Louis H. Sullivan Architectural Ornament Collection, Southern Illinois University at Edwardsville Louis H. Sullivan, Southern Illinois University at Edwardsville, 1981 *Louis H. Sullivan and a 19th-Century Poetics of Naturalized Architecture* Lauren S. Weingarden, 2017-07-05 For most of the twentieth century modernist viewers dismissed the architectural ornament of Louis H Sullivan 1856 1924 and the majority of his theoretical writings as emotional outbursts of an outmoded romanticism In this study Lauren Weingarden reveals Sullivan s eloquent articulation of nineteenth century romantic practices literary linguistic aesthetic spiritual and nationalistic and thus rescues Sullivan and his legacy from the narrow role imposed on him as a pioneer of twentieth century modernism Using three interpretive models discourse theory poststructural semiotic analysis and a pragmatic concept of sign functions she restores the integrity of Sullivan s artistic choices and his historical position as a culminating figure within nineteenth century romanticism By giving equal weight to Louis Sullivan s writings and designs Weingarden shows how he translated both Ruskin s tenets of Gothic naturalism and Whitman s poetry of the American landscape into elemental structural forms and organic ornamentation Viewed as a site where various romantic discourses converged Sullivan s oeuvre demands a cross disciplinary exploration of each discursive practice and its rules of accumulation exclusion reactivation The overarching theme of this study is the interrogation and restitution of those Foucauldian rules that enabled Sullivan to articulate architecture as a pictorial mode of landscape art which he considered co equal with the spiritual and didactic functions of landscape poetry **Louis H. Sullivan architecture ornament collection** Southern Illinois University at Edwardsville, 1981 **Louis Sullivan** Hugh Morrison, 2001-07-31 The first definitive biography of the now famous architect Hugh Morrison s Louis Sullivan Prophet of Modern Architecture is still the best introduction to his work This reissue provides Morrison s original text and illustrations in a larger more modern format It also offers an assessment of Morrison s ground breaking research in Timothy J Samuelson s Introduction and most important an authoritative revision of the chronological List of Buildings including corrections of the data in light of six decades of research Working from Morrison s original notes Samuelson has restored a number of photographic images intended for the original edition and has replaced some photographs with alternate images that more accurately represent the buildings He has also added a selected bibliography of important works about Sullivan Page 4 of cover **Louis Henry Sullivan** Mario Manieri-Elia, Louis H. Sullivan, 1996 Louis Henry Sullivan traces his life and oeuvre It addresses his most famous buildings including the Auditorium Building in Chicago the Wainwright Building in Saint Louis the Guaranty Building in Buffalo and the National Farmers Bank in Owatonna Minnesota and reveals many of his lesser known projects to be underappreciated masterpieces For the first time Sullivan s work which has often been misappropriated is explored in its historical and theoretical context **LOUIS H. SULLIVAN ARCHITECTURAL ORNAMENT COLLECTION.**, 1981 LOUIS SULLIVAN AND HIS MENTOR, JOHN HERMAN EDELMANN, ARCHITECT Charles E. Gregersen Aia

Ncarb,2013 Although the world famous architect Louis Sullivan praised John Edelmänn at length as a friend philosopher gifted draftsman and above all as his benefactor in his *The Autobiography of an Idea* he avoided any mention of having worked for two years as an apprentice in Edelmänn's architectural office and the influence that experience obviously had on his future work This book corrects that deficiency in Sullivan's narrative Through a comparison of their buildings and ornamental designs the differences in the approaches of these two men to architectural planning and the debt Sullivan owed to Edelmänn's unique ornamental style in the development of his own world renowned ornament is demonstrated Edelmänn is also revealed as the young architect who not only took Sullivan on as an apprentice but in time introduced him to his future partner Dankmar Adler only to be betrayed in the end by Sullivan for having done so **Louis Henry Sullivan** Hans

brief life is one of the unsung heroes of Chicago architecture. He was not an architect himself nor a designer. He simply took pictures but what pictures. He was for want of a better description one of the most sensitive of architectural photographers. More than that his life and ironically tragically and poetically his death were fused to Chicago architecture. How he died tells us how he lived for the beauty in the works of Sullivan, Wright and the others. His story is one that must be told. Studs Terkel author. He was completely understanding of architecture and genius and of the quality of the work he was dealing with. He was single minded in his pursuit and dedication to quality in history art and architecture. That is an increasingly rare quality. Ada Louise Huxtable former New York Times architecture critic. Richard was an excellent photographer sensitive and intelligent and a very good craftsman. John Szarkowski former Director Photography Museum of Modern Art New York. Richard Nickel was one of those who saw architecture and who passionately and skillfully pursued its portrayal. He was one of a very small number and to make his work known would be a fundamental service to architects students and teachers as well as to the art of architecture. Edgar Kaufmann Jr architectural historian.
