Enchantment By Dr Blackie s definition a vivid sense of belongingness to a rich and many layered world a profound and whole hearted participation in the adventure of life Enchantment is a natural spontaneous human tendency one we possess as children but lose through social and cultural pressures as we grow older It is an attitude of mind which can be cultivated the enchanted life is possible for anyone It is intuitive embraces wonder and fully engages the mythic imagination but it is also deeply embodied in ecology grounded in place and community To live this way is to be challenged to be awakened to be gripped and shaken to the core by the extraordinary which lies at the heart of the ordinary American Book Publishing Record ,1998 *The Enchanted Castle* Edith Nesbit,2024-11-23 Then came a glimmer of daylight that grew and grew and presently ended in another arch that looked out over a scene so like a picture out of a book about Italy that everyone s breath was taken away and they simply walked forward silent and staring A short avenue of cypresses led widening as it went to a marble terrace that lay broad and white in the sunlight The children blinking leaned their arms on the broad flat balustrade and gazed Immediately below them was a lake just like a lake in The Beauties of Italy a lake with swans and an island and weeping willows beyond it were green slopes dotted with groves of trees and amid the trees gleamed the white limbs of statues Against a little hill to the left was a round white building with pillars and to the right a waterfall came tumbling down among mossy stones to splash into the lake Steps fed from the terrace to the water and other steps to the green lawns beside it Away across the grassy slopes deer were feeding and in the distance where the groves of trees thickened into what looked almost a forest were enormous shapes of grey stone like nothing that the children had ever seen before That chap at school said Gerald It is an enchanted castle said Kathleen I don t see any castle said Jimmy What do you call that then Gerald pointed to where beyond a belt of lime trees white towers and turrets broke the blue of the sky Wishes and Whispers Johann Solovev,2023-08-26 Delve into a realm of enchantment and wonder with this collection of bedtime tales designed to whisk young minds off into a world of imagination before they drift into slumber Within the pages of this captivating book children will discover a tapestry of timeless stories that transport them to distant lands where bravery kindness and curiosity reign supreme Each story within these pages weaves a magical narrative offering young readers the chance to embark on whimsical adventures and encounter characters who exemplify the virtues of friendship determination and compassion As the sun sets and the stars twinkle in the night sky these tales unfold inviting children to join characters on their quests experience moments of joy and discovery and witness the power of imagination From moonlit forests to hidden valleys and

beyond these tales capture the essence of childhood wonder and the joy of exploration With every turn of the page young readers will be captivated by the allure of the unknown and inspired by the heartwarming lessons these stories impart Whether it s a tale of a daring journey a clever riddle or a heartwarming encounter these bedtime stories offer a perfect way to end the day with a sense of magic and anticipation filling young hearts with dreams of adventures yet to come This collection is a treasure trove of stories that will leave children feeling comforted inspired and ready to drift into a peaceful slumber knowing that even as they close their eyes the world of imagination remains wide open

**The Enchanted Castle** E. Nesbit,2018-04-02T03:44:34Z The Enchanted Castle is a novel for young readers by Edith Nesbit who was writing in the late Victorian and early Edwardian era in Britain As in her other children s books it begins in the everyday world but quickly brings in the fantastical and magical A large part of the delight of Nesbit s books is that her children behave in quite ordinary ways getting into scrapes getting dirty and their clothes torn making decisions which seem right to them at the time but which are generally wrong headed It s the contrast between the ordinariness of the children and the magical adventures they become involved in which makes the books so charming The Enchanted Castle was originally serialized in The Strand Magazine alongside stories by Rudyard Kipling and Arthur Conan Doyle The first book edition was published in 1907 In the story Kathleen and her brothers Gerald and Jimmy find a way into a remarkable garden designed to create a Palladian landscape full of statues and pseudo Classical temples and buildings It is not long before they come across a sleeping Princess They wake her and she introduces them to an item of real magical value a ring which makes its wearer invisible But once on the ring won t come off Those of my readers who have gone about much with an invisible companion will not need to be told how awkward the whole business is comments the author which is indicative of the simple and direct language she uses and the humor of the books Even the invisibility ring however is not quite as simple as it seems and many interesting and amusing adventures follow This book is part of the Standard Ebooks project which produces free public domain ebooks

actually granting their own wishes and that the disturbing results stem from their failure to specify those wishes precisely. The Enchanted Castle was written for both children and adults. It combines descriptions of the imaginative play of children with a magic more muted than in her major fantasies.
