and ideals including remembrance processes witnessing reconciliation non recurrence and various struggles against injustices and prevalent violence This collection contributes to and expands our understanding of archives in transitional justice and critically questions core assumptions being made about the inherently positive contributions archives and records make to dealing with a violent past The chapters in this book were originally published as a special issue of The International Journal of Human Rights The Humanitarian Review ,1910 *Memory from A to Z* Yadin Dudai,2004 This is an innovative and engaging companion to the language of memory research It consists of over 130 entries bound within a coherent conceptual framework Each entry starts with a definition or a set of definitions followed by an in depth and provocative discussion of the origin meaning usage and applicability of ideas and problems central to the neuroscience of memory and scientific culture at large The entries linked by webs of associations can be read and enjoyed and provide a versatile tool kit a source for definitions information and further reading a trigger for contemplation discussion and experimentation and an aid to study teaching and debate in classes and seminars The text is supported by an extensive reference listing and there is a comprehensive subject index incorporating a much wider range of terms relevant to the field **For the Fatherland** Ilsa Fanchin,2013-01-31 In October of 1944 the fifth year of World War II the war escalated in Germany and all hands including women were needed to keep the offensive alive In *For the Fatherland* author Ilsa Fanchin records the last eight months of the war as seen through her eyes She tells about receiving her draft notice along with other young unmarried twenty two year old women who were physically able and employed in nonsensitive positions not vital for the war effort Along with approximately three hundred young female draftees she boarded a train from her home in Frankfurt am Main to the large industrial town of Leipzig in Eastern Germany The women were inducted underwent physicals received uniforms and took a mandatory oath in a solemn ritual to serve the Fatherland This memoir narrates the story of how these women served under primitive conditions during a bitterly cold winter working on searchlights and replacing young male soldiers needed in combat on several fronts of fighting *For the Fatherland* provides an insightful look into the role women played during World War II in Germany and the sacrifices that were made for the cause **Legacy of the Lancasters** Martin W. Bowman,2013-05-30 Young or old everyone has heard of the Lancaster bomber Such is the legacy handed down by this aviation icon that although it is not the most numerous aircraft ever built two are still flying today one in Britain and another in Canada with many proudly displayed in museums throughout the world it is up there with the Spitfire and the Flying Fortress in terms of affection nostalgia and lasting fame The legendary Lancaster has bequeathed to the world an invaluable heritage beloved of generations of movie goers air show enthusiasts readers of fine literature and historians alike Exploits such as the famous low level raid by 617 Squadron on Germany's hydro electric dams on the night of 16 17 May 1943 the nightly raids on Germany and the sinking of the Tirpitz in 1945 are all without equal At the 50th anniversary of the raid in 1993 more than 70 000 people thronged Derwent Water to watch the BBMF Lancaster roar over the same dam that 617

practiced on shortly before the raid on 16 17 May 1943 As we approach the 70th Anniversary of the raid such scenes will no doubt play out once again It seems timely therefore that such a history should be recorded charting the course of the Lancasters career in the skies and the legacy it continues to provide for new generations of aviation enthusiasts and pilots The text is supplemented throughout by an exciting selection of black and white images that work to evoke a real sense of the scale and majesty of this iconic aircraft An additional colour plate section boasts a captivating range of shots showing the aircraft in full glory

The Last Paladin P. T. Deutermann, 2022-07-19 Winner of the 2023 W Y Boyd Literary Award for Excellence in Military Fiction A gripping tale of anti submarine warfare in the World War II Pacific Theater by a master of military adventure fiction The Last Paladin by P T Deutermann is based on the true story of the USS Holland DE 24 a World War II Atlantic Fleet destroyer escort which has spent the past two years in the unforgiving battle for survival against the German U boats of the North Atlantic Summoned to relieve destroyers that are bogged down by escort duty in the escalating Pacific Theater the Holland is met with a rather cold reception In the eyes of Pacific Fleet sailors North Atlantic convoy duty pales in comparison to the bloody carrier sinking battles of Savo Island and Guadalcanal However Atlantic Fleet ships have had to specialize in one thing anti submarine warfare The Holland is sent off into remote South Pacific operating areas with orders to find and destroy Japanese submarines but with little expectation of success Her commanders take the mission literally using radio intercepts that are being ignored at higher levels they determine that the Japanese have set up a 1000 mile long picket line of six submarines an entire squadron's worth to act as a moveable barrier against the expected American advance into the next set of islands These submarines are poised to sink every American aircraft carrier and destroyer and to change the course of the war What happens next is one of the legendary stories of the US Navy The Last Paladin is high stakes naval warfare at its best told with utter authenticity and a former ship captain's understanding of dramatic intense combat P T Deutermann continues his acclaimed series of WWII thrillers in this unforgettable novel

The Mighty A: The Short, Heroic Life of the USS Atlanta (CL-51) David F.

Winkler,2025-02-15 This microhistory of the birth life and death of an American cruiser offers valuable insight into the early years of World War II including the procedures processes and personnel of the Navy naval life and naval warfare The account of its loss in the Naval Battle of Guadalcanal is particularly gripping Craig Symonds author of Nimitz at War Prior to the Japanese attack on Pearl Harbor the U S Navy s leadership discovered that the surface fleet was highly vulnerable to air attack thanks to the introduction of drone aircraft that could simulate attacks on its warships The Navy s gunners simply did not have the coordinated firepower to knock them down Recognition of this vulnerability resulted in a new class of warship led by USS Atlanta The attack on Pearl Harbor shocked the nation Following the declaration of war lines formed outside of recruiting stations as Americans desired to don the uniform With Margaret Mitchell serving as the ship s sponsor Atlanta s commissioning on Christmas Eve 1941 served as a rallying point for a country weary of bad news overseas Some of those new recruits would find their way to Atlanta s quarterdeck For the capital of the Peachtree State the ship was not only a source of civic pride but a reason for many young men to join the Navy with the promise of assignment The commanding officer Captain Samuel Jenkins had just weeks to ready a group of nearly 700 sailors the majority having no seagoing experience into a crew that could effectively fight the ship in combat Joining the Pacific Fleet in time for the epic Battle of Midway Atlanta s guns would fire the first salvos in the vicious Naval Battle of Guadalcanal early on November 13 1942 Heavily damaged by gunfire and torpedoes Atlanta would be scuttled later that day only hours after the tragic loss of sister ship Juneau CL 52 Atlanta was awarded five battle stars for her World War II service and a Presidential Unit Citation for her fighting spirit in the Naval Battle of Guadalcanal This first comprehensive account of Atlanta s war covers her construction commissioning and full war service

Trevor Mostyn,2016-05-06 First published in 1987 A simple record of the author s travels in the Middle East over a period of twenty years it is intended faithfully to reflect the region as a catalyst to the development of his own life from carefree youth to maturity and marriage Literature.

Cinema and Politics 1930-1945 Lara Feigel,2010-07-16 This book tells the story of a generation of writers who were passionately engaged with politics and with cinema exploring the rise and fall of a distinct tradition of cinematic literature Dismayed by the rise of fascism in Europe and by the widening gulf separating the classes at home these writers turned to cinema as a popular and hard hitting art form Lara Feigel crosses boundaries between high modernism and social realism and between high and popular culture bringing together Virginia Woolf with W H Auden Elizabeth Bowen with John Sommerfield Sergei Eisenstein with Gracie Fields The book ends in the Second World War an era when the bombs and searchlights rendered everyday life cinematic Feigel interrogates the genres she maps drawing on cultural theories from the 1920s onwards to investigate the nature of the cinematic and the literary While it was not possible directly to transfer the techniques of the screen to the page any more than it was possible to go over to the working classes the attempts nonetheless reveal a fascinating intersection of the visual and the verbal the political and the aesthetic In reading between

the frames of an unexplored literary tradition this book redefines 1930s and wartime literature and politics **The House of Memory** John Freely, 2018-02-20 In this funny and tender memoir John Freely reflects on a remarkable life Splitting his early childhood between the U S and Ireland inspired in Freely a lifelong desire to see the world and its inhabitants At age six he settled in Brooklyn where he spent a sometimes tumultuous boyhood amidst a large extended family moving from house to house the family s belongings packed in an uncle s hearse Growing up poor in his teens Freely took whatever jobs he could when times got tough always shaking off his losses and moving on hungry for new experiences and adventures He joined the U S Navy at seventeen to see the world and did just that As a member of an elite commando unit he was sent to one of the most remote places in Asia where he served alongside Chiang Kai shek s Chinese forces during the last weeks of World War II A vivid recollection on a world that now exists only in memory The House of Memory is a lasting tribute to a life well lived and to all of the immigrant families who have struggled endured and enriched our country
