[White Women, Rape, and the Power of Race in Virginia, 1900-1960](#) Lisa Lindquist Dorr, 2005-12-15 For decades historians have primarily analyzed charges of black on white rape in the South through accounts of lynching or manifestly unfair trial proceedings suggesting that white southerners invariably responded with extralegal violence and sham trials when white women accused black men of assault Lisa Lindquist Dorr challenges this view with a careful study of legal records newspapers and clemency files from early twentieth century

Virginia White Virginians inflammatory rhetoric she argues did not necessarily predict black men's ultimate punishment. While trials were often grand public spectacles at which white men acted to protect white women and to police interracial relationships, Dorr points to cracks in white solidarity across class and gender lines. At the same time, trials and pardon proceedings presented African Americans with opportunities to challenge white racial power. Taken together, these cases uncover a world in which the mandates of segregation did not always hold sway in which whites and blacks interacted in the most intimate of ways and in which white women and white men saw their interests in conflict. In Dorr's account, cases of black on white rape illuminate the paradoxes at the heart of segregated southern society: the tension between civilization and savagery, the desire for orderly and predictable racial boundaries despite conflicts among whites and relationships across racial boundaries, and the dignity of African Americans in a system dependent on their supposed inferiority. The rhetoric of protecting white women spoke of white supremacy and patriarchy, but its practice revealed the limits of both.

Interracial Intimacy Rachel F. Moran, 2001. Crossing disciplinary lines, Moran looks in depth at interracial intimacy in America from colonial times to the present. She traces the evolution of bans on intermarriage and explains why blacks and Asians faced harsh penalties while Native Americans and Latinos did not. She provides fresh insight into how these laws served complex purposes: why they remained on the books for so long and what led to their eventual demise. As Moran demonstrates, the United States Supreme Court could not declare statutes barring intermarriage unconstitutional until the civil rights movement, coupled with the sexual revolution, had transformed prevailing views about race, sex, and marriage.

Working through Whiteness Cynthia Levine-Rasky, 2012-02-01. What is whiteness? What is gained by claiming it as a critical perspective in anti-racism work? How do whiteness studies both redeem and assert the white subject? *Working through Whiteness* explores these questions through essays by Canadian, American, British, and Australian scholars reflecting the broad array of academic inquiry into whiteness in the areas of law, ethics, education, feminism, politics, psychology, sociology, criminology, and social geography. Rarely has knowledge of whiteness as the practice of social domination been drawn from this far and wide. By embracing the leading edge in critical theory, this book is a crucial addition to the growing literature on whiteness.

The African-American Male Jacob U. Gordon, 1999-07-30. The plight of the Black male in American society has been well documented by scholars and practitioners. Although Black males represent only 6 percent of the American population, they represent about 40 percent of the prison population; the number of Black males in prison and jail exceeds the number of Black males in higher education. The homicide rates for Black males were 72.5 percent per 100,000, nearly eight times higher than for White males. This bibliographic volume explores the extent to which American academia has addressed these problems. It will be an invaluable resource for researchers as well as practitioners in social service programs. In addition to more than 400 annotated publications, the book includes a selected list of works on the African American male and a compilation of doctoral dissertations. This publication will serve as a reference in public as well as academic libraries.

Uncontrollable Blackness Douglas J. Flowe,2020-05-12 Early twentieth century African American men in northern urban centers like New York faced economic isolation segregation a biased criminal justice system and overt racial attacks by

police and citizens In this book Douglas J Flowe interrogates the meaning of crime and violence in the lives of these men whose lawful conduct itself was often surveilled and criminalized by focusing on what their actions and behaviors represented to them He narrates the stories of men who sought profits in underground markets protected themselves when law enforcement failed to do so and exerted control over public commercial and domestic spaces through force in a city that denied their claims to citizenship and manhood Flowe furthermore traces how the features of urban Jim Crow and the efforts of civic and progressive leaders to restrict their autonomy ultimately produced the circumstances under which illegality became a form of resistance Drawing from voluminous prison and arrest records trial transcripts personal letters and documents and investigative reports Flowe opens up new ways of understanding the black struggle for freedom in the twentieth century By uncovering the relationship between the fight for civil rights black constructions of masculinity and lawlessness he offers a stirring account of how working class black men employed extralegal methods to address racial injustice

Neither Black Nor White Yet Both Werner Sollors, 1999 Why can a white woman give birth to a black baby while a black woman can never give birth to a white baby in the United States What makes racial passing so different from social mobility Why are interracial and incestuous relations often confused or conflated in literature making miscegenation appear

as if it were incest Werner Sollors examines these questions and others in *Neither Black nor White yet Both* a fully researched investigation of literary works that in the past have been read more for a black white contrast of either or than for an interracial realm of neither nor both and in between From the origins of the term race to the cultural sources of the Tragic Mulatto and from the calculus of color to the retellings of various plots Sollors examines what we know about race analyzing recurrent motifs in scientific and legal works as well as in fiction drama and poetry **Home Town** Tracy

Amalgamation Schemes Jared Sexton,2008 In this analysis Sexton pursues a critique of contemporary multiracialism from the splintered political initiatives of the multiracial movement to the academic field of multiracial studies to the melodramatic media declarations about the browning of America He contests the rationales of colorblindness and multiracial exceptionalism and the promotion of a repackaged family values platform in order to demonstrate that the true target of multiracialism is the singularity of blackness as a social identity a political organizing principle and an object of desire From this vantage Sexton interrogates the trivialization of sexual violence under chattel slavery and the convoluted relationship

between racial and sexual politics in the new multiracial consciousness BOOK JACKET Claiming Place Marion Kilson, 2000-11-30 Born in the 1960s the middle class Biracial Americans of this study are part of a transitional cohort between the hidden biracial generations of the past and the visible blended generations of the future As individuals they have variously dealt with their ambiguous status in American society as a generation they share common existential realities in relation to White culture During the last decade of the 20th century public awareness of mixed race Americans increased significantly in no small part because there has been a substantial increase in interracial marriages and offspring since 1960 This study based on ethnographic interviews provides an historical overview of the study of Biracial Americans in the social sciences a sociological profile of project participants sociocultural discussions of family and race as well as racial identity choices and examinations of racial realities in adult lives and of recurrent systemic and personal life themes The textual part of the book demonstrates the diversity of perception and experience regarding race and identity of these biracial young adults The Epilogue not only reviews major findings pertaining to this transitional generation of Biracial Americans but discusses biraciality and the deconstruction of race in contemporary American society An extensive bibliography of popular and scholarly sources concludes the book New Books on Women and Feminism , 1996 **Historical Dictionary of New England** Peter C.
