**Ships and Shipwrecks of the Early Stuart Dynasty** James D. Taylor Jr.,2023-10-01 This unique book encompasses in a single volume data including lists of ships and ship types in the service of King James I and Charles I as well as the East India Company The bare facts are enlivened by logs and narratives from shipwreck survivors relating the perils of seeking the Northwest Passage or sailing to India The author has found that many facts have been distorted on informative websites as a result of incomplete and embellished information This book attempts to correct those errors For each of the wrecks contained in this book Mr Taylor has attempted if the wording of the documents is ambiguous to determine the fate of these ships based on only the facts as they were recorded at the time If in doubt he would explain his reasoning In his efforts to collect and share all sailing and wreck related data in this volume Mr Taylor has reviewed hundreds of electronic and hard copy manuscript archival collections and travelled to view rare and wonderful sometimes hand illuminated manuscripts that have not been digitized However as much as he would like to believe he has uncovered everything it is easy to imagine that more details could come to light at some time Treasure has different meanings to different people Some of these wrecks contain Spanish reales pieces of 8 jewels gold and silver bars that could not be recovered at the time and have since been forgotten Written records of such events were reviewed by fewer people over the centuries and ended up buried in dark archives until now But some of us define treasure as knowledge ensuring that facts are presented correctly to future generations This is the goal Mr Taylor strives for in these volumes

*Outrageous Seas* Rainer Baehre,1999 Outrageous Seas is about that time and about the harrowing almost mythic experience of shipwreck near shipwreck and survival in waters off Newfoundland

wind that blew nobody any good Lords of manors local officials officers of the Admiralty and coastal commoners competed for maritime cargoes and the windfall of wreckage which they regarded as providential godsend or entitlements by right A varied haul of commodities wines furnishings and bullion came ashore much of it claimed by the crown The people engaged in salvaging these wrecks came to be called wreckers and gained a reputation as violent and barbarous plunderers Close attention to statements of witnesses and reports of survivors shows this image to be largely undeserved Dramatic evidence from previously unexplored manuscript sources reveals coastal communities in action collaborating as well as competing as they harvested the bounty of the sea **Federal Register** ,1999-11-18 **The Great Museum of the Sea** James P.
