The First Hollywood Sound Shorts, 1926-1931 Edwin M. Bradley, 2009-05-11 This study of early sound shorts begins with an explanation of the development of sound motion pictures in Hollywood by such influential companies as Warner Bros and Fox with an emphasis on short subjects leading up to the first few months when all of the major studios were capable of producing them The next chapters discuss the impact on other mass entertainments the development of audible news reels and other non fiction shorts as well as the origins of animated sound subjects A comprehensive list of pre 1932 American made shorts completes the volume

Keaton's Silent Shorts Gabriella Oldham, 2010-08-20 Filling a major gap in the critical canon Keaton's Classic Shorts Beyond the Laughter chronicles the rapid growth in the filmmaker's understanding of what makes both comedy and film successful Keaton developed his major themes in these nineteen silent short films shot between 1920 and 1923 creating his persona Buster with his trademark stone face These short films clearly indicate Keaton's love of the camera and his concern for composition symmetry and images that delight the eye and startle the mind Oldham reconstructs each of these rarely seen films to enable the reader to watch Keaton's performance devoting a separate chapter to each She analyzes each film's strengths weaknesses and prevalent themes and threads She also enables readers to plumb the depths of what seems to be surface comedy through philosophical biographical historical and critical commentary thus linking the shorts together into a cohesive study of Buster Keaton's growth through his three year independent venture as a filmmaker Beyond the laughter and beyond the great stone face Oldham presents a treasure of cinema comedy and a unique philosophy of life as captured by a great filmmaker
