The aim of this book is to offer that support during the development process from adolescence to young adult to help reduce confusion and anxiety. This book provides the important building blocks of knowledge that they will need to successfully navigate through the pitfalls of youth, covering many areas which could cause concern: how to respond to family and friends, coping with the emotional ups and downs of being young, understanding sex and your sexuality, and the anxiety that can cause dangers which life can present: anger management, depression, confusion, and how to cope with life and its choices.
