Seductive Forms Womens Amatory Fiction From 1684 To 174:

Seductive Forms Rosalind Ballaster, Ros Ballaster, 1992 This book explores the ways in which three women novelists of the late 17th and early 18th centuries challenged and reworked both contemporary gender ideologies and generic convention

Seductive Forms Rosalind Ballaster, 1989 *New Contexts for Eighteenth-Century British Fiction* Christopher D. Johnson, 2011-04-18 *New Contexts for Eighteenth Century British Fiction* is a collection of thirteen essays honoring Professor Jerry C Beasley who retired from the University of Delaware in 2005 The essays written by friends collaborators and former students reflect the scholarly interests that defined Professor Beasley s career and point to new directions of critical inquiry The initial essays which discuss Tobias Smollett Elizabeth Singer Rowe and Samuel Richardson suggest new directions in biographical writing including the intriguing discourse of life writing explored by Paula Backscheider Subsequent essays enrich understandings of eighteenth century fiction by examining lesser known works by Jane Barker Eliza Haywood and Charlotte Lennox Many of the essays especially those that focus on Smollett use political pamphlets material artifacts and urban legends to place familiar novels in new contexts The collection s final essay demonstrates the vital importance of bibliographic study *The Oxford Handbook of Eighteenth-Century Satire* Paddy Bullard, 2019-07-30 Eighteenth century Britain thought of itself as a polite sentimental enlightened place but often its literature belied this self image This was an age of satire and the century s novels poems plays and prints resound with mockery and laughter with cruelty and wit The street level invective of Grub Street pamphleteers is full of satire and the same accents of raillery echo through the high scepticism of the period s philosophers and poets many of whom were part time pamphleteers themselves The novel a genre that emerged during the eighteenth century was from the beginning shot through with satirical colours borrowed from popular romances and scandal sheets This Handbook is a guide to the different kinds of satire written in English during the long eighteenth century It focuses on texts that appeared between the restoration of the Stuart monarchy in 1660 and the outbreak of the French Revolution in 1789 Outlier chapters extend the story back to the first decade of the seventeenth century and forward to the second decade of the nineteenth The scope of the volume is not confined by genre however So prevalent was the satirical mode in writing of the age that this book serves as a broad and characteristic survey of its literature The Oxford Handbook of Eighteenth Century Satire reflects developments in historical criticism of eighteenth century writing over the last two decades and provides a forum in which the widening diversity of literary intellectual and socio historical approaches to the period s texts can come together *The Oxford Handbook of the Eighteenth-Century Novel* J. A. Downie, 2016-07-21 Although the emergence of the English novel is generally regarded as an eighteenth century phenomenon this is the first book to be published professing to cover the eighteenth century English novel in its entirety This Handbook surveys the development of the English novel during the long eighteenth century in other words from the later seventeenth century right through to the first three decades of the nineteenth century when with the publication of the

novels of Jane Austen and Walter Scott the novel finally gained critical acceptance and assumed the position of cultural hegemony it enjoyed for over a century By situating the novels of the period which are still read today against the background of the hundreds published between 1660 and 1830 this Handbook not only covers those masters and mistresses of early prose fiction such as Defoe Richardson Fielding Sterne Burney Scott and Austen who are still acknowledged to be seminal figures in the emergence and development of the English novel but also the significant number of recently rediscovered novelists who were popular in their own day At the same time its comprehensive coverage of cultural contexts not considered by any existing study but which are central to the emergence of the novel such as the book trade and the mechanics of book production copyright and censorship the growth of the reading public the economics of culture both in London and in the provinces and the re printing of popular fiction after 1774 offers unique insight into the making of the English novel The Cambridge Companion to Aphra Behn Derek Hughes, Janet Todd, 2004-11-25 Traditionally known as the first professional woman writer in English Aphra Behn has now emerged as one of the major figures of the Restoration She provided more plays for the stage than any other author and greatly influenced the development of the novel with her ground breaking fiction especially *Love Letters between a Nobleman and his Sister* and *Oroonoko* the first English novel set in America Behn's work straddles the genres beside drama and fiction she also excelled in poetry and she made several important translations from French libertine and scientific works This Companion discusses and introduces her writings in all these fields and provides the critical tools with which to judge their aesthetic and historical importance It also includes a full bibliography a detailed chronology and a description of the known facts of her life The Companion will be an essential tool for the study of this increasingly important writer and thinker *The Prospect Before Her: 1500-1800* Olwen H. Hufton, 1995 This book is the first history of women to integrate the history of women into general history In it Hufton a distinguished historian and award winning author brings together a mass of detailed material on women in early modern Europe

Presenting Gender Chris Mounsey, 2001 A collection of essays that concerns writers or real people of the early modern period who presented their protagonists or themselves as members of the opposite biological sex The collection demonstrates the variety of motives for such acts of gender passing and offers interpretations that shed some light on the probable intentions of the gender passers Literature Criticism from 1400 to 1800, 2007 **The History of British Women's Writing, 1690 - 1750** Jennie Batchelor, Cora Kaplan, Caroline Bicks, Jennifer Summit, Rosalind Ballaster, Jacqueline M. Labbe, 2010-09-10 Rethinking the history of women's writing and literary history itself this volume 2 examines the diversity of early women's writing from verse and songs to household records and recipes offering a new paradigm for understanding women's shaping roles in the literary religious and political movements of the sixteenth century *Aphra Behn (1640-1689)*, 2000 It was Aphra Behn who opened up new paths for women in their quest for an identity to know themselves better by discovering the other As the many books published in Britain and in the United States over the last

years this volume reveals the numerous facets of the writer while stressing her ambiguity **Forthcoming Books** Rose

Husband and Lasselia Eliza Haywood,2014-10-17 Eliza Haywood 1693 1756 was one of the first women in England to earn
 a living writing fiction Her early tales of amorous intrigue sometimes based on real people were exceedingly popular though
 controversial Haywood along with her contemporary Daniel Defoe did more than any other writer to create a market for
 fiction in the period just prior to the emergence of Samuel Richardson Henry Fielding and Tobias Smollett the dominant
 novelists of the mid eighteenth century The scheming sexually predatory anti heroine of The Injur d Husband is a memorable
 villain who defies all expectations of a woman s conduct in marriage The heroine of Lasselia is initially a model of virtue who
 bravely resists the advances of a king only to be driven by her passion and desire into an illicit affair with a married man and
 ultimately into ruin These two provocative narratives strikingly represent Haywood s extraordinary contribution to the
 development of the novel
