silent war is taking place in cities all over the planet It is covered up by the media mental health system NGOs and our elected officials Now that the financial elite are finished using the US military and allied forces to conquer nations in their quest for global domination they re neutralizing individuals and groups of resisters who live among the people To do this they have recruited a major portion of the civilian population which is used as a surrogate force to persecute those who have been identified as enemies As part of the same agenda the security forces are conducting psychological operations on civilians and torturing them with directed energy weapons The entire operation is in service to some very wealthy psychopaths who rule our society as part of a global revolution intended to result in a planetary dictatorship known as the New World Order

Weather Warfare Jerry E. Smith, 2011-08-07 In April 1997 United States Secretary of Defense William Cohen declared that there are terrorists at work who are engaging even in an eco type of terrorism whereby they can alter the climate set off earthquakes volcanoes remotely through the use of electromagnetic waves Weather modification in the form of cloud seeding to increase snow packs in the Sierras or suppress hail over Kansas is now an everyday affair Hundreds of environmental and weather modifying technologies have been patented in the United States alone and hundreds more are being developed in civilian academic military and quasi military laboratories around the world at this moment This book lays bare the grim facts of who is doing it and why The earth and the sky have themselves been turned into weapons Underground nuclear tests in Nevada have set off earthquakes A Russian company has been offering to sell typhoons on demand since the 1990s Scientists have been searching for ways to move hurricanes for over 50 years the same timeframe that took us from the Wright Brothers to Neil Armstrong In this book Jerry E Smith picks up where his 1998 book about the High frequency Active Auroral Research Program HAARP left off He reports on recent developments at HAARP including its possible connection to the crash of the Space Shuttle Columbia and what role if any it played in certain natural disasters like Hurricane Katrina Tackling the chemtrail controversy Smith examines claims that particles called aerosols are being deliberately injected into the atmosphere Edward Teller father of the hydrogen bomb proposed putting up a sun screen of aerosols to save the earth from global warming is someone actually doing it Numerous ongoing military programs do inject aerosols at high altitude for communications and surveillance operations Could these include mind control or population control applications Smith puts these technologies into context by examining the geopolitical conflicts that are driving their development from Globalization to the rise of Neo Con Neo Fascism

Tesla was considered an eccentric who talked of death rays that could destroy 10 000 aeroplanes at a distance of 250 miles claimed to be able to split the Earth in two believed that both voice and image could be transmitted through the air in the late 1800 s and developed a science that could lead to free energy antigravity and possibly weather modification Now for the first time Nikola Tesla s secret writings have been finally brought together in one fantastic book Much of these notes have been withheld by the governments of the United States and Russia for fear that their secret Black Project weapons and exotic science experiments would be discovered But some notes have managed to slip out along with recent writings on projects based on Tesla science Death rays antigravity aircraft free energy time travel and teleporatation are just a few of the amazing secrets revealed at last

Swartz,2012-02 NEWLY REVISED EDITION HERE NOW IN THIS EXPANDED WORK ARE SOME OF THE MOST BIZARRE EXPERIMENTS CARRIED OUT BY THE WORLD S GREATEST ELECTRICAL WIZARD UNDER THE MOST HUSH HUSH OF CIRCUMSTANCES EXPERIMENTS DEALING WITH TIME TRAVEL ALTERNATIVE AND FREE ENERGY AS WELL AS A POSSIBLE NAZI FLYING SAUCER CONNECTION Nikola Tesla was the genius credited for creating much of modern electrical technology Yet his contributions have been largely forgotten An examination of Nikola Tesla s lost papers some of which were confiscated by the U S government after his death shows that Tesla was interested in and experimented with many concepts that have been regarded until recently as wild ideas It s no surprise that Tesla was loath to speak of these kinds of interests after all even now these areas of study still come under fire by the majority of mainstream scientists who refuse to use their imaginations and intellect and scorn such matters with terms such as voodoo science and unadulterated quackery It is now known that there have been a number of top secret programs that were devoted to either investigating or shockingly enough actively using technology based on some of Tesla s more unorthodox ideas Both the United States and Russia have active Particle Beam and RF radio frequency weaponry that has been in operation since the early 1970s all as a result of Tesla s early 19th

and 20th Century experiments To say that there are other black budget projects involving Tesla based research would vastly underestimate the total amount of research and development being conducted right now by many countries worldwide And these are the projects that we know about Who knows how many deep dark secret projects are being conducted right now with science that could be decades even hundreds of years beyond what civilian science knows about today This work exposes such topics as Reverse Gravity Free Energy Contact With Hidden Dimensions Mysterious Radio Signals From Space Earth Changes Freak Weather Patterns Electric Death Rays UFOs Particle Beam Weapons and much much more
