Secured Transactions Teaching Matl Casebook 3rd:

Secured Transactions James J. White, G. Eric Brunstad (Jr.), 2013 This book deals with both the basics of secured transactions under Article Nine of the UCC and some of the most complex modern transactions such as repos and securitizations To offset the complexities of the subject matter the authors have made this text extremely user friendly Every chapter has extensive expository introductory material to help the student get oriented This manageably sized book is organized by transaction e g loans on equipment loans on inventory etc rather than by code section e g attachment perfection etc so that students can see how various transactions develop rather than learning about sections of the code out of context A course on Article Nine offers the opportunity for the student to acquire an extensive and vitally important commercial law vocabulary and this book maximizes that opportunity In addition to extensively revising all of the former chapters the new edition adds a new introductory chapter on the history of secured transactions and the interpretation of Article Nine including use of the official comments and a concluding chapter on the theory of Article Nine This tracks modern curricular trends including increased interest in courses on legislation and more detailed consideration of methods of statutory interpretation

Sales and Secured Transactions Richard E. Speidel, James J. White, Robert S. Summers, 1993 *Problems and Materials on Secured Transactions* Linda J. Rusch, Stephen L. Sepinuck, 2010 The book is designed to teach students about secured transactions and the law that governs them while training students in the use and interpretation of statutes Emphasis is on textual explanation followed by carefully sequenced problems that test students understanding and provide a basis for classroom discussion The book is Available in both print and electronic formats The electronic version will have links to more than two

dozen electronic exercises for students to work through and help them increase their understanding of Article 9 concepts Fully up to date it includes material on the 2010 amendments to Article 9 separated and marked to avoid confusion for instructors in states that have not yet enacted the changes Accompanied by a detailed teacher s manual with extensive analysis of all the problems Accompanied by a web site that contains PowerPoint slides that diagram most of the problems

Problems and Cases on Secured Transactions James Brook,2008 Straightforward back to basics approach engaging problems Problems and Cases on Secured Transactions is exactly the right casebook to introduce students To The intricacies of UCC Article 9 and modern secured financing With an artful combination of textual material detailed citations To The UCC engaging problems and questions and well edited cases James Brook demonstrates to students that this material need not be impenetrable but can be not only completely comprehensible but enjoyable as well When you examine a copy of this casebook notice the many features that are bound to make it a tremendous asset in your classroom presents the material which so many students find daunting on first approach as easily accessible and as manageable as possible without oversimplification or avoiding difficult aspects of the topic uses the problem based approach with thoroughly engaging and imaginative scenarios that draw students in encouraging the user to appreciate goals concerns opportunities and risks from each party s perspective problems progress from simple to more complex giving students the opportunity to appreciate the common elements and internalize the idea that rules and principals learned in a simpler setting can readily be applied to more complex transactions Earlier problems lean more heavily though not exclusively On the individual and consumer borrower situations later problems include progressively more small business and large business transactions cases are heavily edited with editorial notes liberally used to fill in the blanks while maintaining the underlying story that is present in all cases helps student appreciate that the principal resource For The course is UCC Article 9 as found the statutory supplement Professor Brook reinforces the concept that the casebook is a tool to be used for study In preparing before class and during class as a guide or outline for discussion but that the law is found in the Code usable with either original or Revised version of Article 1 a comprehensive Teacher s manual and a companion website for adopters that will include regular updates and a possible forum for ongoing discussion with other users If you want an accessible engaging problem based casebook to teach secured transactions be sure to examine a copy of Problems and Cases on Secured Transactions before you teach your next course **Secured Transactions** Lynn M. LoPucki,Elizabeth Warren,Robert M.

Lawless,2019-10-31 The premier authority on secured transactions Secured Transactions A Systems Approach is known for its cutting edge coverage dynamic pedagogy and ease of use for instructors The Systems Approach gives students the big picture Straightforward explanations and cases prepare the students to solve real life problems in the context of actual transactions A modular structure allows for tremendous flexibility in course design The materials are divided into bite sized assignments making it easier for instructors to make and adjust assignments for class This problem based casebook supports

the teaching of Article 9 alone or expansion of the course to include Article 9 in the full context of bankruptcy mortgages judicial liens and statutory liens New to the 9th Edition Updated throughout while retaining the same structure Highly adaptable modular text broken into assignments Main sections can be taught in any order New cases throughout including the Second Circuit's landmark decision in *In re Motors Liquidation* Problem based approach with ethics integrated Problems progress from easy to difficult Professors and students will benefit from Comprehensive Teacher's Manual with suggestions for teaching coverage changes from the prior edition lists of key concepts for each assignment and the answers to every question asked in the book The main sections can be taught in any order Bite sized assignments organized for 50 minute or 75 minute classes Can support ABA qualified experiential courses Casebook authors who are happy to engage with adopters and include them as characters in the book Coverage of non Article 9 aspects of secured transactions that students will need as lawyers Default problem sets for ease of assignment extra problems for variety from year to year Engaging problems with interesting characters and real world issues providing all of the information necessary to solve the problems A real life approach that prepares students for the practice of law Clear explanations of every subject no hiding of the ball Basic financial literacy information included throughout the book Focus on how lien systems actually work in practice *Secured Transactions*, 1985 **Problems and Materials on Secured Transactions** Douglas J. Whaley, 1993 *Secured Transactions, Teaching Notes* Richard E. Speidel, James J. White, Robert S. Summers, 1987-09 [Problems and Cases on Secured Transactions](#) James A. Brook, Keith A. Rowley, 2023-09-15 Brook Rowley's *Problems and Cases on Secured Transactions* provides an updated problem based approach to teaching and learning Article 9 of the Uniform Commercial Code Using a problem based approach Brook Rowley's *Problems and Cases on Secured Transactions* 4th Edition engages students with imaginative scenarios while providing an accessible and manageable approach to personal property secured transactions without avoiding the intricacies of UCC Article 9 or de-emphasizing its interplay with other UCC articles selected state non UCC law or federal bankruptcy law Designed for a standalone Secured Transactions course but adaptable to other configurations the book presents UCC Article 9 as completely comprehensible even enjoyable rather than as arcana that only an insider can be expected to understand Cases have been thoughtfully selected and edited and the authors' textual discussion helps connect the cases to the problems and explores the materials' practical and practice oriented relevance A good mix of shorter and longer problems gives each chapter a focused flow while frequently recurring characters and basic fact patterns help to reinforce how the lessons of each chapter build onto the more comprehensive whole mapped out in prior and upcoming chapters Earlier problems lean more heavily though not exclusively on the individual and consumer borrower situations As the lessons advance the mix of materials progressively includes more small business and large business transactions New to the Fourth Edition New co-author Keith A. Rowley brings a quarter century of experience teaching Secured Transactions augmented by insights gained over nearly two decades of active involvement in the ABA Business Law

Section and during his tenures as a Uniform Law Commissioner and as an elected member of the American Law Institute in which capacity he actively consulted on the 2010 Amendments to UCC Article 9 and made several contributions to the 2022 UCC Amendments which span the entire Code New cases that replace statutorily obsolete or judicially superseded ones included in the prior edition or that augment cases carried over from the prior edition Extensively edited and judiciously augmented textual materials Extensively edited and judiciously augmented chapter problems Corrected replaced and supplemented end of part multiple choice review questions Brief discussion of the 2022 UCC Amendments which have only been adopted in a handful of states as they relate to pre amendment UCC Article 9 Professors and students will benefit from Simple straightforward organization of chapters and of material within each chapter that makes it easy to tailor assignments according to differing class credits and to the individual instructor s coverage preferences Textual introductions direction to particular statutory sections and comments and thoughtfully edited cases designed to focus student attention on the issues at hand Interesting and engaging problems that encourage the students to prepare answers before class discussion allowing the student to continually monitor their understanding of the topic being covered Recurring characters and basic fact patterns help students to more readily bridge from one topic to the next and see the bigger picture of UCC Article 9 and how each chapter contributes to better appreciating that picture Review Questions with answers at the end of each Part of the book that helps students gauge their comprehension of and facility with the material discussed over several chapters and help professors meet new ABA formative assessment requirements
