LOST TRIBES AND SUNKEN CONTINENTS ,1962 *The Ten Lost Tribes* Zvi Ben-Dor Benite,2013-11 In *The Ten Lost Tribes* Zvi Ben Dor Benite shows for the first time the extent to which the search for the lost tribes of Israel became over two millennia an engine for global exploration and a key mechanism for understanding the world **Invented Knowledge** Ronald H. Fritze,2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in *Invented Knowledge* reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole *Encyclopedia of Dubious Archaeology* Kenneth L. Feder,2010-10-11 This book provides a fascinating encyclopedic antidote for the mysticism and pseudoscience surrounding well known or highly publicized archaeological and anthropological discoveries Archaeology attempts to answer the question where do we come from in the broadest sense possible as a result it is a highly interesting topic for all mankind When did human beings first walk the earth How did civilization develop What compelled our human ancestors to build things like the pyramids the Great Sphinx or Monk s Mound This book presents the widely unknown scientific facts behind the most popular and enthralling mysteries of our world from an expert archaeological perspective and lays out the information and research in a manner that is approachable engaging and entertaining for any reader *Encyclopedia of Dubious Archaeology* From Atlantis to the Walam Olum contains detailed and highly descriptive definitions for and explanations of terms related to extraordinary claims about human antiquity and its study Some of the terms in this extensive list of topics relate to archaeological hoaxes Many of the entries relate to dubious interpretations of the human past some of the terms relate to far fetched arguments that actually have produced evidence in support of their veracity **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1964 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December *The Miami Indians* Bert Anson,1970 One of the small group of tribes comprising the Illinois division of the Algonquian linguistic family the Miamis emerged as a pivotal tribe only during the French and British imperial wars the Miami Confederacy wars of the eighteenth century and the treaty making period of the

nineteenth century The Miamis reached their peak of political importance in the Indian confederacies which blocked the Northwest Territory in the 1790 s and during the War of 1812 Their title to much of the present state of Indiana enabled them to make advantageous treaties and delay emigration until the late 1840 s The tribe s 1846 47 emigrations produced two branches the Indiana group and the Kansas Oklahoma group which have maintained political co operation in spite of deep seated cultural antipathies and dispossession Their solidarity has been rewarded by success in their suits before the United States Court of Claims This account spans the years from 1658 to the present emphasizing the occasions on which the Miamis were a decisive influence on the course of American history
