Sprague de Camp,2012-07-17 DIVLeading authority examines facts and fancies behind the Atlantis theme in history science and literature Sources include Plato Thomas More K T Frost and many other citations both famous and lesser known Related legends are also recounted and refuted and reports document attempts to prove the continent s existence including accounts of actual expeditions div **Earth's Catastrophic Past and Future** William Hutton,Jonathan Eagle,2004-08 Edgar Cayce America s best documented psychic gave upwards of 44 readings that dealt with lost continents geophysical changes to Earth beginning 1958 1998 and a pole shift due to begin about now In this book geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes They also seek scientifically to test readings predictions of catastrophic Earth changes all the while investigating the following fascinating subjects Development and calibration of a comprehensive pole shift model The countries predicted to be most affected by a sudden 1 pole shift The geologic trend for a mineralized gold vein at Bimini Bahamas The authors discoveries of correlations between a 2002 arctic earthquake and the eruption of torrid area volcanoes the dropping of atom bombs in 1945 and a significant increase in sunspots following and the peaceable nature of Europe in 1645 1715 and the period s near total lack of sunspots Cayce readings implied or predicted all three phenomena The first ever analysis of the sources of Cayce s channeled readings including a ranking of the veracity and reliability of the most important Earth changes and pole shift readings Moralistic reasons for future catastrophic geophysical changes to Japan China and America Locations of post pole shift safety lands in Canada and America Locations of the records of the Atlantean civilization to be found when Earth changes begin How to awaken to the New Cycle presently opening before humanity

Evidence for Atlantis in the mid Atlantic ridge area and for Lemuria or Mu in the Pacific The consuming religious war in which we find ourselves and an answer to world conditions today Visions of an imminent Age ending fire as found in a Cayce reading in a channeled book by Phyllos the Tibetan and in the 1960s visions of girls at Garabandal Spain Doubtful interpretations of Earth changes and pole shift readings advanced by managers and writers of Cayce s legacy organization the Association for Research and Enlightenment Inc From the Foreword by the Editor The acid test of pole shift and other Earth change predictions is their scientific credibility If true momentous societal and political changes are imminent The geopolitical map of the world will be redrawn The authors are exploring the transition from the end of one Age to the beginning of another

Vanished Islands and Hidden Continents of the Pacific Patrick D. Nunn, 2008-10-31 Islands as well as entire continents are reputed to have disappeared in many parts of the world Yet there is little information on this subject concerning its largest ocean the Pacific Over the years geologists have amassed data that point to the undeniable fact of islands having disappeared in the Pacific a phenomenon that the oral traditions of many groups of Pacific Islanders also highlight There are even a few instances where fragments of Pacific continents have disappeared becoming hidden from view rather than being submerged In this scientifically rigorous yet readily comprehensible account of the fascinating subject of vanished islands and hidden continents in the Pacific the author ranges far and wide from explanations of the region s ancient history to the meanings of island myths Using both original and up to date information he shows that there is real value in bringing together myths and the geological understanding of land movements A description of the Pacific Basin and the ups and downs of the land within its vast ocean is followed by chapters explaining how long before humans arrived in this part of the world islands and continents that no longer exist were once present A succinct account is given of human settlement of the region and the establishment of cultural contexts for the observation of occasional catastrophic earth surface changes and their encryption in folklore The author also addresses the persistent myths of a sunken continent in the Pacific which became widespread after European arrival and were subsequently incorporated into new age and pseudoscience explanations of our planet and its inhabitants Finally he presents original data and research on island disappearances witnessed by humans recorded in oral and written traditions and judged by geoscience to be authentic Examples are drawn from throughout the Pacific showing that not only have islands collapsed and even vanished within the past few hundred years but that they are also liable to do so in the future

Sacred Symbols of Mu James Churchward, 2017-12-29 Mu was a lost continent in the Pacific Ocean which was destroyed in a global cataclysm tens of thousands of years ago Mu was the original home of mankind and all subsequent civilizations descended from it The Pacific islands and their inhabitants are supposed to be the last survivors of this primordial motherland Churchward s Mu was a huge continent which stretched from Micronesia in the West to Easter Island and Hawaii in the East He also believed in a literal mid Atlantic Atlantis He proposed a global network of huge gas filled caverns which if vented could cause large areas

of land to be submerged He claimed that while posted in India he befriended a priest Rishi who revealed to him ancient tablets written in an otherwise unknown language The Rishi taught him how to read this language Naacal The tablets described the land of Mu the Lemuria of the Theosophists He also claimed that he was able to discern writing from Mu on a mysterious set of tablets discovered in Mexico by an explorer named William Niven *The Revised, Indexed and Complete Book of the Anunnaki-Ulema Final Warning to Humanity, the End of Time, and the Return of the Anunnaki* In 2022 Germain Lumiere/ Maximillien de Lafayette,2010-04-23 The Revised Indexed and Complete Book of the Anunnaki Ulema Final Warning to Humanity the End of Time and the Return of the Anunnaki in 2022 The Grays creation of a hybrid human race and the final clash between extraterrestrials and Earth Detailed descriptions of 1 When and how the Anunnaki will return to Earth 2 Areas countries of their landing 3 What their agenda is 4 What they are going to do to the human race 5 Who is going to be saved and or killed 6 Their spaceships and stargates Ba abs over major cities 7 The 2022 major arrival of the Anunnaki to Earth and their clash with humans 8 Holographic pictures showing the entire sequence of the Roswell crash 9 Inside the Dulce Base 10 The Anunnaki s classification of Humanity into three groups regarding their level of contamination 11 United States Protocol on the Extraterrestrial visit to Earth in 2022 12 United States Government publications on extraterrestrial invasions Facing the Pacific Jeffrey A. Geiger,2007-04-30 The enduring popularity of Polynesia in western literature art and film attests to the pleasures that Pacific islands have over the centuries afforded the consuming gaze of the west connoting solitude release from cares and more recently self renewal away from urbanized modern life Facing the Pacific is the first study to offer a detailed look at the United States intense engagement with the myth of the South Seas just after the First World War when at home a popular vogue for all things Polynesian seemed to echo the expansion of U S imperialist activities abroad Jeffrey Geiger looks at a variety of texts that helped to invent a vision of Polynesia for U S audiences focusing on a group of writers and filmmakers whose mutual fascination with the South Pacific drew them together and would eventually drive some of them apart Key figures discussed in this volume are Frederick O Brien author of the bestseller *White Shadows in the South Seas* filmmaker Robert Flaherty and his wife Frances Hubbard Flaherty who collaborated on *Moana* director W S Van Dyke who worked with Robert Flaherty on MGM s adaptation of *White Shadows* and Expressionist director F W Murnau whose last film *Tabu* was co directed with Flaherty Buried Cities, Forgotten Gods Robert Sigfrid Wicks,Roland H. Harrison,1999 Niven was planning a book about his experiences but never completed it owing to ill health The result of twenty years research *Buried Cities Forgotten Gods* offers a well illustrated and vivid first hand account through Wicks and Harrison s selection of photographs and stories from Niven s own extensive writings and those of people with whom he worked BOOK JACKET *The Scythians* Dennis James Watson,2016-10-12 The majority of people on Earth are racially mixed largely due to ancient historic clashes between blacks and whites All the ancient nations of antiquity were black The present political situation of blacks in America is due to their lack of knowledge of war

philosophy and the use of force and violence in the social organization of the state as well as the liberation of colonial oppression here and in Africa The book shows a white falsification of history There is a war being waged against black people in America and in Africa to maintain an insidious global white supremacy **Ithihaasa** Bhaktivejanyana Swami,2013 Dr Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwin s nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwin s theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasn t the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of life we are traveling in bodies that are like machines provided by material nature Contesting Earth's History in Transatlantic Literary Culture, 1860-1935 Richard Fallon,2025-02-14 By the mid nineteenth century geologists and palaeontologists had reconstructed an authoritative narrative of Earth s deep history from the planet s molten origins to the rise of humanity Many figures in transatlantic science across subsequent decades however had problems with this narrative it was too secular inhuman and evolutionary or controlled too exclusively by elite scientists Speaking from palaeoscience s unevenly professionalized and controversy racked borders Christian fundamentalists charismatic psychics and respected scholars alike voiced their objections Until now no study has brought their work together for detailed comparative analysis Spanning from the 1860s to the interwar decades Contesting Earth's History examines the fascinating stories of five significant examples of fringe or borderline palaeoscience old and young earth creationism hollow earth theory clairvoyant time travel and sunken continent catastrophism Innovatively combining methods from literary studies with the history of science this book attends not just to the conceptual content of these strange sciences but also to their proponents

communication of truth claims through diverse genres ranging from the scientific textbook and the technical monograph to the lost world romance and the epic poem By paying close attention to the hitherto overlooked textual forms and literary strategies of these works of pseudoscience this volume throws into relief the variant conceptions of audience evidence and method that jostled and competed in wider scientific culture during this period It also demonstrates that for all their diversity authors of borderline palaeoscience shared the desire to shift the balance of power creating textual spaces where exclusive hierarchies of scientific expertise could be levelled away These conjurors of lost worlds often captivated wide audiences and many of their bizarre astonishing and iconoclastic ideas remain with us to this day Some even inspired early science fiction by the likes of H P Lovecraft and Edgar Rice Burroughs Hijacking geologists and palaeontologists longstanding effort at making the prehistoric past visible authors on the borderlines of palaeoscience asserted their right to scientific authority and encouraged readers to gaze into time s abyss with bold new eyes
