

Los Espias De Sisifo

José Antonio González Alcantud

Los Espías De Sisifo:

Los espías de Sisifo Ana María Navales,1981 *Trilogía de Sísifo* Luís Carmelo,Jacqueline Santos,2022-08-01 La Trilogía de Sísifo se compone de tres novelas que pueden leerse de manera independiente pero que juntas forman un paisaje narrativo común. En 2015 En propia mano 2016 y Sísifo 2017. Luis Carmelo su autor es poeta ensayista y animador cultural. Los protagonistas de su trilogía llevan cuesta arriba el peso de sus propias vidas como sísifos modernos. A pesar de su destino sus personajes celebran los caminos del redescubrimiento y la redención de sendas que comparten con quien lee con quien siente. La narración de cada ficción con sus propios destellos fascina a quien viaja por ellas. Los senderos que se bifurcan Ana María Navales,2008-01-01. Existió el boom de la literatura hispanoamericana. En un estilo que aminoró la falta de academicismo y la información más precisa. Ana María Navales nos revela interesantes consideraciones sobre este fenómeno literario hispanoamericano que se llamaba como se llamaba parte de la herencia de los abuelos. Leopoldo Lugones, José Martí, Roberto Arlt, Miguel Ángel Asturias, Jorge Luis Borges fue hermano del optimismo que trajo consigo el triunfo de la Revolución Cubana y tuvo como resultado un indudable acopio de lectores en todo el mundo. Con el tiempo todos sus miembros. Carlos Fuentes, Julio Cortázar, Gabriel García Márquez, Mario Vargas Llosa, Guillermo Cabrera Infante, José Donoso, tanto por motivos políticos como personales siguieron su propio rumbo y la unidad quedó troceada. Si es que alguna vez existió. Pero no solo del boom vive este libro sino que en él se recogen también otros autores que no formaron por distintos motivos parte del Juan Rulfo, Alfredo Bryce Echenique, Roberto Bolaño y otros que son poco conocidos para el gran público e incluso para muchos estudiosos de la literatura hispanoamericana. **La roca de Sísifo.** Cartagena, Ignacio Garrido Rebolledo, Vicente,2024-05-09. El régimen internacional de no proliferación nuclear tiene el propósito fundamental de alejar al mundo de la amenaza de las armas nucleares impidiendo su propagación a otros Estados y el incremento de los arsenales. Tiene además la difícil tarea de lograr un clima de seguridad y estabilidad global que propicie la adopción de los pasos necesarios para llegar al utópico ideal del desarme nuclear eficaz y completo bajo control internacional. Uno de los objetivos más antiguos de la Organización de las Naciones Unidas y al fomento de la cooperación y la divulgación en el ámbito de los usos pacíficos de la energía nuclear que tantas ventajas reporta no solo en el sector del suministro eléctrico sino también en varios campos como la medicina o la agricultura. Este libro expone las claves de ese régimen a través de un recorrido por su historia que en buena medida es también la del siglo XX hacia la adopción del Tratado de No Proliferación de las Armas Nucleares, su surgimiento en la posguerra mundial, el camino hacia el Tratado de No Proliferación, los instrumentos de desarrollo del TNP en sus tres pilares: desarme, no proliferación y usos pacíficos de la energía nuclear y el marco institucional para la discusión y negociación de acuerdos de no proliferación, los cambios acaecidos tras el fin de la Guerra Fría, las incertidumbres del presente y los nuevos desafíos de orden normativo y tecnológico que plantea un futuro cada vez más complejo y multipolar en el que la amenaza nuclear ha reaparecido. Sísifo y la ciencia social José Antonio González Alcantud,2008. Mientras que las ciencias

físicas han desvelado en la modernidad gran número de problemas las ciencias sociales y humanas siguen enfrentándose al monstruo de lo social sin lograr resolver los enigmas que suscita la vida colectiva Los conflictos sociales políticos y culturales no sólo no han sido paliados sino que a veces se han vuelto aún más opacos Esta paradoja que conduce al desaliento interroga directamente a disciplinas como la antropología social y cultural La antropología crítica como saber en permanente transformación se ha convertido de esta manera en un gozne indispensable de la sociedad plural y democrática

Sísifo, el hombre que engañó a la muerte Pol Gise, 2024-10-23 Pol Gise cierra con esta entrega la trilogía de personajes mitológicos En esta ocasión el chisme nos lo cuenta un humano muy particular Sísifo Muchos conocen el mito de Sísifo pero pocos saben algo de su vida El castigo divino del hombre que tiene que empujar una roca esconde la terrible historia de un rey dispuesto a hacer cualquier cosa para no morir Pero los mortales morimos es lo que tiene Es nuestro triste e inevitable final No hay nada que podamos hacer para librarnos de la muerte o sí Sísifo fue un hombre que amó la mentira por encima de todo e hizo de ella su personalidad Ahora sin embargo ha decidido renunciar a ella romper su silencio y contarnos cómo acabó cumpliendo esa condena con la que el resto de los humanos nos sentimos tan identificados Un castigo tan tedioso como necesario para dar sentido y orden a su existencia Conoceremos cómo fue su infancia sus relaciones aparentemente amorosas las perpetuas peleas con su hermano Salmoneo y cómo logró vivir más que cualquier otro mortal Pol Gise nos acerca uno de los mitos más relevantes de la cultura popular y que más han marcado nuestro imaginario colectivo una historia apasionante que tiene mucho que ver con los tiempos que corren

Sísifo y su tiempo Víctor Alba, 1996 Como el autor de estas memorias no necesita justificarse ni exhibirse así ha escrito para recordar hechos que afectan a todos y en especial a quienes no los conocen Lo cuenta sin remilgos pero a menudo rechinando de dientes Así dice revive algo de la tensión a la que le habituó su larga vida de militante y de periodista como si fuera una droga y que hoy encuentra sobre todo escribiendo y discutiendo sin necesidad de tertulias

Poesía aragonesa contemporánea Antonio Pérez Lasheras, 1996

The Feminist Encyclopedia of Spanish Literature: N-Z Janet Pérez, Maureen Ihrie, 2002 Spanish literature includes some of the world's greatest works and authors It is also one of the most widely studied This reference looks at the literature of Spain from the perspective of women's studies Though the volume focuses on the literature of Spain written in Castilian it also includes survey entries on the present state of women's literature in Catalan Galician and Basque Included are hundreds of alphabetically arranged entries for numerous topics related to Spanish literature including Literary periods and genres Significant characters and character types Major authors and works Various specialized topics Each entry discusses how the topic relates to women's studies Entries for male authors discuss their attitudes toward women Female writers are considered for the restrictive cultural contexts in which they wrote Specific works are examined for their representations of female characters and their handling of women's issues Each entry is written by an expert contributor and closes with a brief bibliography The volume concludes with a list of works for further reading
