Disney's Magic Eye N. E. Thing,1995-05 **Life in Five Senses** Gretchen Rubin,2024-04-30 NEW YORK TIMES BESTSELLER The author of The Happiness Project discovers a surprising path to a life of more energy creativity luck and love by tuning in to the five senses Life in Five Senses invites us into the seismic shift toward a life grounded in sensation vitality and innate intelligence GLENNON DOYLE author of Untamed An inspiring and practical guide to living in the moment SUSAN CAIN author of Bittersweet and Quiet For more than a decade

Gretchen Rubin had been studying happiness and human nature. Then one day a visit to her eye doctor made her realize that she'd been overlooking a key element of happiness: her five senses. She'd spent so much time stuck in her head that she'd allowed the vital sensations of life to slip away unnoticed. This epiphany lifted her from a state of foggy preoccupation into a world invigorated by seeing, hearing, smelling, tasting, and touching. In this journey of self-experimentation, Rubin explores the mysteries and joys of the five senses as a path to a happier, more mindful life. Drawing on cutting-edge science, philosophy, literature, and her own efforts to practice what she learns, she investigates the profound power of tuning in to the physical world. From the simple pleasures of appreciating the magic of ketchup and adding favorite songs to a playlist to more adventurous efforts like creating a daily ritual of visiting the Metropolitan Museum of Art and attending a flavor university, Rubin shows us how to experience each day with depth, delight, and connection. In the rush of daily life, she finds our five senses offer us immediate, sustainable ways to cheer up, calm down, and engage the world around us, as well as ways to glimpse the soul and touch the transcendent. *Life in Five Senses* is an absorbing, layered story of discovery filled with profound insights and practical suggestions about how to heighten our senses and use our powers of perception to live fuller, richer lives and ultimately how to move through the world with more vitality and love. **Picturing the Postcard** Monica Cure, 2018-12-18 The first full-length study of a once-revolutionary visual and linguistic medium. Literature has died many times; this book tells the story of its death by postcard. *Picturing the Postcard* looks to this unlikely source to shed light on our collective, modern-day obsession with new media. The postcard, almost unimaginably now produced at the end of the nineteenth century, the same anxieties and hopes that many people think are unique to twenty-first-century social media such as Facebook or Twitter. It promised a newly connected social world accessible to all and threatened the breakdown of authentic social relations and even of language. Arguing that new media is as much a discursive object as a material one and that it is always in dialogue with the media that came before it, Monica Cure reconstructs the postcard's history through journals, legal documents, and sources from popular culture, analyzing the postcard's representation in fiction by well-known writers such as E. M. Forster and Edith Wharton and by more obscure writers like Anne Sedgwick and Herbert Flowerdew. Writers deployed uproar over the new medium of the postcard by Anglo-American cultural critics to mirror anxieties about the changing nature of the literary marketplace, which included the new role of women in public life, the appeal of celebrity, and the loss of privacy, an increasing dependence on new technologies, and the rise of mass media. Literature kept open the postcard's possibilities and in the process reimagined what literature could be. The World Almanac and Book of Facts, 1995
