Anderson,Timothy M. Warner,2016-07-19 The Basics of Spiritual Warfare from the Leading Author in the Category What is spiritual warfare Who should engage in it and how How can I protect myself and the ones I love from Satan's attacks In **The Essential Guide to Spiritual Warfare** Neil Anderson and Timothy Warner describe the battle between the kingdom of God and the kingdom of darkness a battle for the minds and hearts of us all Learn about the importance of having a biblical worldview and how to prepare for the battle you are called to fight Every step of the way is grounded in the truth of God's Word about who God is and who you are in Christ This battle plan for victory is perfect for those new to the idea of spiritual warfare as well as those who want a basic primer to refresh themselves on the topic **RELIGIOUS SYNCRETISM IN AFRICAN CHRISTIANITY** ISAIAH OLUWAJEMIRIYE OLATOYAN,2024-04-18 Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his/her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching

syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures
