Seeing In The Dark How Amateur Astronomers Are Discovering The Wonders Of The Universe:

Seeing in the Dark Timothy Ferris, 2012-12-18 In *Seeing in the Dark* a poetic love letter to science and to the skies Timothy Ferris invites us all to become stargazers He recounts his own experiences as an enthralled lifelong amateur astronomer and reports from around the globe from England and Italy to the Florida Keys and the Chilean Andes on the revolution that's putting millions in touch with the night sky In addition Ferris offers an authoritative and engaging report on what's out there to be seen what Saturn the Ring nebula the Silver Coin galaxy and the Virgo supercluster really are and how to find them The appendix includes star charts observing lists and a guide on how to get involved in astronomy Ferris takes us inside a major revolution sweeping astronomy as lone amateur astronomers in global networks linked by the Internet make important discoveries that are the envy of the professionals His ability to describe the wonders of the universe is simply magical and his enthusiasm for his subject is irresistible

Seeing in the Dark Timothy Ferris, 2009-07-01 Ferris elaborates on the renaissance of amateur astronomy *Library Journal* **A Companion to the History of Science** Bernard Lightman, 2019-11-12 The Wiley Blackwell *Companion to the History of Science* is a single volume companion that discusses the history of science as it is done today providing a survey of the debates and issues that dominate current scholarly discussion with contributions from leading international scholars Provides a single volume overview of current scholarship in the history of science edited by one of the leading figures in the field Features forty essays by leading international scholars providing an overview of the key debates and developments in the history of science Reflects the shift towards deeper historical contextualization within the field Helps communicate and integrate perspectives from the history of science with other areas of historical inquiry Includes discussion of non Western themes which are integrated throughout the chapters Divided into four sections based on key analytic categories that reflect new approaches in the field

Governing Knowledge Commons Brett M. Frischmann, Michael J. Madison, Katherine Jo Strandburg, 2014 Knowledge commons describes the institutionalized community governance of the sharing and in some cases creation of information science knowledge data and other types of intellectual and cultural resources It is the subject of enormous recent interest and enthusiasm with respect to policymaking about innovation creative production and intellectual property Taking that enthusiasm as its starting point *Governing Knowledge Commons* argues that policymaking should be based on evidence and a deeper understanding of what makes commons institutions work It offers a systematic way to study knowledge commons borrowing and building on Elinor Ostrom's Nobel Prize winning research on natural resource commons It proposes a framework for studying knowledge commons that is adapted to the unique attributes of knowledge and information describing the framework in detail and explaining how to put it into context both with respect to commons research and with respect to innovation and information policy Eleven detailed case studies apply and discuss the framework exploring knowledge commons across a wide variety of scientific and cultural domains
