Good Vibrations Philip Lambert,2020-03-06 Good Vibrations brings together scholars with a variety of expertise from music to cultural studies to literature to assess the full extent of the contributions to popular culture and popular music of one the most successful and influential pop bands of the twentieth century The book covers the full fifty year history of the Beach Boys music from essays on some of the group s best known music such as their hit single Good Vibrations to their mythical unfinished masterpiece Smile Throughout the book places special focus on the individual whose creative vision brought the whole enterprise to life Brian Wilson advancing our understanding of his gifts as a songwriter arranger and producer The book joins a growing body of literature on the popular music of the 1960s in general and on Brian Wilson and the Beach Boys in particular But Good Vibrations extends the investigation further and deeper than it has gone before not only offering new understanding and insights into individual songs and albums but also providing close examination of compositional techniques and reflections on the group s place in American popular culture [The Words and Music of Brian Wilson](#) Christian Matijas-Mecca,2017-03-27 A fascinating study of Brian Wilson s creative career as a composer producer performer and collaborator that addresses all aspects of Brian s five decade long music career through his creative methods and processes The cofounder and central figure of one of America s most successful vocal groups The Beach Boys Brian Wilson is a standout artist with an astonishing volume of diverse work spanning over half a century that serves as testament to his creative output and influence on modern music Today Wilson stands as a survivor of life challenges stemming from substance abuse and mental illness and enjoys a revitalized career in which he continues to create new works and perform around the world to enthusiastic audiences in sold out venues This unique book covers the breadth of Wilson s creative life as composer producer performer and collaborator not only as a Beach Boy but also as a solo artist and collaborator with artists such as Jan and Dean The Honeys Spring The Castells and The Hondells The book also surveys his less examined work as a performer of the music of George Gershwin of the songs from Disney films and of children s books and movies Because of its breadth The Words and Music of Brian Wilson will appeal both to dedicated and casual fans alike of The Beach Boys and of Brian Wilson as well as to scholars in popular music and American studies *Smile: The Story of Brian Wilson's Lost Masterpiece* Domenic Priore,Brian Wilson,Van Dyke Parks,2005-03-07 Smile has become one of the most unavoidable legends of rock n roll folklore and in this searching examination Domenic Priore presents the true story behind the album s 40 year conception Work on Smile began hot on the heels of the ground breaking Pet Sounds when Brian Wilson collaborated

with Van Dyke Parks to create a musical story of America. However, production would famously collapse under a tide of internal fighting, record business chicanery, and Brian's own health problems. In this unique account, Domenic Priore interviews all the main players and documents every aspect of the Smile experience from its troubled inception to Wilson's brave attempt to finish what he started in 2005. The book includes detailed accounts of studio work, the triumphant live shows in Europe and the US, and a host of exclusive photos from photographer Guy Webster. God Only Knows Jeff Sellars, 2015-12-14. The Beach Boys are one of rock's most enduring and enigmatic groups, and while the band has been the subject of numerous biographies and other in-depth studies, there has been no focused evaluation of the religious and spiritual themes in their work. Spiritual and theological themes are present in much of their work, and when this realization is coupled with Brian Wilson's mission to spread the gospel of love through records and his sense of music as spiritual, of thinking pop music is going to be spiritual, that's the direction I want to go. This is a striking way to explore the band's music. In God Only Knows, the contributors attempt to come to grips with just a small amount of this band's massive output by circling around its theological virtues. Each section of the book is a loose investigation of the guiding topics of faith, hope, and love. Each essay is a free exploration of theological and spiritual themes from the contributor's own perspectives. *Inside the Music of Brian Wilson* Philip Lambert, 2007-03-19. *Inside the Music of Brian Wilson* is, as author Phillip Lambert writes in the prologue, completely and intensely focused on the music of Brian Wilson, on the musical essence of his songs and the aesthetic value of his artistic achievements. It acknowledges the familiar biographical contexts of his songs but it tells completely new stories about the birth and evolution of his musical ideas, identifying important musical trends in his work heretofore undisclosed, inter-song connections within his music or between his music and that of others, and the nature and extent of his artistry. It aims not just to identify great songs but to explain exactly what makes them so. Lambert, a renowned musicologist, brings to this work to life with both his professional expertise and an infectious personal appreciation of the power of pop music. His clear, engaging tone and accessible writing style allows even a musically inexperienced reader to follow him as he traces Wilson's musical evolution with a particular focus on the years leading up to the writing and recording of *Pet Sounds* and *SMiLE* albums, which many consider to be the masterpieces of his oeuvre. *Inside the Music of Brian Wilson* is the definitive book on Wilson's music and is essential reading for fans of Brian Wilson, the Beach Boys, and great pop music. Includes THREE amazing Appendixes: Appendix 1: Brian Wilson Song Chronology; Appendix 2: Four Freshmen Albums 1955-1961; Appendix 3: Favorite Songs and Influences Through 1961. The most complete song chronology ever published. Catch a Wave Peter Ames Carlin, 2007-06-26. Brian Wilson was the visionary behind America's most successful and influential rock band. As the leader of the Beach Boys, he sold 100 million records and built a catalog of songs that continues to define the sound and feel of American popular music. He also became one of the culture's most mysterious and tragic figures, but after spending years lost in a wilderness of despair, Wilson has fought his way back to productivity. Now
