the early twenty first century to look back and to encourage discussion about its future directions Its chapters open

up a panoramic view of the contemporary music theoretical landscape with its expanding repertoires and changing guiding questions and offers suggestions as to where music theory is headed in years to come

Rethinking Disability Patrick Devlieger, Beatriz Miranda-Galarza, Steven E. Brown, Megan Strickfaden, 2016-06-15 The act of life is a lived experience common and unique that ties each of us to every other lived experience The fact of disability does not alter this fundamental truth In this edition of *Rethinking Disability World Perspectives in Culture and Society* we are presented with a system of thinking that considers the values of disability as a resource as a creative source of culture that moves disability out of the realm of victimized people and insurmountable barriers and provides opportunities to use the

experience of disability to enter into networks that recognize strengths of differing abilities The authors within will intrigue you will move you will charm you but always will challenge your notion of sameness and difference as they confront the construct and de construct of disability and ableism They present compelling arguments for viewing disABILITY through the multiple lenses of disability culture They explore themes and issues that transcend past and origins time and place nuances of genetics to experiences of present and becoming and towards the future and beyond mere human yet always intrinsically connected to being human This book is intended for all audiences who dare to confront difference and sameness within themselves and in connection with others to inspire researchers who wish to explore and examine disability across social cultural and economic barriers It is an invitation to push away the barriers bring ableism inside to a place where the prosthesis is no longer the elephant in the room

Reconsidering Race Kazuko Suzuki, Diego A. Von Vacano, 2018 To better understand the idea of race in the postgenomic age social science ought to move beyond merely repeating the race is a social construct mantra This collection directly engages the interface between social scientific and natural scientific perspectives on race considering recent developments in genomics The book provides views that go beyond US centered or Western based paradigms on race

Indigenous Rights and Development Andrew Gray, 1997 The Arakmbut are an indigenous people in the southeastern Peruvian rain forest who have survived with their culture intact despite encounters with missionaries since the 1950s and a gold rush into their territory over the past 15 years This final volume of the series looks at the growing consciousness among the Arakmbut of their own rights and the growing development of indigenous rights internationally and describes the importance of the invisible spirit world in the Arakmbut legal system Annotation copyrighted by Book News Inc Portland OR

Rethinking Anthropology Edmund Ronald Leach, 1982

Body, Meaning, Healing T. Csordas, 2002-09-05 Exactly where is the common ground between religion and medicine in phenomena described as religious healing In what sense is the human body a cultural phenomenon and not merely a biological entity Drawing on over twenty years of research on topics ranging from Navajo and Catholic Charismatic ritual healing to the cultural and religious implications of virtual reality in biomedical technology Body Meaning Healing sensitively examines these questions about human experience and the meaning of being human In recognizing the way that the meaningfulness of our existence as bodily beings is sometimes created in the encounter between suffering and the sacred these penetrating ethnographic studies elaborate an experimental understanding of the therapeutic process and trace the outlines of a cultural phenomenology grounded in embodiment
