John Hemsley

Lost Empire Perceptions Of Likely Policy Shifts In The 1990s:

The Lost Empire John Hemsley, 1991 This is an investigation into the mechanisms of change and how these have an impact on the institutional processes in the Soviet Union These processes are defined with a view to establishing how much inertia exists and why and to what extent they may be responsive to the requirements of perestroika It seeks to establish the constraints on and limitations of perestroika as well as looking at the penalties of failure and the effects on the system as a whole Forthcoming Books Rose Arny, 1992-10 The Defense Policies of Nations Douglas J. Murray, Paul R. Viotti, 1994 Now in its third edition *The Defense Policies of Nations* has been thoroughly updated to take into account the dramatic developments of recent years the dissolution of the Soviet Union the resurgence of East Asian powers the emergence of newly independent nations in Eastern Europe the continuing instability of the Middle East and the growing importance of third world nations in global security matters For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance *The Defense Policy of Nations* is must reading Gen Theodore J Conway Military Review American Academy of Political and Social Science **British Book News** British Council, 1991 Includes no 53a British wartime books for young people *Revolutionary Movements in Latin America* Cynthia McClintock, 1998 Why were El Salvador's FMLN and Peru's Shining Path able to mount such serious revolutionary challenges in the 1980s and early 1990s And why were they able to do so despite the fact that their countries elected governments were widely considered democratic These two guerrilla groups were very different but both came close to success To explain why the author examines the complex interplay among political and economic factors the nature of the revolutionary organization and international actors McClintock emphasizes that the end of the Cold War does not mean the end of revolutionary groups and that the United States can play an important role in determining the outcome of future confrontations The book concludes with practical policy options for the U S government as it looks to foster peace and democracy in the western hemisphere Security for a New Europe John Borawski, 1992 *Choice*, 1991 *The Triumph of the Flexible Society* Manuel Hinds, 2003-11-30 Hinds takes offers a fresh perspective on the social political and economic disturbances now affecting our world This book looks at those disturbances not as separate problems but rather as the coherent symptoms of a deep technological revolution that is changing the shape of society on the scale of the Industrial Revolution the Connectivity Revolution the basis of the New Economy Analyzing the resistance to change that erupted violently in response to that last major economic upheaval Hinds shows how Communism Nazism and fundamentalism owe their triumphs not to the prevalence of poverty or oppression but to the rigidity of societies threatened by profound social changes prompted by rapid technological progress Demonstrating that their rigidity was caused by the same kind of state intervention in the economy that is now being proposed to stop globalization he argues persuasively that only a horizontal flexible society can smoothly manage change in such a way that the pain of transformation and therefore the risk of giving birth to new varieties of

destructive regimes is minimized *British Military Planning for the Defence of Germany 1945-50* Paul Cornish,1996-03-14 Using recently released archive material British Military Planning for the Defence of Germany 1945 50 reassesses Britain's strategy for the defence of Germany up to the outbreak of the Korean War Convinced of the capabilities of strategic air power with atomic weapons and convinced that the defence of the Middle East should be the first call on British planning Britain's military chiefs made a series of token gestures designed to boost French morale and consistently refused to make a genuine continental commitment of operational troops Parameters ,1992 US Military Strategy and the Cold War Endgame Stephen J. Cimbala,2014-01-14 At the end of the Cold War security concerns are more about regional and civil conflicts than nuclear or Eurasian global wars Stephen Cimbala argues that deterrence characteristics of the pre Cold War period will in the 21st century again become normative Air University Library Index to Military Periodicals ,1991 *The Gorbachev Bibliography, 1985-1991* Joseph L. Wiczynski,1996 Cybersecurity Discourse in the United States Sean T. Lawson,2019-12-05 This book examines the role of cyber doom rhetoric in the U S cybersecurity debate For more than two decades fear of cyber doom scenarios i e cyberattacks against critical infrastructure resulting in catastrophic physical social and economic impacts has been a persistent feature of the U S cybersecurity debate This is despite the fact that no cyberattack has come close to realizing such impacts This book argues that such scenarios are part of a broader rhetoric of cyber doom within the U S cybersecurity debate and takes a multidisciplinary approach that draws on research in history sociology communication psychology and political science It identifies a number of variations of cyber doom rhetoric then places them into a larger historical context assesses how realistic the fears expressed in such rhetoric are and finally draws out the policy implications of relying on these fears to structure our response to cybersecurity challenges The United States faces very real cybersecurity challenges that are nonetheless much less dramatic than what is implied in the rhetoric This book argues that relying on cyber doom rhetoric to frame our thinking about such threats is counterproductive and encourages us to develop ways of thinking and speaking about cybersecurity beyond cyber doom This book will be of much interest to students of cybersecurity foreign policy public administration national security and international relations in general A History of Soviet Foreign Policy, 1917-1991 (English-language Titles). ,1993 **Infantry** ,1992 *Subject Guide to Books in Print* ,1993 *Whitaker's Book List* ,1991 Russia and the Middle East Talal Nizameddin,1999 The end of the Soviet Union precipitated a reassessment of Russia's foreign policy in many parts of the world particularly the Middle East This text looks at how a once cherished commitment to ideological goals and superpower rivalry with the United States was replaced after 1991 with a pragmatic foreign policy based on national interest epitomized by the appointment of Yevgeni Primakov as foreign minister The book examines Gorbachev's new thinking the foreign policy debates under President Yeltsin and the warning of Russian influence over the Palestinians and its consequent exclusion from the secret Oslo records Case studies of Russia's relations with Israel Syria Lebanon Jordan Saudi Arabia Iraq Turkey and Iran provide the reader with a

detailed analysis of the region's wider diplomatic and strategic concerns **Everyday Life in the Gentrifying City** Tone Huse, 2016-04-15 Based on ethnographic fieldwork conducted in Oslo *Everyday Life in the Gentrifying City* offers an examination of gentrification from below exploring the effects of this process upon city neighbourhoods and those that inhabit them whether residents business owners and their customers or local activists Engaging with recent debates surrounding immigration and the inclusion of ethnic minorities in the city the book takes up the question of ethnicity and gentrification It argues for an urban policy that gives up the preoccupation with policies concerning the residential mix and place transformation in favour of empowering its citizens A lively and engaging analysis in which theoretical rigour is illuminated with rich interviews and empirical content in order to shed light on the relationship between gentrification displacement and integration *Everyday Life in the Gentrifying City* will appeal to scholars and students of sociology geography anthropology and urban studies
