Rites of Realism Ivone Margulies, 2003-03-27 A collection of essays rethinking and reviving realism as a focus for film theory particularly emphasizing the relation of the genre to issues of the body      **Identity Anecdotes** Meaghan Morris, 2006-06-21 Meticulously attentive to the complex nuances and intricacies of what is too easily glossed as cross cultural communication these essays offer us a unique writerly perspective on what it takes socially and textually to reconcile the requirements of an effective shared discourse cultural studies with the intrinsic heterogeneity of our divergent glocal realities an awesomely satisfying and enlightening read Ien Ang University of Western Sydney How is identity produced in global textual environments What forms of narrative generate solidarity in a world in which globalization and trans nationality can often appear to be a fait accompli This brilliant coruscating book written by one of the most formidable and original thinkers in cultural studies examines questions of nationality identity the use of anecdote to build solidarity and the role of institutions in shaping culture Ranging across many fields including film and media gender nationality globalization and popular culture it provides a mind clearing exercise in recognizing what culture is and how it works today Illustrated with a fund of relevant and insightful examples it addresses the central questions in cultural studies today identity post identity the uses of narrative and textual analysis the industrial organization of solidarity and the opportunities and dilemmas of globalization Penetrating arresting and inimitable the book is a major contribution to the field of cultural studies It is of interest to students of cultural studies media film and cultural sociology      *The Multilingual Screen* Tijana Mamula, Lisa Patti, 2016-06-30 The Multilingual Screen is the first edited volume to offer a wide ranging exploration of the place of multilingualism in cinema investigating the ways in which linguistic difference and exchange have shaped and continue to shape the medium's history Moving across a vast array of geographical historical and theoretical contexts from Japanese colonial filmmaking to the French New Wave to contemporary artists moving image the essays collected here address the aesthetic political and industrial significance of multilingualism in film production and reception In grouping these works together The Multilingual Screen discerns and emphasizes the areas of study most crucial to forging a renewed understanding of the relationship between cinema and language diversity In particular it reassesses the methodologies and frameworks that have influenced the study of filmic multilingualism to propose that its force is also and perhaps counterintuitively a silent one While most studies of the subject have explored linguistic difference as a largely audible phenomenon manifested through polyglot dialogues or through the translation of monolingual dialogues for international audiences The Multilingual Screen traces some of its unheard histories contributing to a new field of inquiry based on an attentiveness to multilingualism's work beyond the soundtrack      *Reframing Bodies* Roger Hallas, 2009-12-02 Examines how queer filmmakers and videographers bore witness to the historical trauma of the AIDS epidemic in the late 1980s and 1990s

**Moving Forward, Looking Back** Malte Hagener, 2007 This book the first full critical overview of the film avant garde

ushers in a new approach and in the process creates its own subject While many books have studied particular aspects of the European film avant garde of the 1920s and 1930s *Moving Forward Looking Back* provides a much needed summary of the theory and practice of the movement while also emphasizing aspects of the period that have been overlooked Arguing that a European perspective is the only way to understand the transnational movement the book also pioneers a new approach to the alternative cinema network that sustained the avant garde paying particular attention to the emergence of film culture as visible in screening clubs film festivals and archives It will be essential to anyone interested in the influential movement and the film culture it created *Frictional Characters* Elizabeth Spann Craig ,2022-02-08 Small towns gossip friction No one in the town of Whitby North Carolina was excited when Jonas Merchant returned to town Jonas was an effective muckraker an expert at uncovering secrets rumors and undercurrents Even worse he d fallen on hard times and was desperate for easy cash It was a decidedly dangerous combination It was perhaps not the biggest surprise when Jonas was discovered dead one day More shocking at least to local librarian Ann Beckett was the fact that her straight arrow director Wilson was one of the suspects in Jonas s death Will Ann be able to track down the killer and clear Wilson s name before he strikes again
