The Los Angeles Times California Cookbook Betsy Balsley, 1981      The Los Angeles Times California Cookbook Betsy Balsley, 1983      *Modern California Cooking* Los Angeles Times (Firm), 2000      **Los Angeles Times Cookbook** Los Angeles Times Los Angeles Times, 2007-10-17 From 1902 to 1917 the Los Angeles Times sponsored cooking contests As a result they published a series of winning recipes The recipes were local to Southern California including Old Time California Spanish and Mexican Dishes Recipes of Famous Pioneer Spanish Settlers With Hispanic influences the book contains recipes such as Alligator Pear Salad Chili Con Carne Enchiladas Spanish Rice Frijoles Albondigas Chiles Rellenos and Tamale Pie Much of the ingredients come from California Listed as one of the one hundred best books on California cooking      *The Food Section* Kimberly Wilmot Voss, 2014-04-24 Food blogs are everywhere today but for generations information and opinions about food were found in the food sections of newspapers in communities large and small Until the early 1970s these sections were housed in the women's pages of newspapers where women could hold an authoritative voice The food editors often a mix of trained journalist and home economist reported on everything from nutrition news to features on the new chef in town They wrote recipes and solicited ideas from readers The sections reflected the trends of the time and the cooks of the community The editors were local celebrities judging cooking contests and getting calls at home about how to prepare a Thanksgiving turkey They were consumer advocates and reporters for food safety and nutrition They helped make James Beard and Julia Child household names as the editors wrote about their television appearances and reviewed their cookbooks These food editors laid the foundation for the food community that Nora Ephron described in her classic 1968 essay The Food Establishment and eventually led to the food communities of today Included in the chapters are profiles of such food editors as Jane Nickerson Jeanne Voltz and Ruth Ellen Church who were unheralded pioneers in the field as well as Cecily Brownstone Poppy Cannon and Clementine Paddleford who are well known today an analysis of their work demonstrates changes in the country's culinary history The book concludes with a look at how the women's pages folded at the same time that home economics saw its field transformed and with thoughts about the foundation that these women laid for the food journalism of today      **The Los Angeles Times Natural Foods Cookbook** Jeanne Voltz, 1973      **New California Cuisine** Rose Dosti, 1986      *The Los Angeles Times Guide to Dining Out in L.A.* Lois Dwan, 1984      **The Los Angeles Times Book of Christmas Entertaining** Dawn Navarro, Dawn Navarro Ericson, 1985      **Encarnación's Kitchen** Encarnación Pinedo, 2005-10-24 It's a rare cookbook that is as pleasurable to think about as it is to cook from But that's what Dan Strehl has accomplished with his elegant translation of Encarnación's Kitchen a book that provides a fascinating look at the life and cooking of the wealthy Californios in the final days of the rich Rancho culture of California Russ Parsons author of *How to Read a French Fry* At long last It is with enormous pleasure that I greet Dan Strehl's authoritative English translation *Encarnación's Kitchen* I should like to have had the original Spanish edition as well but I dream Karen Hess author of *The*

Carolina Rice Kitchen Encarnaci n s Kitchen is far more than a historical curiosity or a mere kitchen fragment that sketches silhouettes of ingredients and techniques The recipes of Encarnaci n Pinedo s kitchen brought alive and set in context by Dan Strehl and Victor Valle s lucid introduction offer rich examples of how California s Mexican culinary culture developed as it bumped into and cross pollinated with young multifarious America These dishes lay bare the often overlooked reality that food can be more than a reflection of culture Food as Encarnaci n understood can be a seductively delicious catalyst for social understanding change even rebellious protest Rick Bayless author of Mexico One Plate at a Time *The Structure of International Publishing in the 1990s* Beth Luey,2021-09-28 The past decade has brought dramatic changes to the publishing industry Publishing companies merged with one another or were bought by larger companies or media conglomerates mergers and acquisitions crossed national boundaries and language barriers technological advances altered the publication process and made available new media and the re examination of the established print media This volume examines these changes and illuminates the various prospects for the future of publishing in the coming decade **The Initiative and Referendum in California, 1898-1998** John M. Allswang,2000-07-01 This book provides a detailed analytic history of direct legislation the initiative and referendum in California from its origins in the late nineteenth century to the present day California was one of the first states to implement mechanisms for direct legislation and these mechanisms have been used with growing frequency as the entire process has become professionalized from signature gathering through fund raising to legal challenge and defense The author studies this important political device in terms of voter interest and behavior its role in public issues and how it has affected the state s politics and government The book first analyzes how and why direct legislation came to California seeing it as a typical example of the disconnected nature of progressive era reforms It then studies selectively from among the 300 propositions that have been on California ballots those propositions that have been most relevant to the major issues of their time have generated the highest levels of voter interest and participation and have shaped the development of state politics and government The author pays particular attention to the explosion of direct legislation in frequency and consequence since the Proposition 13 property tax revolution of 1978 He also describes how California s contemporary direct legislation experience from tax rebellion to harsher criminal justice to controversial ethnic issues has had national ramifications The book concludes with a careful analysis of the current state of the initiative and referendum in California voter attitudes toward the process its role as a fourth branch of government and arguments for and against changes in the procedure Based on extensive research in campaign documents manuscript collections the contemporary press and other primary sources the book also makes extensive use of voting data public opinion polls and official filings of campaign expenditures All in all it is the most comprehensive study ever made of a political process that is used today in twenty seven states The Border Cookbook Cheryl Jamison,Bill Jamison,1995-09-28 Over 300 recipes explore the common elements and regional differences of border cooking History of the Health Foods Movement Worldwide

Democratic Delusions Richard J. Ellis, 2002 It is becoming common in many states the opportunity to reclaim government from politicians by simply signing a petition to put an initiative on the ballot and then voting for it Isn't this what America ought to be about Proposition 13 in California's 1978 election paved the way the past decade saw more than 450 such actions now in many states direct legislation dominates the political agenda and defines political and public opinion While this may appear to be democracy in action Richard Ellis warns us that the initiative process may be putting democracy at risk In Democratic Delusions he offers a critical analysis of the statewide initiative process in the United States challenging readers to look beyond populist rhetoric and face political reality Through engaging prose and illuminating and often amusing anecdotes Ellis shows readers the dark side of direct democracy specifically the undemocratic consequences that result from relying too heavily on the initiative process He provides historic context to the development of initiatives from their Populist and Progress roots to their accelerated use in recent decades and shows the differences between initiative processes in the states that use them Most important while acknowledging the positive contribution of initiatives Ellis shows that there are reasons to use them carefully and sparingly ill considered initiatives can subvert normal legislative checks and balances undermine the deliberative process and even threaten the rights of minority groups through state sanctioned measures Today's initiative process Ellis warns is dominated not by ordinary citizens but by politicians perennial activists wealthy interests and well oiled machines Deliberately misleading language on the ballot confuses voters and influences election results And because many initiatives are challenged in the courts these ostensibly democratic procedures have now put legislation in the hands of the judiciary Throughout his book he cites examples drawn from states in which initiatives are used intensively Oregon California Colorado Washington and Arizona as well as others in which their use has increased in

recent years Undoing mistakes enacted by initiative can be more difficult than correcting errors of legislatures As voters prepare to consider the host of initiatives that will be offered in the 2002 elections this book can help put those efforts in a clearer light Democratic Delusions urges moderation attempting to teach citizens to be at least as skeptical of the initiative process as they are of the legislative process and to appreciate the enduring value of the representative institutions they seek to circumvent
