Seeds For The Future Growing Organic Leaders For Living Churches:

Seeds for the Future Robert D Dale, 2005-06-01 After more than twenty years of leading and lecturing on leadership models based on a CEO approach to leadership Robert Dale has taken a 180 degree turn Rather than the pry and push mechanical models of industry Dale has moved to an organic sow and grow approach The issue says Dale is whether or not congregational leaders really believe the church of Jesus Christ is alive If congregations are living communities they deserve to be lead in ways that plant seeds of faith in good seedbeds and then cultivate the seeds that germinate until harvest This very old biblical and very new postmodern way of conceptualizing leadership begins with growing leaders then moves to community health and growth In Seeds for the Future Robert Dale continually challenges church leaders to practice pastoral leadership in a new way He uses examples and coaching conversations to weave three growth processes into a practice model for living churches connecting centering and challenging This new model becomes interlocking ongoing processes for focusing living communities on growth and health A TCP Leadership Series title **Evangelism Where You Live** Gene Wilkes, Stephen Pate, 2013-05-09 **Cultivating Perennial Churches** Robert D. Dale, 2008 **Borderland Churches** Gary V Nelson, 2009-01-01 Borderland Churches is a call to embrace the pluralistic post Christian and postmodern culture with a sense of opportunity and hope The author uses the image of the church crossing over into an in between time a place where faith is lived outside the walls of the church engaging the community in incarnational ways To live in that precarious but exhilarating place where faith and other faiths and no faith meet Only individuals and congregations that accept this new reality will be able to carry on Christian ministry in this new cultural situation A TCP Leadership Series title **Coaching for Christian Leaders** Chad Hall, Linda Miller, 2007-05-01 Miller and Hall center totally on the nature and ministry of Christian coaching They provide an overview of the growth and development of coaching and its application to Christian ministry They show core coaching skills and essential and supporting coaching skills The core skills of focused listening and asking powerful questions reappear throughout the book as the authors demonstrate in real life situations how to use them A TCP Leadership Series title **The Calling of Congregational Leadership** Larry L. McSwain, 2013-05-30 Leading is a calling from God but that doesn't mean it is easy There are choices to be made about what your congregation believes how your church organizes for effective ministry and how your church serves the settings of which you are a part The good news is that others have gone before you Author Larry L McSwain's forty years of experience can help guide you through these choices Rooted in research The Calling of Congregational Leadership teaches a three pronged approach to congregational leadership being a good leader the knowledge needed by the leader and the managing of ministry leadership By using this practical holistic approach to leading congregations McSwain shows you how to use your church's potential for conveying the power of God in the lives you touch The Calling of Congregational Leadership is for those who seek to enlarge the understanding of their leadership to make their communities of faith more vital and more reflective of the mission of God in

the world **Political Church** Jonathan Leeman, 2016-03-01 What is the nature of the church as an institution What are the limits of the church's political reach Drawing on covenant theology and the new institutionalism in political science Jonathan Leeman critiques political liberalism and explores how the biblical canon informs an account of the local church as an embassy of Christ's kingdom Recreating the Church Richard L Hamm, 2009-08-01 Mainline denominations in the United States are in crisis These institutions created in and for modernity are now facing a changed postmodern culture Hamm faces the crisis examining its origins and offers sound advice on how to lead to church to make the adaptive changes needed to thrive in postmodern times A TCP Leadership Series title **Christ-Centered Coaching** Jane Creswell, 2006-05-01 Creswell draws from her extensive corporate and ministry coaching experience to provide ministers and other church leaders a clear definition of what coaching is and the seven basic benefits an individual church or group can receive through a qualified coach Solidly based in experience each chapter is built upon an actual scenario growing out of Creswell's own coaching experience Along with the illustration she provides scriptural teaching gives explicit information on the purpose and merits of coaching additional resources and tips for coaching *Enduring Connections* Janice A Haywood, 2007-06-01 Enduring Connections gives churches and ministers significant guidelines for establishing a quality childhood ministry with preschoolers and grade schoolers Enduring Connections is especially helpful to ministers and directors of childhood ministry that are called from the laity to staff positions By focusing on building a childhood ministry that intentionally connects children to God and the community of faith through paths that are driven by relationship rather than programs Janice Haywood has produced a resource that will help churches of any size design their own unique ministry for children A TCP Leadership Series title
