Mall City Stefan Al, 2016-07-01 Hong Kong is the twenty first century paradigmatic capital of consumerism Of all places it has the densest and tallest concentration of malls reaching tens of stories Hong Kong's malls are also the most visited sandwiched between subways and skyscrapers These mall complexes have become cities in and of themselves accommodating tens of thousands of people who live work and play within a single structure Mall City features Hong Kong as a unique rendering of an advanced consumer society Retail space has come a long way since the nineteenth century covered passages of Paris which once awed the bourgeoisie with glass roofs and gaslights It has morphed from the arcade to the department store and from the mall into the mall city where express escalators crisscross mesmerizing atriums Highlighting the effects of this development in Hong Kong this book raises questions about architecture city planning culture and urban life At the nexus of density humidity topography and prosperity Hong Kong has spawned more malls per square mile than any place on earth This fantastic book decodes and graphically depicts an environment both apart and ubiquitous a convulsive form of public space in a liquid territory where intensely contested politics commerce and sociability weirdly merge in a city like no other Michael Sorkin distinguished professor of architecture of the City University of New York Hong Kong may be packed with the most shopping malls per square kilometer in the world but Mall City is packed with the most drawings information and fascinating mall facts The book dissects categorizes and displays all kinds of intriguing data on the city state's shopping complexes and culture Its richly layered analysis perfectly matches Hong Kong's multi story machines

for consumption Clifford Pearson director of USC American Academy in China Stefan Al has again produced a book that provides a sharp lens on radically new urban forms that are emerging in China While his previous books *Villages in the City* and *Factory Towns of South China* introduced the site of production and housing for the migrant labor of the Pearl River Delta here we enter the phantasmagoria of the enormous interconnected free trade shopping zone of the Hong Kong Special Administrative Region *Mall City* dissects the basic unit of this climate controlled consumer landscape the mall This beautifully illustrated book is a must read for those who wish to understand the future of public space in high density cities Brian McGrath professor of urban design and dean of constructed environments Parsons School of Design **City Tourism** Robert Maitland, Brent W. Ritchie, 2009 Capital city status attracts and drives tourism by enhancing a city's appeal to the tourist and its international standing With a focus on city tourism themes this book examines subjects including the identity of a city in a tourism context and practical matters such as promoting the city as a product By examining tourist activities in national capitals the book addresses issues in capital city development as tourist destinations with a broad international approach and case studies on major tourist cities *Tourism Geography* Stephen Williams, 2014-09-16 *Tourism Geography* develops a critical understanding of how different geographies of tourism are created and maintained Drawing on both historical and contemporary perspectives the discussion connects tourism to key geographical concepts relating to globalization mobility new geographies of production and consumption and post industrial change The new edition has been fully updated to have an international focus with global case studies and broader based content **Digital Technologies of the Self** Yasmine Abbas, Fred Dervin, 2009-10-02 Inspired by the technologies of the self theorized by Michel Foucault in the early 1980s this volume investigates how contemporary individuals fashion their identity identities using digital technologies such as ambient intelligent devices social networking platforms and online communities Facebook CouchSurfing and craigslist online gaming SilkRoad Online Oblivion and World of Warcraft podcasts etc With high speed internet access ubiquitous computing and generous storage capacity the opportunities for staging and transforming the self selves have become nearly limitless This book explores how technologies contribute to the expression co construction and enactment of identities It examines these issues from various perspectives as it brings together insights from different disciplines design discourse analysis philosophy and sociology *The Ethics of Mobilities* Tore Sager, 2016-03-23 With this book the international academic discourse on mobility is taken a step further through the intertwined perspectives of different social sciences engineering and the humanities *The Ethics of Mobilities* departs from the recent interest in social surveillance raised by the use of technology for the surveillance and control of mobility as well as for transport It widens this theme to encompass a broad scale of issues ranging from freedom and escape to social exclusion and control thus raising important questions of ethics identity and religion questions that are dealt with by a diverse yet structured range of chapters arranged around the themes of ethics and religion and freedom and control Through their variety and diversity of perspectives the

chapters of this book offer a substantial interdisciplinary contribution to the socially and environmentally relevant discussion about what a technically and economically accelerating mobility does to life and how it might be transformed to sustain a more life enhancing future Ethics of Mobilities will excite not only international interest but will also appeal to scholars across a wide range of disciplines in fields as diverse as theology and engineering
