Writers Christine L. Krueger, 2014-07 This concise encyclopedic reference profiles more than 800 British poets **Irish Literature** Mary Ketsin, 2004 Irish literature's roots have been traced to the 7th-9th century. This is a rich and hardy literature starting with descriptions of the brave deeds of kings, saints, and other heroes. These were followed by generous veins of religious, historical, genealogical, scientific, and other works. The development of prose, poetry, and drama raced along with the times. Modern well-known Irish writers include William Yeats, James Joyce, Sean Casey, George Bernard Shaw, Oscar Wilde, John Synge, and Samuel Beckett. **An Irish Literature Reader** Maureen O'Rourke Murphy, James MacKillop, 2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course-friendly alternative to the Field Day anthology, editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature, including Old Irish epic and lyric poetry, Irish folksongs, and drama. For each author, the editors provide a biographical sketch, a brief discussion of how his or her selections relate to a larger body of work, and a selected bibliography. In addition, this new volume includes a larger sampling of women writers. **Empire's Wake: Postcolonial Irish Writing and the Politics of Modern Literary Form** Mark Quigley, 2013 Traces development of Irish literary modernism from the 1920s to the 1990s through the writings of James Joyce, John Millington Synge, Samuel Beckett, Sean O'Faolain, Frank McCourt, and the Blasket Island autobiographers Tomas O'Crohan and Maurice O'Sullivan. Considers Irish literature in relation to Irish nationalism and aftermath of British empire. *Sean O'Faolain* Donatella Abbate Badin, 2001

Encyclopedia of British Writers, 1800 to the Present George Stade, Karen Karbiener, 2010-05-12 Contains alphabetically arranged entries that provide biographical and critical information on major and lesser-known nineteenth and twentieth-century British writers and includes articles on key schools of literature and genres. **Literary Research and Irish Literature** Greg J. Matthews, 2008-12-04 Literary Research and Irish Literature Strategies union library catalogs, print and online bibliographies, manuscripts, and archives, microfilm, and digitization projects, scholarly journals, periodicals, newspapers, and reviews, and electronic and Web resources. To ease comparison and evaluation of references, each chapter addresses how to choose and utilize research methods and tools to yield the most relevant information. This guide also examines the strengths and weaknesses of core and specialized electronic and print research tools and standard search techniques and when appropriate covers the historical and cultural contexts and usability issues of unique reference sources. This volume, number 5 in the series, raises trenchant issues in Irish literary scholarship, such as the problem of defining what Irish literature is, gaps in criticism, and secondary literature devoted to Irish literature, neglected areas of scholarly inquiry, including Irish literature by women and lesser-known writers, and the rewards of interdisciplinary research. It concludes with a brief consideration of a scenario illustrating how a scholar might use strategies and sources covered in the text to solve a research problem. **Irish Literature** Maureen O'Rourke Murphy, James MacKillop, 1987 *Remembering the Revolution* Frances Flanagan, 2015-06-18 Remembering the Irish Revolution chronicles the ways in which the Irish revolution was

remembered in the first two decades of Irish independence While tales of heroism and martyrdom dominated popular accounts of the revolution a handful of nationalists reflected on the period in more ambivalent terms For them the freedoms won in revolution came with great costs the grievous loss of civilian lives the brutalisation of Irish society and the loss of hope for a united and prosperous independent nation To many nationalists their views on the revolution were traitorous For others they were the courageous expression of some uncomfortable truths This volume explores these struggles over revolutionary memory through the lives of four significant but under researched nationalist intellectuals Eimar O Duffy P S O Hegarty George Russell and Desmond Ryan It provides a lively account of their controversial critiques of the Irish revolution and an intimate portrait of the friends enemies institutions and influences that shaped them Based on wide ranging archival research Remembering the Irish Revolution puts the history of Irish revolutionary memory in a transnational context It shows the ways in which international debates about war human progress and the fragility of Western civilisation were crucial in shaping the understandings of the revolution in Ireland It provides a fresh context for analysis the major writers of the period such as Sean O Casey W B Yeats and Sean O Faolain as well as a new outlook on the genesis of the revisionist nationalist schism that continues to resonate in Irish society today

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion

A Critical Study of Sean O'Faolain's Life and Work Marie Arndt, 2001 A critical exploration of the life and work of Sean O

Faolain a somewhat neglected Irish writer placing his achievement in historical and political context Marie Arndt's theoretical framework uses primarily Foucault and Fanon Though O Faolain tried to convey a picture of himself as an internationalist he also remained emotionally attached to his Irish roots This study proposes that these fundamental points lie at the heart of his often contradictory arguments on contemporary Irish issues such as the Gaelic heritage Catholicism nationalism and the Anglo Irish and English colonial presence in Ireland
