Baucom,1992 Most people think Star Wars began with the ideas of Ronald Reagan but its roots reach decades further back In this first scholarly account of the origins of the Strategic Defense Initiative SDI historian Don Baucom traces these roots back to the dawn of the missile age in 1944 He finds SDI emerging after a period of nearly 40 years from forces generated by technological developments changing strategic conditions and the collapse of the SALT arms control negotiations of the 1970s **We All Lost the Cold War** Richard Ned Lebow,Janice Gross Stein,1995-07-23 In the 1980s Soviet evidence suggests the Reagan arms buildup delayed rather than hastened the accommodation Gorbachev desired for internal political reasons Both nations the authors argue expended lives and resources out of all reasonable proportion to their legitimate security interests with destabilizing consequences that persist today

Special Bibliography Series United States Air Force Academy. Library,195? **The Evolution of Nuclear Strategy** L. Freedman,2003-07-18 First published twenty years ago Lawrence Freedman s Evolution of Nuclear Strategy was immediately acclaimed as the standard work on the history of attempts to cope militarily and politically with the terrible destructive power of nuclear weapons It has now been rewritten drawing on a wide range of new research and updated to take account of the period following the end of the cold war taking the story to contemporary arguments about missile defence **Moral Principles and Nuclear Weapons** Douglas P. Lackey,1984 Philosophy and science Jacket Bibliography p 242 257 Includes index **World Communism at the Crossroads** S.S. Rosefielde,2013-03-09 The collection of essays presented in this volume grew out of a series of lectures given at the University of North Carolina during the academic year

1976 1977 The series was sponsored by the Soviet and East European Studies Program which I chaired at the time and the Curriculum of Peace War and Defense headed by James Leutze In the ensuing years almost all the manuscripts have been redrafted at frequent intervals to reflect the changing state of knowledge in each respective discipline The final version of the text that appears here is therefore the outcome of a long developmental process It is up to date and embodies our individual views on world communism at the present juncture Although the recent Soviet invasion of Afghanistan occurred shortly after this volume was completed that event has not impaired the book's timeliness The findings of Rosefield Lee Valenta and Leutze all point toward a resurgence of Soviet expansionism and Parker explicitly predicted the Afghan invasion in the first draft of his essay June 1978 see p 32
