Lord Salisbury A Political Biography

William T. Walker

Lord Salisbury A Political Biography:

Lord Salisbury Dr E David Steele,2002-11-01 First published in 1999 Robert Arthur Talbot Gascoyne Cecil born 3 February 1830 known as Lord Robert Cecil until June 1865 and thereafter as Viscount Cranborne until his succession as the third Marquess of Salisbury in April 1868 This is a study of a notably cerebral politician who revealed the qualities necessary for success and survival in a career to which he appeared unsuited at the start No prime minister was less inclined to accept conventional wisdom at face value or to succumb to the routines of office Lord Salisbury ,1999 **Lord Salisbury**

Robert G. Taylor,1975 **Lord Salisbury's World** Michael Bentley,2001-09-06 Lord Salisbury 1830 1903 is now a subject of intense historical attention This important study moves away from conventional biography and presents an original portrait of the mental world inhabited by late Victorian Conservatives at the time when their world view was coming under severe strain At the centre of the picture is the 3rd Marquess of Salisbury but Lord Salisbury s World does not simply tell the story of his life and politics Instead it asks sensitive questions about how the political intellectual and religious environments of the late Victorian period seemed to one of its sharpest intellects and it situates Salisbury and his immediate entourage in a wide landscape of relationships perceptions and problems Professor Bentley takes the reader into Conservative assumptions about time and space property and society religion and the state and the past and the future the very language in which they expressed themselves **The Political Thought of Lord Salisbury, 1854-1868** Michael Pinto-Duschinsky,1854

Salisbury Andrew Roberts,2000 At six years of age Robert Cecil the 3rd Marquess of Salisbury was sent to a brutal boarding school he likened to an existence among devils By 23 he was a member of the British Parliament And before his death at age 73 in 1903 he would spend nearly two decades as Britain s Prime Minister single mindedly driving the British Empire to extend its iron grip to five continents This multiple award winning biography sheds uncompromising light on Lord Salisbury s troubled family life his transformational experiences in Australia India and Africa and his dogged pursuit of political power in the court of Queen Victoria **A History of Conservative Politics Since 1830** John

Charmley,2008-03-26 The second edition of this successful text has been thoroughly updated to take into account recent research and now begins at 1830 Charmley examines the history of the party and takes the story through the recent wilderness years following the 1997 election fiasco right up to David Cameron s leadership Political Deference in a Democratic Age Catherine Marshall,2021-01-13 This book explores the concept of deference as used by historians and political scientists Often confused and judged to be outdated it shows how deference remains central to understanding British politics to the present day This study aims to make sense of how political deference has functioned in different periods and how it has played a crucial role in legitimising British politics It shows how deference sustained what are essentially English institutions those which dominated the Union well into the second half of the twentieth century until the post 1997 constitutional transformations under New Labour While many dismiss political and institutional deference as

having died out this book argues that a number of recent political decisions including the vote in favour of Brexit in June 2016 are the result of a deferential way of thinking that has persisted through the democratic changes of the twentieth century Combining close readings of theoretical texts with analyses of specific legal changes and historical events the book charts the development of deference from the eighteenth century through to the present day Rather than offering a comprehensive history of deference it picks out key moments that show the changing nature of deference both as a concept and as a political force

Joseph Chamberlain Travis L. Crosby, 2011-03-30 Joseph Chamberlain was a dynamic orator notable reformer and superb parliamentary tactician of the late 19th and early 20th centuries In his early political career Chamberlain was a radically minded Liberal Party member and a supporter of political reform yet after the Liberal Split his allegiance changed dramatically when his Liberal Unionist Party entered into alliance with the Conservatives As Colonial Secretary in Salisbury's government he was a prime instigator of the Boer War and an important negotiator in the attempts to build an Anglo German alliance Ultimately disenchanted with the Conservative leadership of Salisbury and Balfour he played an integral role in the Unionist Split over the issue of Tariff Reform which ultimately led to Balfour's downfall Travis Crosby here sheds light on an often overlooked but exceptionally influential politician He argues that Chamberlain was driven primarily by a personal need for power and control characteristics that went beyond political loyalties Nevertheless his accomplishments as chief spokesman for electoral and social reform and his achievements as Colonial Secretary were genuine and lasting This book sheds new light on an influential character who played an important role in the development of British politics

The Shaping of Modern Britain Eric Evans, 2014-01-14 In this wide ranging history of modern Britain Eric Evans surveys every aspect of the period in which Britain was transformed into the world's first industrial power By the end of the nineteenth century Britain was still ruled by wealthy landowners but the world over which they presided had been utterly transformed It was an era of revolutionary change unparalleled in Britain yet that change was achieved without political revolution Ranging across the developing empire and dealing with such central institutions as the church education health finance and rural and urban life *The Shaping of Modern Britain* provides an unparalleled account of Britain's rise to superpower status Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed The book discusses the growing role of the central state in domestic policy making the emergence of the Labour party the Great Depression the acquisition of a vast territorial empire Comprehensive informed and engagingly written *The Shaping of Modern Britain* will be an invaluable introduction for students of this key period of British history

The Oxford Handbook of Modern British Political History, 1800-2000 David Brown, Robert Crawford, Gordon Pentland, 2018 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and

governed Such shifts have also presented challenges to the historians who have researched and written about Britain's past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain's political past and a thought provoking long view for those interested in current political challenges

British Conservative Leaders Charles Clarke,Toby S. James,Tim Bale,Patrick Diamond,2025-07-10 As the party that has held power more times than any other the Conservatives have played a crucial role in the shaping of British society And yet the leaders who have stood at its helm from Sir Robert Peel to Rishi Sunak via Winston Churchill and Margaret Thatcher have steered the party vessel with enormously varying degrees of success particularly latterly when the short but destructive tenures of Boris Johnson and Liz Truss did much to damage the party's reputation for competence The requirements techniques and goals of Conservative leadership since the party's nineteenth century factional breakaway have been forced to evolve almost beyond recognition and not all its leaders have managed to keep up This comprehensive and enlightening book now fully updated with chapters on all Conservative leaders up to Rishi Sunak and an assessment of the party's leadership in relation to Brexit considers the attributes and achievements of each leader in the context of their respective time and diplomatic landscape Offering a compelling analytical framework by which they may be judged it also provides detailed personal biographies from some of the country's foremost political critics and exclusive interviews with former leaders themselves An indispensable contribution to the study of party leadership *British Conservative Leaders* is the essential guide to understanding British political history and governance

The Accidental Viceroy Edwin Hirschmann,2019-12-11 The Age of Imperialism reached its peak in the late nineteenth century The British Empire was the foremost colonial power and the keystone was India However even at its peak the British Raj was beset by internal rivalries and fears of external threats In 1875 British Prime Minister Benjamin Disraeli chose as viceroy Lord Robert Bulwer Lytton diplomat and poet the son of an old friend but someone with no Indian experience Lytton accepted reluctantly and never enjoyed it He was under the thumb of the Secretary of State for India the shrewd and ambitious Third Marquess of Salisbury during most of his four years in India During his viceroyalty Lytton had to deal with shifting British policies a major famine the freedom loving people of Afghanistan an entrenched civil service and a rising generation of patriotic Indians In the 1880 elections Disraeli's Conservatives were defeated by Gladstone's Liberals and Lytton resigned

Incidents and International Relations Gregory C. Kennedy,Keith Neilson,2002-02-28 Historians often ignore treat cursorily or relegate to footnotes specific incidents in international relations in order to facilitate the construction of a larger narrative The contributors to this volume

argue that researchers do so to their peril as individual or seemingly isolated incidents can play significant roles in the overall course of history Incidents are crucial in determining the mental maps that decision makers form regarding the countries and individuals with whom they interact Incidents can either initiate or block new policies with consequences that are both far reaching and unexpected People make foreign policy and an understanding of what elements of an incident were important to these individuals at key points essential to an appreciation of policies subsequently advocated How individuals view other cultures and nations how they react to the actions of such nations and their perceptions of such actions all form key components in this study Using a variety of examples these essays show the value of detailed examinations of events illuminating such matters as British policy in the Far East French imperial policy Italian military actions in the interwar period British attitudes toward Hitler and the effect of the Soviet Union on British thinking in the 1930s Conservatism and British Foreign Policy, 1820-1920 Geoffrey Hicks,2016-05-23 The Derbys of Knowsley Hall have been neglected by historians to an astonishing degree In domestic political terms the legacies of Disraeli and his Conservative successors have long obscured their Lancastrian aristocratic predecessors As far as foreign policy is concerned twentieth century politics and scholarship have often suggested crude polarities for example the idea of appeasement versus Churchillian belligerence has its nineteenth century equivalent in Aberdeen s apparent rivalry with Palmerston The subtleties of other views such as those represented by the Derbys have either been overlooked or misunderstood In addition the fact that much crucial archival and editorial work has only been carried out in the last two decades has had a significant impact Examining a range of topics in domestic and foreign policy this collection brings a fresh approach to the political history of the nineteenth and early twentieth centuries through a series of innovative essays It will appeal to those with an interest in the decline of the aristocracy Victorian high politics and the politics of the regions as well as the Conservative tradition in foreign policy

The China Question T. G. Otte,2007-04-05 A global study of British policy over the China Question from 1894 1905 emphasizing the connections between European and overseas developments and encompassing diplomatic commercial financial and strategic factors as well as the politics of foreign policy **Term Paper Resource Guide to Nineteenth-Century World History** William T. Walker,2009-07-08 With this guide major help for nineteenth century World History term papers has arrived to enrich and stimulate students in challenging and enjoyable ways Show students an exciting and easy path to a deep learning experience through original term paper suggestions in standard and alternative formats including recommended books websites and multimedia Students from high school age to undergraduate can get a jumpstart on assignments with the hundreds of term paper suggestions and research information offered here in an easy to use format Users can quickly choose from the 100 important events spanning the period from the Haitian Revolution that ended in 1804 to the Boer War of 1899 1902 With this book the research experience is transformed and elevated Term Paper Resource Guide to Nineteenth Century World History is a superb source with which to motivate and educate students who

have a wide range of interests and talents Coverage includes key wars and revolts independence movements and theories that continue to have tremendous impact **The Sexual Constitution of Political Authority** Aleardo

Zanghellini,2015-04-24 While there is no shortage of studies addressing the state s regulation of the sexual research into the ways in which the sexual governs the state and its attributes is still in its infancy The Sexual Constitution of Political Authority argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents The book maintains more specifically that the relationship between ideas of political authority and male same sex desire is especially fraught Through a series of case studies where a statesman s same sex desire was put on trial either literally or metaphorically as a problem for the good exercise of public powers the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same sex desire Some of the case studies analysed are familiar ground for both political constitutional history and the history of sexuality The Sexual Constitution of Political Authority argues however that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most interesting insights that a study of these trials can generate Whether they involve obscure public officials or iconic rulers such as Hadrian and James I these compelling fragments of queer history reveal that the disavowal of male same sex desire has been and partly remains central to mainstream understandings of political authority The Longman Companion to the Conservative Party Nick Crowson,2016-09-17 This Longman

Companion provides a wide ranging compendium of essential facts and figures on the Conservative Party from its origins in the 1830s to the dawn of the 21st Century Central to the book are the detailed chronologies on the Conservative Party s years in government and opposition In addition it contains fascinating information on the Party s relationships with women ethnic minorities the trade unions Europe Ireland ideology social reform and empire **International Bibliography of**

Political Science Compiled by the British Library of Political and Economic Science,2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences
